THE GREAT

CENTRAL FAIR FOR THE

Sanitary Commission.

Philadelphia, 1307 Chestnut Street. February 20, 1864. The undersigned, members of the Executive Committee of the GREAT CENTRAL FAIR for

the Sanitary Commission, beg to invite the co-ope ration of all their fellow-citizens, especially o those resident in Pennsylvania, Delaware and New Jersey, in this important enterprise. It is proposed to hold the Fair in Philadelphia, in the FIRST WEEK IN JUNE NEXT, and it is confidently expected that the contributions coming from a popula ion so benevotent and patriotic as that which inhabits the Central States, and representing the most important and varied branches of industry and art, will secure a result in aid of the funds of the Commission, and for the b-nefit of the Soldier, at least equal to that which has attended similar undertakings in other cities. It is not necessary to say a word to stimulate sympathy for the soldier. We feel for them all as brethren, and the popular heart seeks only the best mode of manifesting that sympathy in the most efficient and practical way. These fairs in other places have been productive of great results. By this means Chicago has recently raised for this object \$60,000, Boston \$150,600, and Cincinnati more than \$200,000. We appeal, then, with the greatest confidence to the inhabitants of the Cenral States, especially to those who constitute the great industrial classes, to send as contribution the productions of their skill and workmanship. We appeal to them in the interest of no party, radical or conservative, Republican or Democratic, Administration or anti-Administration. We know only this, that to send our national soldiers in the leld supplies to supplement those Government undertakes to give them, but which they sometimes fail to receive, and thus to relieve them when sick and in misery, is a work of Christian charity, and that it is a work of intelligent patriotism also, as economizing their life, health and efficiency, on which, under God, the nation depends in this its

We therefore ask every clergyman to announce this humane undertaking to his people, and to advise them to do what they can to further it. We ask the press to give it the widest publicity and the most earnest encouragement. We call on every workshop, factory and mill for a specimen of the est thing it can turn out on every artist, great and small, for one of his creations; on all loyal women, for the exercise of their taste and industry; on farmers, for the products of their fields and dairies. The miner, the naturalist, the man of science, the traveler, can each send scmething that can at the very least be converted into a blanket that will warm, and may save from death, some one soldier whom government supplies have failed to reach. Every one who can produce any. thing that has money value is invited to give a sample of his best work as an offering to the cause of national unity. Every workingman, mechanic or farmer, who can make a pair of shoes or raise a barrel of apples, is called on to contribute some thing that can be turned into money, and again

from money into the means of economizing the health and the life of our national soldiers. Committees have been appointed in each depart. ment of industry and art, whose business it will be to solicit contributions for the Fair, each in its own special branch. These Committees will place themselves in communication with those persons who may wish to aid us. In the meantime it is recommended that local committees or associations should be formed in every portion of Pennsylvania, Delaware and New Jersey, with a view of organizing the industry of their respective neigh-

porhoods, so as to secure contributions for the Committees of Ladies have also been organized

citing contributions. A list of all these Committees will be shortly published and distributed. In the meantime those who are disposed to aid us, or who may desire any further information on the subject, are requested to address CHARLES J. STILLE, Corresponding Secretary of the Executive Committee of the Great Central Fair, 1307 CHESTNUT Street.

DANVILLE, Pa., June 2, 1862.

Dr. Wm. H. Gregg—Dear Sur: In February, 1861, I was afflicted with sugar disbetes, and for five months I passed more than two gallons of water in twenty-four hours. I was obliged to get up as often as ten or twelve times during the night, and in five months I lost about fifty pounds in weight. During the menth of July, 1861, I procured two bottles of Constitution Water, and in two days after using it I experienced relief, and after taking two bottles I was entirely cured; soon after regaining my usual good health.

Yours truly,

J. V. L. DEWITT.

BOSTON CORNERS, N. Y., Dec. 27, 1861.

Boston Corners, N. Y., Dec. 27, 1861.

Wm. H. Gregg & Co.—Gents—I freely give you liberty to make use of the following Certificate of the value of Constitution Water, which I can recommend in the highest manner:

My wife was attacked with pain in the shoulders, whole length of the back, and in her limbs, with Palistation of the Heart and Irritation of the Bladder. I called a physician, who attended her three meaths, when he left her worse than he had found her. I then employed one of the best physicians I could find, who attended her for about nine months, and while she was under nis care she did not suffer quite as much pain. He finally gave her up and said, her case was increased. "For," said he, "she has suck a combination of complaints, that medicine given for one operates against some other of her difficulties." About this time she commenced the use of the Constitution Water, and, to cur utter astonishment, almost the first dose seemed to have the desired effect, and she kept on improving rapidly under its treatment; and now superintends entirely her domestic affairs. She has not taken any of the Constitution Water for about four weeks, and we are happy to say that it has produced a permanent cure. WM. M. VAN BENSCHOTEN.

WETHERSFIELD, Conn., March 2, 1863.

Dr. W. H. Gregg—Dear Sir—Having seen your advertisement of "Constitution Water," recommended for inflammation of the Kidneys and Irritation of the Bladder, having suffered for the past three years, and tried the skill of a number of physicians with only temporary relief, I was induced to try your medicine. I procured one bottle from your agents at Hartford, Messrs. Lee, Sisson & Co., and when I had used half of it, to my surprise I found a great change in my health. I have used two bottles of it, and am where I never expected to be in my life, well, and in good spirits. I cannot express my gratitude for it, I feel that it is all and more than you recommend it to be. May the blessing of God ever attend you in your labors of love. Yours, truly,

THESE ARE FAUTS ENOUGH. THESE ARE FAUTS ENOUGH.

We present the Constitution Water to the public with the conviction that it has no equal in relieving the class of diseases for which it has been found so eminently successful in curing; and we trust that we shall be rewarded for our efforts in placing so valuable a remedy in a form to meet the requirements of patients and physicians.
