and meteorologist, died at his residence. No. 47 Orange street, Brookly, N. Y. on Saturday aftermoon, of dropsy of the liver. Thus has pased away one who devoted a lifetime to the scientificand pecuniary benefit of his fellow-men. Mr Merriam was born in Concord, Massachusetts June 17, 1794, and consequently was in the 70th year of his age. Shortly a ter arriving at his majority he proceeded to Kentucky, where he was engaged for a number of years in the manufacturand purification of saltpetre, as well as other mineral products of the Mammoth Cave, in that State He subsequently engaged extensively in the dry goods business in Zaresville, Ohio. Upon his removal to New York about 26 years ago, he was a manufacturer of soap and candles, and entered quite largely into that branch of business, accumulating the foundation for a handsome competence. From his earliest childhood, it may be said Mr. Merriam exhibited a taste for scientific pursuits, and devoted his attention more particularly to meteorological researches. His records of the latter branch of his studies are intact, and extend even to the day of his death. He originated the idea, founded upon his own private observations, of cycles of atmospherical phenomena, which he advanced in public prints with considerable enthusiasm. He attained extended notoriety in this respect, not only in this country but in Europe, and received many evidences of the correctness of his theory from scientific men abroad. He attained considerable notoriety as a careful compiler of meteorological facts, and was frequently cited before the courst to decide disputed points.

UNITED STATES CHRISTIAN COM-MISSION.—SUMMARY TO JANUARY

1, 1964.
Work now in Progress in the Army at Rest—Christian Commission Stations largely increased in Number—The Work Abundantly Prospered—Many more Stations needed to meet the wants of the Army—Unprecedented Call for Delegates and Supplies—Preparations for the Coming Campaign, with its Movements and Battles.

The Christian Commission depends mainly upon direct contributions, and must not be forgotten by direct contributions, and must not be forgotten by direct contributions, and must not be forgotten by Loyal Christian People. INCREASING WANTS DEMAND IN CREASED LIBERALITY. Receipts of Money, Stores, &c., to January 1, Ec., \$1,148,093 94.

1824, 81, 183, 193 194.

Number of Boxes of Stores, &c., shipped to the field or distributed at home, 16, 330.

Number of Delegates sent, 1, 563.

Copies of Scriptures distributed, 508, 275; Hymn and Psalm Books, 502, 556; Knapsack Hooks, 1, 370, 348; Library Books, 43, 163; Pamphlets, 155, 145; Religious Newspapers, 3, 316, 250; Pages of Tracts, 22, 130, 428, Silent Comforters, 4, 115.

The United States Christian Commission has seized the present golden opportunity of rest for the Army to extend its work for the good of the Soldiers. Soldiers.
STATIONS have been multiplied, each with its

chapel and store tents, free writing tables, and clothing, comforts and reading matter for gratuitous distribution.
VOLUNTARY DELEGATES, in numbers greater than ever before, have been sent to preach the Gospel at the stations and in regiments, batteries and camps without Chaplains, distribute reading matter and stores, and labor for the good f the Soldiers. A PERMANENT FIELD AGENCY has been

of the Soldiers.

A PERMANENT FIELD AGENCY has been sufficiently extended to establish stations and superintend the work.

THE BLESSING OF GOD rests signally on all parts of the work. Many thousands have been cheered, benefited and saved. Still a large part of the Army remains unreached, and double the number, both of stations and delegates, are needed to meet the urgent demand for them.

The Christian Commission offers to the people a perfectly reliable and wonderfully economical channel to reach the entire army in all its various fields. The money given goes in full measure, in benefits for body and soul, directly to the Soldiers; and stores also, immediately from the hands of delegates from home, who add words and deeds of kir dness to the gifts when bestowed.

Let the people give the Money and Stores, and the work will be done.

The large corps of Delegates now in the field will serve as a grand corps of relief when the armies shall move and battles be fought, and the greater their number the more prompt and effective will be the relief they shall render.

Let not the present work languish. Wait not for the cry of the wounded and dying before providing relief.

Send now and send abundantly both money and stores, and the soldies? Send now and send abundantly both money and stores, and the soldiers' blessing shall be upon ou. Send money to JOSEPH PATTERSON, Trea-

HILTON'S CEMENT.—The Insoluble Cement of the Messrs Hilton Brothers is certainly the best article of the kind ever invented. It should be kept in every manufactory, workshop and house, everywhere. By its use many dollars can be saved in the run of a year. This Cement cannot decompose or become corrupt, as its combination is on scientific principles, and under no circumstances or change of temperature will it emit any offensive smell. The various uses to which it can be successfully applied renders it invaluable to all classes. For particulars see advertisement
