## THE WAR FOR THE UNION

THE QUOTA OF PENNSYLVANIA.

HARRISDURG, March 25.—An investigation of the official figures discloses the fact that when credit is given to Pennsylvania for enlistments in the regular and marine service and the navy, her quota under the call for 500,000 men will be nearly if not quite full. The statement published a few days since that the defiofency of Pennsylvania was 74,000 men, is incorrect; that being the entire number of men due from the State under all the calls, allowing no credit for veteran volunteers and new recruits since January 31st.

Governor Curtin has dispatched his military secretary to Washington to procure an official correction of the misstatement, which has done so much to discourage the people and retard recruiting.

Major Bruce, of Baltimore, has been ordered by the Paymaster General of the United States Army to examine the rolls of the militia of 1862 and to proceed to make immediate payment upon them. THE NORTHWEST SAVAGES DICTATING

TERMS TO THE GOVERNMENT.
CHICAGO, March 25.—A special despatch
from St. Pauls says that Wasedoreye, a prominent Sisston Indian, has come into Fort Abercromble and has accepted terms of peace. He states that nearly all the Sisstons are in favor of peace, and others of their leaders will be ready in a few days to follow his example, but the powerful tribe, of Yanktonnais, while they want peace, require that Uncle Sam shall not penetrate into their territory, and that steam-boats with emigrants shall not navigate the Upper Missouri. The refugees, murderers of the lower bands, and the evil disposed of other bands, are joining them preparatory to a spring campaign.

FROM WASHINGTON. Washington, March 25, 1864.-Major-General Butterfield was before the War Committee to-day, and testified in reference to the battle of Gettysburg, where he acted as Chief

of Staff to General Meade. The statement that the National Banks are authorized to receive subscriptions for the new Ioan is incorrect. There are but three authorized agencies, viz.: the Sub-Treasuries in Philadelphia, New York and Boston.

The Agricultural Department have received a quantity of spring wheat, new and excellent quality, from Prussia, for gratuitous distribu-

Secretary Chase is understood to be making arrangements for the issue of gold notes, receivable for duties, which he proposes to pay for interest falling due on the 1st of April. 1st of May, 1st of July, 19th of August, 1st of October, 1st of November, 1864, and 1st of January, 1865, with rebate on interest due on and before the 1st of July, and with rebate at the rate of three per cent. per annum on interest due after that date.

The aggregate of interest coming due at these about \$45,000,000, of which it is supposed that about \$25,000,000 will be anticipated in this way, making a virtual addition of nearly that amount to the stock of gold. The Secretary also has under consideration the expediency of receiving the national currency at rates slightly below the current rates of and issuing therefor Assistant Treasurer's certificates, receivable in the payment of duties. The Senate to-day, in Executive session, con-

firmed the following nominations:

Major James A. Hardie, Assistant Adjutant General, to be Inspector-General with the rank

of Colonel. Second Lieutenant Henry Jayne, 7th Illinois Cavalry, and First Lieutenant Henry C. Robinson, 1st United States Infantry, to be Aids for Major-General McClernand.

Lockwood M. Todd (Ill.) to be Commissary of Subsistence, with the rank of Captain. Nathaniel Richardson (Ill.) to be Commissary of Subsistence.

Nathan B. E. Bickford (N. H.) to be Commissary of Subsistence.

Generals French and Sykes arrived here this afternoon from the army. In taking leave of his command General Sykes issued the follow-

ing order HEADQUARTERS 5TH ARMY CORPS, March 24 1864.—General Orders, No. 5.—Soldiers of the 5th Corps:—By direction of the War Department I am relieved from duty with the Army of the Potomac. In obeying an order so wholly unexpected, I part from you with the profoundest regret. We have been associated since your organization as a Corps. We have shared all the campaigns of this glorious Army, and for nine months it has been my pride and distinction to be your chief.

The history of your achievements adds lustre to the history of your country, and in the great battle of the war, on the 2d of July, 1863, your heroism and valor indisputably saved the day. I part from you feeling assured that your manly virtues, courage and patriotism will still be conspicuous in campaigns to come, and that the insignia borne upon your flags, and even upon your hearts, will in the shock of battle always be found in the thick of your country's foes.

GRORGE SYKES. (Signed) Major-General Commanding. The President to-day dismissed from United States service Col. Woolford, of Kentucky, owing to certain sentiments expressed by him at a recent sword presentation in that

Seamen in the army who desire to be transferred to the navy should make application by letter to the Navy Department. Lieutenant-Commander George A. Stevens

has been ordered to the command of the steamer Pontoosuck, built at Portland, Me. Yesterday and to-day about fifteen hundred sick soldiers have been brought to this vicinity

from the Army of the Potomac. LATE FROM THE SOUTH

From the Richmond Whig of the 18th, 19th and 21st insts., we select the following items and editorials: AFFAIRS IN THE SHENANDOAR VALLEY.

On Saturday, the 12th inst., a portion of the Clark Cavalry, who were at home on furlough, with a couple of Mosby's men, encountered an equal number of Yankees at Snicksville. Loudon county, and killed four, wounded four and captured thirteen. We lost one killed and one wounded. We had twenty-one men and the Yankees twenty-one.

The patriotic farmers, in accordance with the appeal of General Imboden, are holding meetings to ascertain what amount of corn, forage &c., would be subscribed and furnished to the Government to sustain the Army of the Valley The subscriptions are very liberal.

A very large area of land in Rockingham i being ploughed up and prepared for the planting of corn. Capt. J. W. G. Smith, provost marshal and

enrolling officer at Harrisonburg, has been transferred for duty to the Trans-Mississippi Department.—Whig, 21st. THE POSITION IN FLORIDA.

Our pickets, at last accounts, were within three miles of Jacksonville. The impression exists that the Yankees have withdrawn a considerable number of their forces from Jacksonville. There was not the slightest indication of any movement of the enemy or our own troops. -Whig, 21st.

MOVEMENTS AROUND NEWBERN, N. C. The Yankees are blockading the Neuse river, four miles this side of Newbern, and have mounted a 200-pounder rifle gun at the mouth of Bachelor's Creek, immediately on the banks of the Neuse.

The Yankee force at Newbern is estimated at about seven thousand.

Gen. Hoke is at Kinston, and has determined to break up the illicit traffic in cotton and tobacco that has been going on for a long time between some of our people and the Yankees at Newbern. Whig, 21st.

In connection with the rumors already pub lished in the Whig, of the contemplated recognition of the Confederacy by certain foreign powers, we give what was stated in a recent speech by a member of Congress. The Selma Reporter says, Mr. Vest, a member of Congress from Missouri, made a speech at Demopolis to the Missouri troops on Wednesday, 9th inst. in which he stated that he had just returned from Richmond, and that President Davis told him he had information, which was official, that Maximilian was on the way to accept the throne of Mexico, which would result in the recognition of the Southern Confederacy by Mexico, Spain, France and probably Austria .-

Whig, 18th. NEW MILITARY BRIDGE.

A military bridge is being constructed over the Chattahoochee River at Boltonville, Ga., seven miles from Atlanta, and will be finished in the course of next week. This bridge is nine hundred and sixty feet long and fifteen feet wide, allowing wagon trains to pass each other going and coming. This bridge has been constructed and superintended by Captain Edmund Winston, of the Battalion of Engineer Troops.—Whig, 18th.

ATTEMPT TO ESCAPE. Four Yankee sailors, imprisoned in Mayo's factory, made an attempt to escape on Saturday night. They had gotten out of the building into the back yard, where they were discovered and secured.—Whig, 18th.

DAHLGREN'S ORDERS. The papers found in Dahlgren's pockets, which the Yankee papers pronounce forgeries, have been carefully filed at the War Department. - Whig, 18th.

A man named James Hull, of Delaware, and the cook, both colored, were drowned. Capt Smith, Jacob Marshall, of New Jersey, mate, and a colored man, named Geo Hull, of Delaware, took to the rigging; the mate was frozen to death, and was taken off by a boat from the U S ship Saratoga, and the captain and Hull were taken off by the pilot boat Thos Connor.
