The following Memorial has been presented to Councils, signed by a number of inflien tal citizens, together with the officers of various prominent institutions:

nent institutions:

To the Select and Common Councils of the City of Philadelphia: The memoria of the subscribers respectfully sheweth, That in 1862 the citizens of Philadelphia and New Jerser memorialized Councils on the subject of the side of Cord Word, and submitted a memorial from the Legislature of New Jersey—also a statement of the prices of wood pand by the renters of the public wharves and the prices by the renters of the public wharves and the prices of the same to consumers, which papers are submitted herewith, shewing that a grievium monopoly existed, to the great injury of producers and consumers, and that cord wood was without an expected or Messurer to do institute between the consumers, and that cord wood was without an Inspector or Measurer to do justice between the seller and purchaser, almough the office of Wood Corder had been created by the Legislature and confirmed by repeated acts. This subject and the papers were submitted to a Joint Committee of Councils, who made a unanimous report in favor of the application and r commended the passage of a cridinate granting certain public what years. an ordinance granung certain public wharves on the Delaware and Schuylkill for the reception and

the Delaware and Schuylkill for the reception and sale of cord wood, and appointing corders to superintend the same, as upon ref-rence to the journal of Common Council 1862, appendix, No 121, page 653, will more fully appear

The Select Council on the 16th of April, 1861, passed the accompanying bill and sent it to Common Council, who, on the 14th of May, 1863, referred it to a committee of three—this committee never made a report, and thus the oject of the memorialists was defeated. They would further state that the evils complained of have greatly increased the present year, and that they are intolerable. morialists was defeated. They would further state that the evils complained of have greatly increased the present year, and that they are intolerable. They submit the following facts: The low prices allowed by the renters for wood, have not paid the owners the actual expenses of cutting, carting and freighting to the city have prevented wood from being cut in New Jersey, Delaware and Maryland, and have driven the vessels out of the trade, thus lessering the supply of this necessary of life. In June last good oak wood was selling on the laudings in Cape May county, at \$3.00 per cord, the freight being \$1.00 per cord, while the renters sold it here for \$7.00 to \$5.00 per cord. This fall wood was only \$4.00 in New Jersey, and was landed here for \$5.50 to \$6.00. which was all the renters allowed for it, while they sold it to the consumers at from \$8.50 to \$10.00 per cord for common Oak or Pine. This monopoly falls hard upon the poorer classes who are the principal consumers of wood, and the Board of Guardians have to pay these extravagant prices. The income of the city will be greatly increased by the tax on the woodaner paying the corders' salaries. In 1862 the Board of Guardians purchased from parties in New Jersey \$255 cords Oak wood, at \$3.50 per cord, landed at Guardiass purchased from parties in New Jersey 255 cords Oak wood, at \$3.50 per cord, Isnded at the Almshouse wharf, while they had to pay the renters from \$5.00 to \$6.50 per cord for wood delivered to the poor in \$5 and \$5. The Trustees of the Gas Works have purchased annually, for several years, 2.500 to \$,000 cords Pine wood from producers, celivered on the Schuylkill at the Works, at prices much less than the sales of the renters to the Guardians, Girard Trust Benevolent Institutions and individuals. The memorialists ask the passage of the ordinance herewith. Guardiaes purchased from parties in New Jersey

EXCURSION OF THE PENNSYLVANIA LE-GISLATURE.

HARRISBURG, March 19.—In accordance with the joint resolution accepting an invitation extended to the Legislature of Pennsylvania by the President and Directors of the Pennsylvania Agricultural Society to visit their institution, situated near Pallyforts. rended to the Legislature of Pennsylvania by the President and Directors of the Pennsylvania Agricultural Society to visit their institution, situated near Bellefonte, Pennsylvania, a considerable number of the members of both Houses, together with invited guests, left Harrisburg in a special train on Thursday afternoon last, at 2 30 P. M.

Among those on the train were, the Hon. Eli Slifer, Secretary of the Commonwealth; Hon. Isaac Slenker, Anditor-General, and A. L. Russell Adjutant-General of the State.

After a pleasant ride through the JuniataValley, the party arrived at their destination about 10.30 P. M. The train was about an hour behind time, caused by the engine of a freight train running off the track some distance from Bellefonte. Upon crossing at the latter place the party was met by the citizens, who very kindly offered their houses for the entertainment of the visitors. All the hotels in town were free to those who wished accommodation; this action being taken through the kindness of the Board of Trustees of the Pennsylvania Agricultural College. The largest hotel was destroyed by fire a short time since.

On Friday morning the party was conveyed to the College in carriages, furnished by the citizens of the town and surrounding country. The College is situated about ten miles from Bellefonte, the road leading thereto rather rough and hilly.

Upon arriving at the building the guests were cordisity welcomed by the officers of tae College. The whole party repaired to the chapel, where an impromptu metling was organized. Hon. Thomas P. Knox, Presiding was organized. Hon. Thomas ciety, was called upon to address the meeting. He spoke of the College, and others of similar characto be thoroughly and really beneficial to the agricultural interests of the country, or whether they were to accomplish little or nothing. He referred to be thoroughly and really beneficial to the agricultural interests of the country, or whether they were to accomplish little or nothing. He referred to be thoroughly and really

donated to the State by the General Government for that purpose.

The party was then shown through the building and grounds. The structure is but to t stone, is very large and roomy, and calculated to accommodate several hundred students. The laboratory connected. connected with the institution embrace valuable scientific instruments. A sarden, barn yaluable scientific instruments. A sarden, barn and agricuitural out-houses are attached. The building is not entirely finished, and is not as completely arranged as is hereafter designed, but so far as couremplated everything is in admirable order. There are about one college, and the institution has been in operation.

about four years.

A sumptious dinner was prepared for the guests, after which the party returned to Bellefonte.

On Friday evening a grand party was given at the house of Hon. H. N. McAllister, who resides in Bellefonte, and is one of the most wealthy and esteemed citizens. The elite and beauty of the town were present. On Saturday morning the party left Bellefonte by speci-1 train for Harrisburg, where they arrived about four o'clock P. M. Everything passed off in a satisfactory and pleasant manner.
