STATIONS have been multiplied, each with its chapel and store tents, free writing tables, and clothing, comforts and reading matter for gratnitous distribution.

A PERMANENT FIELD AGENCY has been sufficiently extended to establish stations and superintend the work.

THE BLESSING OF GOD rests signally on all parts of the work. Many thousands have been

HILTON'S CEMENT.—The Insoluble Cement of the Messrs Hilton Brothers is certainly the best article of the kind ever invented. It should be kept in every manutactory, workshop and house, everywhere. By its use many dollars can be saved in the run of a year. This Cement cannot decompose or become corrupt, as its combination is on scientific principles, and under no circumstances or change of temperature will it emit any offensive smell. The various uses to which it can be successfully applied renders it invaluable to all classes. For particulars see advertisement
