Capture of a Guerilla Band in North Carolina.

GENERAL MEADE AND THE ARMY OF THE POTOMAC.

The Exchange of Prisoners Stopped.

CAPTURE OF SUFFOLK, VA., BY UNION FORCES

FORTRESS MONROE, March 12 .- On the 9th inst. an advance was made on Suffolk, by the 2d Colored Cavalry, Colonel Cole.

The Colonel, with seven companies, advanced on the southern road, Lieutenant-Colonel Pond, with two companies, in advance, and Lieutenant Snyder, with one company, on the South Quarry road. Lieut. S. first encountered the enemy, consisting of Ransom's entire brigade of infantry, cavalry and artillery, Ransom commanding in person.

Lieut. S. sent a courier to Col. Cole, who went to his assistance, and met the enemy at Suffolk, where a severe fight of one hour took place. Col. Cole shot the commander of the rebel cavalry, and attempted to cover the retreat of Lieutenant-Colonel Pond, but the enemy with their superior numbers, intercepted him, forcing him to retire across the Jericho canal. where he reorganized.

Lt.-Col. Pond came up the Sommerton road. attacking the enemy in the rear, and Col. Cole in front, thereby cutting their way through the enemy's ranks, saving their command.

Deserters say the enemy had 65 men killed. Our loss, killed, wounded and missing, was 29. Lt. Van Lew, 2d colored cavalry, was killed. Lt.-Col. Pond had his horse shot from under

Our men behaved most courageously. Benjamin Hunt, bugler, Company A, went into the

fight, killing several of the enemy. The enemy retreated, and are now across the Black Water, evidently expecting our reinforcements near at hand, which was the case, as Gen. Heckman, with his command, arrived in Suffolk as promptly as the cars could convey

Our forces now hold possession of Suffolk.

FROM NORTH CAROLINA. Newbern, March 8.—Gen. Peck has issued an order prohibiting the sending of information to the Northern press by any person in North Carolina, other than authorized correspondents. The army gunboat Foster with a detachment of the 101st Pennsylvania Regiment, surprised a guerilla camp at Fairfield, and captured the whole company.

GENERAL MEADE. WASHINGTON, March 14.—The National Intelligencer, of this morning, says: "Rumors, evidently founded upon misapprehensions, having obtained currency to the effect that the health of General Meade had become so much impaired as to induce his resignation of the command of the Army of the Potomac, and gone so far as to designate his successor, we are happy to be able to state as we do, on good authority, that this distinguished officer has entirely recovered from his recent indisposition, and that he has never entertained the remotest intention of retiring from a position' in which, we may add, he has secured the confidence of the country and army, and where he has earned such high military reputation.

"The recent visits of General Meade to this city, as we understand, have been for the purpose of consultation and to give testimony before the Committee on the Conduct of the War, and not in view of any contemplated separation from his command. He was expected to return this morning to the army."

THE EXCHANGE OF PRISONERS STOPPED. Washington, March 14 .- The Chronicle says "Gen. Wadsworth left this city for Fortress Monroe, yesterday, with orders from the War Department to stop all exchanges of prisoners upon the basis recently acted on by the rebels, by which one hundred rebel prisoners are exchanged for every seventy-five of ours in poszession of the rebel authorities.

"General Wadsworth has been instructed to state that no more prisoners will be exchanged except upon the principle of man for man, and that too without regard to color."

## FROM WASHINGTON.

[Special Despatch to the Bulletin.] WASHINGTON, March 14 .- The statement that Gov. Bramlette, of Kentucky, protests against the enrollment of slaves in Kentucky, is correct. The Government, it is believed, will not retreat from the position it has deliberately

FIRE IN FRANKLIN SQUARE.—The alarm of fire about five o'clock this morning, was caused by the burning of the tool house in Franklin Square. The fire was undoubtedly the work of an incendiary. In connection with this matter, we may state that when the new Superintendant took charge of the Square on the let instant, he found a great scarcity of tools and implements generally used in the public squares. A large ladder, a wheelbarrow, the large flag, and study other articles were missing. Nearly all the squirrels have disappeared and certain parties have been heard to boast of having had some very good potples. The person or persons who committed these depredations, it is supposed, attempted to complete the work this morning by destroying the remaining articles in the square. All the benches were piled up around the tool house, but they were saved through the exertions of the police. The houre and contents were totally destroyed, and from the quick manner in which the flames burst forth, it is judged that some fluid combustible was used by the incendiary.

Robbert and Arrest.—Yesterday afternoon

ROBBERY AND ARREST.—Yesterday afternoon about four o'elock, the dwelling of a lady named Corson, on Twelfth street below Spruce, was entered by scaling the fence and forcing the door. The occupants were at church, and the thieves took occasion to completely ransack the premises Bureau drawers were broken open and \$700 in gold and \$90 in notes and several articles of jewelry were carried off. A colored woman who observed the thieves, gave the alarm and a policeman was soon obtained. The rascals ran and were pursued. After a short chase two were captured and proved to be Albert Wise and Charles White. Upon the person of the laster all the gold, some skeleton keys and a jimmy were found. Upon Wise the bank notes were found. During the chase, White is said to have attempted to strike several citizens with a billy, and Wise is alledged to have drawn a pistol. The prisoners were locked up in the Fifth District Police Station, and will have a hearing before Alderman Beitler at the Central Station this afternoon. ROBBERY AND ARREST.—Yesterday afternoon

I am happy to add my testimony to the greavilue of the "London Hair Color Restorer," three bottles of which restored my Hair, which was very gray, to its original dark color, and the hue appears to be permanent. I am satisfied that the preparation is nothing like a dye, but operates upon the secretions. It is also a beautiful Hair dressing. FINANCE AND BUSINESS-MARCH 14, 1864 The stock market this morning, under the influence of lower quotations in New York and a reported disagreement between the President of the Schuylkill Navigation Company and the boatmen of the Canal. fell off from \$1 to \$3 per share. Reading suffered heavily, and at one time stood at 67%, but later it rallied %. On Saturday these two stocks stood 36% for the former and Reading 70%—a decline of 2% in the latter. Money is said to be more active in New York, but this statement is vehemently contradicted by good authority; so that to arrive at a just cause for the reaction is not easy. In view of the steady rise and enormous profits, a relapse of 2a3 per cent. is not unhealthy. Ronds sympathized, but there was less flurry in the cheap Coal and Mining stocks than might have been expected. Governments are very quiet, and may be quoted at 108% bid 108% asked for 5-20's; U. cago. THE EXCHANGE OF PRISONERS NOT SUS

PENDED. WASHINGTON, March 14.—The statement that the exchange of prisoners was to be susfancy lots-according to quality. Rye Flour is dull pended, the Administration not agreeing to take pleasure in recommending them to the publ General Butler's plan therefor, as made in the Washington Chronicle to-day, is authorized to be denied, with the exception of the single fact that General Wadsworth has left the city, there is not a shadow of foundation for the statement or any portion of it. The Government has no intention whatever of interfering with the business of regulating exchanges, entrusted to General Butler.

There is no change in the Provisions market with a moderate business doing in all kinds.

There is very little demand for Cloverseed; we quote nominally at \$7 15@8—the latter for choice lots. Nothing doing in either Timothy or Flaxseed to alter quotations.

Whiskey is firmer. Small sales of barrels are reported at \$3@85 cents for prime Penna. and Ohio, and 91 cents for drudge. FROM WASHINGTON. 'New Bedford, Mass., Nov. 24, 1863.

Dear Sir.—I have been afflicted many years with severe prostrating cramps in my limbs, cold feet and hands, and a general disordered system. Physicians and medicines failed to relieve me. While visiting some friends in New York who were using Plantation Bitters they prevailed upon me to try them. I commenced with a small wine glassful after dinner. Fee ing better by degrees, in a few days I was astonished to find the coldness and cramps had entirely left me, and I could sleep the night through, which I have not done for years I feel like another being. My appetite and strength have also greatly improved by the use of the Plantation Bitters.

Respectfully,

JUDITH RUSSEL."

The following is from the Manager of the Union Home School for the Children of Volunteers:

"HAVEMEYER MANSION, Fity-seventh, stree, ?

NEW YORK, August 2, 1863. 
DR. DRAKE: Your wonderful Plantstion Bitters have been given to some of our little children suffering from weakness and weak lungs with most happy effect. One little girl, in particular, with pains in her head, loss of appetite, and daily wasting consumption, on whom all medical skill had been exhausted, has been entirely restored. We commenced with but a teaspoonful of Ritters a day. Her appetite and strength rapidly increased, and she is now well.

Respectfully, MRS. O. M. DEVOE." Home School for the Children of Volunteers
