FIFTEENTH WARU BOUNTY FUND.

3 At a meeting of the Executive Committee, illed for the purpose of auditing the collectors; ooks, and settling the accounts of the Treasurer and Committees, it was announced by the Ohairann that the Ward Bounty had been paid to 666 cruits, which number together with the other redits assigned to the ward, brings our total numer of crevits up to 900 men. This number by a fir and equitable calculation is 15 more than our wate under the call for 500,000 men. A balance in cope; sufficient to pay all debts is on hand, and inter their teat for 200,000 men. A basines in cone; sufficient to pay all debts is on hand, and we must now go cheerfully and vigorously again to work, to give the government every man necessary obring the war to a speedy close.

The new call for 200,000 men will require of us

bout 300 more recruits, and to procure them the um of Ten Thousand Dollars is sufficient, if vised immediately. There are 3,500 men in the X-ard liable to draft. It is hoped that of this numer at least 2,000 can be found who are able to con ribute an average sum of five dollars each, and to have the spirit and manliness to do so, instead at waiting for a few to take the burden upon them-A grand Meeting of the citizens of the Ward to vise measures for raising the above sum by a

UNITED STATES CHRISTIAN COM-MISSION.—SUMMARY TO JANUARY

Nest now in Progress in the Army at Rest—Christian Commission Stations largely increased in Number—The Work Abundantly Prospered—Many more Stations needed to meet the wants of the Army—Unprecedented Call for Delegates and Supplies—Preparations for the Coming Campaign, with its Movements and Battles.

The Christian Commission depends mainly upon direct contributions, and must not be forgotten by Loyal Christian People.

INCREASING WANTS DEMAND INCREASING WANTS DEMAND INCREASING WANTS DEMAND INCREASED LIBERALITY.

Preceipts of Money, Stores, &c., so January 1, 1864, 81, 138, 033 94.

Number of Boxes of Stores, &c., shipped to the field or distributed at home, 16, 330.

The United States Christian Commission has seized the present golden opportunity of rest for the Army to extend its work for the good of the Soldiers. Work now in Progress in the Army at Rest.

the Army to extend its work for the good of the Soldiers.

STATIONS have been multiplied, each with its chapel and store tents, free writing tables, and clothing, comforts and reading matter for gratuitous distribution.

VOLUNTARY DELEGATES, in numbers greater than ever before, have been sent to preach the Gospel at the stations and in regiments, batteries and camps without Chaplains, distribute reading matter and stores, and labor for the good of the Soldiers.

A PERMANENT FIELD AGENCY has been sufficiently extended to establish stations and superintend the work.

THE BLESSING OF GOD rests signally on all parts of the work. Many thousands have been cheered, benefited and saved. Still a large part of the Army remains unreached, and double the number, both of stations and delegates, are needed to meet the urgent demand for them.

The Christian Commission offers to the people a perfectly reliable and wonderfully economical fields. The money given goes in fall measure, in benefits for body and soul, directly to the Soldiers, and stores also, immediately from the hands of delegates from home, who add words and deeds of kir dness to the gifts when bestowed.

Let the peorle give the Money and Stores, and the work will be done.

The large corps of Delegates now in the field will serve as a grand corps of relief when the greater their number the more prompt and effective will be the relief they shall render. greater their number the more prompt and effec-tive will be the relief they shall render.

greater their furnies the more prompt and effective will be the relief they shall render.

Let not the present work languish. Wait net for the cry of the wounded and dying before providing relief.

Send now and send abundantly both money and stores, and the soldiers' blessing shall be upon you.

Cement of the Messrs Hilton Brothers is certainly the best article of the kind ever invented.

can be saved in the run of a year. This Cement
cannot decompose or become corrupt, as its combination is on scientific principles, and under no circumstances or change of temperature will: it emit
any offensive smell. The various uses to which it
can be successfully applied renders it invaluable

DRUGS. AWRENCE'S METALLIC BROWN PAINT
—SPER CENT METALLIC BASE.

The Metallic base of this Paint is composed of the Protoxide and Peroxide of Iron. Its properties are such as to give it superiority over all others in the market for the purpose for which it is recommended.

commended.

It has been proved by thorough exposure, and by comparison with other paints, to be the only reliable Paint to resist the action of ealt water and salt atmosphere.

It is therefore especially recommended for ship bottoms, hulls, decks, boiler fronts, smoke stacks and steam pipes. For iron railings, fences, cars, railroad and other bridges, it is not excelled.

It is especially adapted for METAL ROOFS.

It is not affected by acids or gases, and is a perfect protector against rust on metals, and from dampness on brick walls.

It mixes and blends readily with other paints,

dampness on brick walls.

It mixes and blends readily with other paints, and by comparison to the amount of surface a given weight will cover, costs about one-half as much as other Metallic Paints.

Wherever this Paint has been used, it has given ENTIRE SATISFACTION, which is, we believe, more than can be said of any other paint in the market, ROBERT SHOEMAKER & CO., mhil-fmw24ts] Sole Agents for Pennsylvania, N.E. corner Fourth and Race streets, Phila.
