As no portion of the people are more patified than the working men and women of the country, it is but just and proper that they should alike have an opportunity to contribute to the objects of the Fair. The most equival plan for accomplishing this, and, at the same time the easiest one, is to ask for the contri-bution of a single day's labor from all classes in the community. Many will contribute a day of their money. To reach every department of industry and art will be productive of immense results. SCHENCK-Dear S.r: Several months since I was compelled to re-linquish active business pursuits in consequence of a severe cough, contracted by exposure. I placed myself under the treatment of my family physician for a time without apparent relief, and he finally pronounced my lungs diseased, assuring me that it was useless to seek relief from medicines. Be informed me that the only means by which my disease could be overcome was by seeking, through stimulating food and rroper care, to reinvigorate my system; that; if there was sufficient vigor left, 1 might thus regain my health; otherwise, my case was hopeless. At that time I was rapidly failing, and many of my friends thought I was beyond all hope. My cough was very severe, sometimes last-ing for nearly half an hour at a time, with a very copions expectoration, otten accompanied with blood. My appetite was very poor, and my stom-ach so extremely weak that I could scarcely eat any food without being compelled to vonit immedi-ately thereafter. After consulting various physicians without success, a friend advised me to give your medi-cines a trial. In accordance with this advice I visited you, and the examination under your Re-spirometer proved very satisfactory, convincing me that you understood my case perfectly. I en-tered upon the treatment prescribed, and in a short time found great relief. I am now enjoying greatly increasing. It affords me pleasure to make this acknowledg-ment of the benefits I have derived from the use of your medicines, as well as to express my grati-tude therefor; and I freely make this scatement, which you are al liberty to use asyou may deem proper, with the sincere hope that it may be the means of benefiting others who may be suffering from the same disease. one position in society there, and as the amount alleged to have been taken by him was over \$2,000, a great deal of interest was manifested, and there was a large attendance during the trial. The testimony was very full and conclusive against the accused, and the jury had no-difficulty in finding a verdict of guilty. The prisoner maintained an attitude of entire indifference during the trial. Upon the rendition of the verdict, and the remarks and sentence of the Court, although he is not yet twenty-one years of age, the Court stated to him that it was evident he had accomplices who were more guilty than he, and that if he would divulge their names the sentence would be made as light as possible. He refused to do so, and was sentenced to imprisonment to the Penitentiary for eighteen months. No part of the money has been secured by the Company.

Much of this work must be performed by the personal influence and efforts of ladies and gentle-men associated, or to be associated, with the Com-mittee in carrying out the plan. The Committee feel theresponsibility of the work they have undertaken, which, to be successful, will require a very perfect ramification of their plan, and they therefore call upon all earnest peo-ple to assemble themselves together in every town, township and county and form organizations of ladies and gentlemen to co-operate with them in this great work and labor of love. In the mann-facturing counties, the coal and oil regions, and in the agricultural districts, especially, let there be organizations in the larger towns, so that the young people may have an opportunity thus to render assistance to their relatives and friends fighting the battles of their country in the armies of the nation. A day's carnings of the miners, and a day's product of the mines can be obtained, where no portable article could be procured for transportation. Indeed, there is no part or section of these States where the day's labor may not be obtained, if organizations can be

formed to reach them. The Committee cannot close without urging upon all proprietors of establishments the duty of taking prompt and energetic action to secure the benefit of the day of labor from all within their

The Committee deem it unnecessary to do more than thus to present the subject to the people of the three States named. In the coming campaigns of our armies the labors of the Sanitary Commission will be greatly augmented. By the first of June, 700,00% men-one of the largest armies of modern times-will be operaving in the field. So large a force, scattered over regions to which the men are unacclimated, must necessarily carry along with it a large amount of sickness, suffering and death; to say nothing of the gathered horrors of the battle-field. These sufferings it is our bounden duty, as men and Christians, to relieve. A great and enlightened prople, enjoying the blessings of a Government of their own making, cannot reuse assistance to men suffering to maintain its authority, and we will not believe that the GREAT CENTRAL FAIE, drawing its products from the three States of Pennsylvania, New Jersey and Delaware, so afiluent in all mineral, agricultural and industrial wealth, shali fail behind any similar effort which has yet been made for the relief of the nation's children. As it is desirable not to multiply circulars, no further authority than this circular will be neces-rary for any employing firm or company, or any respectable committee of ladies and gentlemen to proceed at once in the work of this committe. Subscriptions will be immediately acknowledged in the newspapers of Philadelphia, and it is very desirable that they commence at once, as each fresh acknowledgment will stimulate further effort. R JOHN C. BAKER has removed from 154 North Third street to 718 MARKET street. Particu-lar attention will be given to the manufacturing and bottling of his celebrated Cod Liver Oil. John C. Baker & Co.'s Medicinal Cod Liver Oil has for many years had a reputation for genuine-ness, freshness purity and sweetness, which has made the demand universal. In this house, 719 Market street, the facilities for obtaining, manu-facturing and bottling are greatly increased, and is all done under the most careful supervision of the original and sole proprietor. This brand of Oil has, therefore, advantages over all others, and recommends itself. JOHN C. BAKER, Wholesale Druggist,
