WASHINGTON, March 23 .- Col. McCaleb officially communicates the part taken by his command in the late action at Vidalia, Louisiana,

which resulted in victory to our troops.

He says, "Thus a force of three hundred colored soldiers put to flight, in great confusion, four or five times their number of the chivalrous enemy, with a loss to them of one killed, five wounded, some mortally, and a number of prisoners. Not a man of my command was hurt.'

Major Charles W. Smith, commanding the battalion in reserve, informs me that he and the line officers of his command were obliged to place themselves before their men with drawn swords, and to threaten summary punishment to the first man who would attempt to quit the ranks to join their comrades fighting in the front, their eagerness to be engaged being almost irrepressible. FROM NORTH CAROLINA.

New York, March 23.—The Newbern Times of the 19th, says that the Gas Works have been seized as abandoned rebel property, and that propositions will be received from responsible parties to put them in operation.

SENATE.—Mr. Howard (Mich.) proceeded to address the Senate at length, in opposition to the bill of Mr. Powell (Ky.) to prevent military in terference in State Elections.

House.—Mr. Kernan (N. Y.) asked leave to introduce a resolution for a special committee to inquire whether civilians in the employ of the Government were sent home at the Government expense to vote at elections.

Mr. Stevens (Pa.) objected to the introduction of the resolution in the inquiry should be conducted by the Committee on the Confact of the War, to which Mr. Kernan would not agree.

Mr. McClurg (Mo.), rising to a persona explanation, repeated and sought to prove the charges herotofore made against his colleague (Mr. Blair), of having violated the Treasury and regulations by smuggling liquor into the Army and produced an Army order signed by Gen. Rosecrans, to show the falsity of Mr. Blair's remark, that free persons of color had not been removed from Missouri and sold into slavery. He had the same compassion for Mr. Blair as he had for a condemned criminal, and indulged in severe personal reflections upon his colleague.

Mr. Blair (Mo.) asked that a Special Committee be appointed to examine the charges of his colleague, who had uttered a base and wilful faisehood. His colleague had taken the place of the forger and falsifier, and he pronounced him to be an infamous liar and scoundrel.

The Speaker said that the use of such language was against the decorum of the House, and he called upon the House to aid him in enforcing them.

them.

Mr. Blair said that no other language could be used to allegations so false and utterly con-

temptible.

Mr. McClurg asked his colleague to look at his own signature to the liquor order.

Mr. Blair responded that he would look at nothing from the infamous scoundrel.

Much excitement existed throughout the proceedings. ceedings.

Finally the resolution to appoint a select committee to inquire into Mr. McClurg's allegations

mittee to inquire into Mr. McCuarg's anegations was adopted.
Mr. Wilson (Iowa), from the Committee on the Judiciary, asked and was discharged from the further consideration of the memorials asking for the impeachment of Judge Miller, of Iowa. He said nothing appeared from the documents to justify any action in the case.

The House resumed the consideration of the Delaware Bay & Raritan R. R. bill.

EQUITABLE LIFE ASSURANCE SOCIETY OF THE UNITED STATES.

Branch Office, 425 Chestnut Street

AMOS B. KEITH.

General Agent for Pennsylvania. $\mathbf{ASSETS\,OVER}~\$700~000.$

Equitable Life Assurance Society. Since the first of December, 1863, THE EQUIT.
ABLE LIFE ASSURANCE SOO ETY has issued over NINE HUNDRED POLICIES, assuring an aggregate of about THREE MILLION DOLLARS. The Society has entstanding risks to the amount of Eleven Million Dollars, and its income for the year 1864 will reach the handsome sum of five hundred thousand dollars. No Life Insurance Company ever organized in this country can show so proud a record of immediate success, and prompt, progressive prosperity. To have secured an income of half a million dollars in the fith year of its existence, is an achievement of which any organization may well afford to boast. In respect to the expenses of the Equitable Society, it is the fact that their ratio HAS BEEN LESS THAN THAT OF ANY LIFE COMPANY

ORGANIZED WITHIN A DOZEN YEARS. The Company's losses have, moreover, been comparatively few, up to this time; having in their number fallen far short of the regularly received tables of expectation upon which the science of life insurance is based. The Equitable Society is purely mutual in its operations, every cent of profit over the actual cost of insuring being divi-ded among the policy holders, who are thus made members, as it were, of a mutual benefit ass ciation. The officers and directors of the Company are well-known as among our foremost cit'zens, and a glance at the list of their names will furnish abundant explanations of the immense strides toward success made by the Company during the first five years of its history

We have learned not to be astonished at anything. Years of experience and a correspondence extending throughout all nationalities of the habitable globe have turned theories into facts and established a basis from which we need not err. We are not surprised at such facts as the following-although the persons who write them are. We know the persons and circumstances, hence feel at liberty to endorse their statements :

"New Britored, Mass., Nov. 24, 1863.

Drar Sir—I have been afflicted many years with severe prostrating cramps in my limbs, cold feet and hands, and a general disordered system. Physicians and a general disordered system. and hands, and a general disordered system. Physicians and medicines failed to relieve me. While visiting some triends in New York who were using Plantation Bitters they prevailed upon me to try them. I commenced with a small wine glassful attribution. Feeling better by degrees, in a few days I was astonished to find the coldness and cramps had entirely left me, and I could sleep the night through, which I have not done for years I feel like another being. My appaite and strength feel like another being. My appaite and strength have also greatly improved by the use of the Plantation Bitters.

Respectfully,

DR. DRAKE: Your wonderful Plantation Bitters have been given to some of our little children suffering from weakness and weak lungs with most happy effect. One little girl, in particular, with pains in her head, loss of appetite, and daily wasting consumption, on whom all medical skill had been exhausted, has been entirely restored. We commenced with but a teaspoonful of Bitters a day. Her appetite and strength rapidly increased, and she is now well.

Respectfully, MRS. O. M. DEVOE."
