## TEE WAR FOR THE UNION

FROM NORTH CAROLINA.

Newbern, N. C. March 19—the recent raid on Richmond caused the rebel General Pickett to end several regiments to Virginia, just as he was ready to commence operations in this direction. These regim ats are now returning, evidently to early out his original intention.

Governor Vance, in a recent speech, stated that General Lee depends upon North Carolina for the support of his army. He dwells upon the importance of keeping the railrous of this State in good condition, on the ground that General Lee could not remain in Virginia torty-eight hours after they fall.

the average only one out of the very officed.

The report of Governor Vance, showing the amount of rebel supplies received through the blockaded port, discloses a most startling state of things. Eyerything the enemy could ask for is received through this channel in great quantities. An experienced naval officer has remarked that, owing to the peculiar situation of the coast, its numerous channels embracing an area of thirty miles, the entire navy of the United States could not make the blockade of Wilmington effective.

W. W. Holden is out in a card, announcing himself as the Conservative candidate for Governor of North Carolina.

A FLAT DENIAL.

BALTIMORE, March 22.—A despatch from Cumberland authorizes an emphatic denial of the statement that iGeneral Siget made a narrow escape from capture, a few days ince, at Martinsburg, by a body of two hundred rebels, who passed between the General and his pickets. There is not a word of truth in the story. No apprehension is felt either at Martinsburg or Harper's Ferry of any rebel demonstration. any rebel demonstration.

FROM WASHINGTON.

WASHINGTON, March 22, 1861.—The following is published as a warming to those who would prey upon soldiers and rob them of their hardestried pay:

Ortaine Fournier was born at Rugles, in the Department of L'Eure France, on, the 12th of August, 1812. Having finished his education at the College of Carmes, with a resolution and perseverance which, to his last day, was the characteristic trait of his nature, the study of law became his next pursuit. Shortly after the revolution of 1836, be did as so many other young men of that day, entered into the current of republican ideas to embrace those views perm.nentity. The word of the cause he had adopted gave him a place in the higher ranks of his party. His legal career was left aside for that of journalist, in which he soon a acquired favorable reputation, there being scarcely any liberal publication in which his name did not figure from 1835 to 1819.

The revolution of February, by bringing about the result for which Mr. Fournier had struggled for fifteen years, gave him a position in the new government, he was nominated, firstly, Secretary of the Provisionary Government; from this post he was sent Consul to Genoa, and from there was named Consul and Chancellor of Legation to Lisbon, Portugal. Here an eye-witness and friend, the author of this biographical sketch, begs to speak of the conscientions devotion with which Mr. Fournier fulfilled his duties, throwing into them the same ardor as had marked his whole life. For public and literary services he received from the Queen of Portugal, Maria Secunda, the orders, noble and military, of Commander of the Order of Christ, and of Knight of the Conception, and as proofs of his high and honorable accomplishment of his duties, and cease to occupy himself with politics. A French vessel being affrica, he jound it as history of Commander of the Order of Christ, and of Knight of the Conception, and as proofs of his high and honorable accomplishment of his drawing surmounted all difficulties and surfered all afficulties of the current of sev

Fire in Allegheny City, PA.—On Saurday a fire broke out in the Agricultural Implement Manufactory of Columbus Coleman, situated on Marion avenue, Allegheny. The flames rapidly communicated to the large planing mill of Messrs. White & Alexander, immediately adjoining, which was also completely destroyed. Mr. Celeman had a large stock of agricultural implements on band in various stages of completion, besides a quantity of seasoned lumber, which, tyether with tools and finchiners was totally destroyed. Mr. Coleman's loss amounts to between \$6,000 and \$7,000, on which he has an insurance of \$3,000 and \$7,000, on which he has an insurance of \$3,000 in the Allegheny Insurance Company. Messys. White & Alexander had on hard a large stock of fluished work for the New City Hall in Allegheny, and

Alexanoer had on hand a large stock of fluished work for the New City Hall in Allegheny, and other hulldings, besides valuable machinery and tools, all of which were consumed. The had also a large amount of seasoned lumber and planed work, stored in sheds adjoining the shop, which was destroyed, with the exception of a small amount taken out before the fire reached it Messre. White & Alexander's loss will probably reach \$8,000, on which there is an insurance of \$3,000.

\$8,000 in the Philadelphia, and \$1,000 in the Girard Company. This disaster will delay the work on the City Hall building for some weeks.

Serious Charge.—Says the Pittsburgh Chronicle: Officer Culp, of the Mayor's police, on Saturday arrested an Englishman named Abraham Orabiree, charged, on oath of Hannah Crabiree, with bigamy. The complainant in her information states that she was married to defendant on orabiree, charged, on the complainant in hr informa-with bigamy. The complainant in hr informa-tion states that she was married to defendant on the 15th of September, 1863, in the city of Phila-delphia, and holds in her possession a certificate of the fact. The defendant left her some four

deiphia, and noise in the possession a constitution of the fact. The defendant left her some four months ago, and came to Pittsburgh where, she states, he was married in the early part of January last, by Alderman Nicholson, to a woman of this city. It is also alleged that Orabtree has a wife in England, and it so, both of the American ladies are victims. Orabtree refused to give bail, and was committed for trial.

Beavy Loss of Oil.—We have already noticed the recent ilreat the Maple Shade wellon Oil creek, by which a large amount of property was destroyed. In the Oil City Register for last week we find full details of the catastrophe. Surrounding the well it appears there were twenty-eight large tanks, holding 17,000 barrels. The total amount of oil lost at the Maple Shade was 10,000 barrels. This, at \$5 per barrel, which is the selling price, would be off for the maple Snace was 10,000 barrels. This, at \$5 per barrel, which is the selling price, would be \$50,000. The tanks and flutures would amount to \$5,000, making the total \$55,000. Some 1,500 barrels of oil, some engines and derricks, &c, were burned, belonging to other parties, which would make the aggregate \$75,000 to \$100,000.

THE GETTYSBURG BATTLE-FIELD MEMORIAL. AN APPEAL

TO LOYAL PENNSYLVANIANS.

The "GETTYSBURG BATTLE-FIELD ME-MORIAL ASSOCIATION" was instituted for the purpose of securing, ferever, the principal points apon the great but le-field of the war, in theexac ordition in which they were jett in July, 1863. when the rebel hordes of the invader LEE were driven back from the free soil of Pennsylvania, and when the gallas teoldiers of General Meads remained in possession of the field which they had won by their valor. The Association have already secured the purchase of CEMETERY HILL, CULP 8 HILL GRANITE SPUR and ROUND FOR, with the entrenchments thrown up just upon the eve of the great conflict watch was the turning point in the career of the rebetlion. The field, with its redoubts. wonderful stone defences, its timber breast-norks, i eferest beight, with the trees torn by shells and countless builets, and its long lines of earthwork defences, have all been preserved intact, and to so continue to preserve them, as to be a monument forever of the greatest of American Battle-fields, s the object of the formation of the Association. To enable a large number of persons to join in this patriotic work, the projectors of the plan placed the subscriptions at ten dollars each. The payment of this sum makes each subscriber a member OF THE ASSOCIATION, AND PART OWNER OF THE GLOB OUR FIELD OF GETTYSBURG.

What Loyal and Patriotic Citizen of Pennsylvania would not gladly embrace the privilege of recording his name upon this roll of honor, and of inking himself directly with the field where the lofty heroism of his con trymen vindicated the integrity of the Union and the principles of Freedom? And who would not desire to hand down as a precious heir-loom to his children the evidence of his part in the good work, bearing, as the certificate will, a view of the field which will rank in nistory with Thermopylæ, Marathon and Wa TERLOO 1

There are no salaried officers in this Association, not are there any objects in view in its creation other than those aiready stated. The grounds were purchased from their original owners at the exac price to be paid for them by the Association, and he points selected, and the prices to be paid for them, met the unqualified approval of a committee of the Historical Cociety of Pennsylvania. appointed for the purpose of visiting the field.
