FROM PORT ROYAL AND FLORIDA.

NEW YORK, March 31.—The steamship Fulton, from Port Royal on the afternoon of the 27th inst., has arrived. The steamer edition of the *Palmetto Herald* contains the following:

The steamer Continental, from Portland, with a portion of the 2d Maine Cavalry Regiment and horses on board, put into Port Royal on the 26th with the loss of 50 horses, and the remainder badly used up. The Continental was obliged to cut loose from the ship Frank Boult, also laden with men and horses, which vessel she was towing to New Orleans. The Continental is short of coal.

Private M. Stuart, of Co. A, 2d Maine Cavalry, died on board, and was buried at sea on the 24th. The ship Frank Boult was considered safe and able to care for herself.

The steamer Daniel Webster, with a portion of the 14th New Hampshire Regiment, from New York for New Orleans, put into Port Royal on the 27th.

The Continental reports passing off Hatteras large quantities of wrecked stuff, new chairs, furniture, &c., supposed from the wreck of some steamer.

The steamer Cosmopolitan, arrived at Hilton Head on the 27th from Florida, reports that a naval expedition up the St. Johns River had captured the rebel steamer Hattie Buck, with 100 bales of cotton, rice, tobacco, &c. It is stated that large amounts of these articles are secreted up the creeks.

Brig. Gen. Hatch has gone to Jacksonville to relieve Gen. Seymour, who returns to Hilton Head.

The rebels are reported to have withdrawn a portion of their forces from before Jacksonville and Palatka.

The court martial of Gen. Gordon was progressing.

The steamer Dudley Buck, from New Orleans for New York, has put into Port Royal.

Several British officers are on a visit to General Gillmore's Department.

J. A. McCrea has been sentenced to jail and fined $500, for selling liquor to soldiers. After the expiration of the sentence he is expelled from the Department.

THE COPPERHEAD OUTBREAK IN ILLINOIS.

SPRINGFIELD, Ill., March 30.—Col. Oakes, Assistant Provost Marshal, started for Charleston, Coles county, last night and telegraphs to-day for the 41st regiment which left this afternoon. Gen. Heintzelman has also been requested to send troops from Indianapolis. This indicates that the troubles in that quarter are of a serious character.

FROM CHATTANOOGA.

CINCINNATI, March 31.—A special despatch from Chattanooga to the *Gazette*, says that Generals Sherman, Granger, McPherson, Sheridan and Barry, arrived at Chattanooga on the 28th, and were in council all day at General Thomas's headquarters.

All was quiet at Ringgold. Generals Granger and Sheridan went to Knoxville on the 29th.

XXXVIIITH CONGRESS—FIRST SESSION.

WASHINGTON, March 31.

SENATE.—The bill to authorize the Postmaster General to contract for the carrying of the Overland Mail from Atchison, Kansas, to Folsom, California, was passed.

HOUSE.—Mr. Shannon (Cal.), from the Committee on Indian Affairs, reported a Senate bill providing for the better organization of Indian affairs in California. He explained that it consolidated the two Superintendencies into one, provided for selling the present reservations and locating the Indians on more appropriate reservations, to each of which is to be assigned an agent; the General Superintendent to receive a salary of $3,000. He advocated the bill on the ground of economy to the Government and benefit to the Indians. The bill was passed.

The House then resumed the consideration of the bill declaring the Raritan and Delaware Bay Railroad and boats to be post and military routes.

Mr. Garfield (Ohio) resumed his remarks in favor of the bill, arguing that at present the means of New Jersey are insufficient for Government transportation purposes, and speaking of the Camden and Amboy Railroad Company as an odious monopoly.

The subject was passed over and the House resumed the consideration of the National Bank bill. Yesterday the 30th section was amended so as to limit the rate of interests on loans or discounts, etc., to 6 per centum.

Mr. Stevens (Pa.) to-day offered a substitute for this section restoring the 7 per centum rate as originally in the bill. He would regard the vote on this as a test of the question on the bill itself.

PENNSYLVANIA LEGISLATURE.

HARRISBURG, March 31.

SENATE.—The following petitions were presented:

Messrs. Connell, Ridgway, Nichols, Hoge, Worthington, Stein, Kinney and Lowry petitions in favor of the Union City Passenger Railway.

Mr. Nichols, one in favor of a railroad on Front street, Philadelphia.

Messrs. Butcher and Householder, petitions against the running of city railway cars on Sunday.

Mr. Nichols introduced a bill authorizing the macadamizing of Broad street.

The Senate then considered the bill regulating elections by soldiers.

HOUSE.—The House met at ten o'clock. Mr. Watson called up the act authorizing the Managers of Christ Church Hospital to sell certain Real Estate.

Mr. Smith, of Chester, moved to consider the act enabling State Banks to come under the national banking law. The motion was not agreed to.

The regiment will leave for the seat of war this afternoon.

THE GREAT GALE.

During yesterday the wind was from east northeast and blew heavily with rain throughout the day. From pilots come in from sea we learn the gale was severe outside. The pilot boat M. E. Fish, No. 4, when off the Highlands picked up three barrels of kerosene marked No. 2, from a lot of about 20 barrels; saw no other wrecked stuff. Off Barnegat saw a barkentine with all topmasts gone, and boarded a foreign bark with bulwarks and stancheons gone. The ship Norway, from Liverpool, is at anchor in the Lower Bay, with fore and mizzentopmasts gone, and enough of the mainmast standing for one yard only. The ship City of Brooklyn, while at anchor off Bedloe's Island, was fouled by another ship and somewhat chafed the other ship; lost jibboom; they were towed apart by tugs. The schooner Union arrived from Baltimore and bound to Belfast, Me., encountered on March 26, when off Montauk, a severe gale from east to northeast, which continued with unabated fury until the 28th, driving the schooner to the southward of Cape Henlopen, during which she had her sails torn badly, bulwarks and galley stove, carried away the bobstay, broke skylight, shifted cargo, filled the cabin, and did other damage.

The steamship Olympus, hence for Liverpool, is anchored in the Narrows, detained by the storm. The Eastern steamers, Empire State and City of New York, departed at the usual hour, (5 P. M.,) but probably will not proceed through before the storm abates.

A large number of outward-bound vessels are anchored in the North River, and Lower Bay, awaiting a favorable opportunity to proceed to sea. Both inward and outward-bound vessels find a check in the prevailing gale—those outward, unable to depart, and those inward, near our coast, compelled to keep off shore, to avoid being stranded. We expect to chronicle a series of disasters, occasioned by the frequent heavy and fearful gales that have prevailed this month.—*New York Times, To-day.*

THE DEFENCES OF NEW HAVEN.—Laboring men are drilling and blasting the solid rock foundation on which Fort Hale used to stand. On the site of the fort is to be the bastion, and its foundation is now eight or ten feet lower than the foundation of Fort Hale was, and the work is still going on. At the point where the bastion is to be, the stone wall turns a corner at an angle of about 120 degrees, and just inside this wall on the water fronts, and through the mason on the back of the fortification improvements, runs, or will when the work is completed, a moat or canal, averaging sixty feet in width, it being in some places over a hundred. All the cannon and buildings are to be enclosed within the circuit of this moat, the only outlet to be by a drawbridge some twenty feet wide. The works when finished will probably mount fourteen 32-pounders, two 24-pounders, and two 8-inch columbiads.—*New Haven Journal.*

MALIGNANT FEVER.—The *Village Record* gives an account of the family of a Mr. Hill who recently moved into West Chester and occupied a dwelling which had been shut up for nearly two years. On Monday night of last week all went to bed apparently in the usual health. On Tuesday, four young daughters, aged eight, ten, twelve and fourteen years, were taken sick; one died on Wednesday, another on Thursday; on Thursday they were buried in the same grave. By this time the mother and another boy were sick—the mother unconscious. On Sunday morning another of the children died. We understand the other members of the family were moved on Sunday to another house. The disease is considered by physicians malignant typhoid fever, although it is reported by some spotted fever, &c.

FROM THE ARMY OF THE CUMBERLAND.

KNOXVILLE, March 28.—About sixty rebel deserters came into our lines during the past week, making a total of over eleven hundred for the past three months.

They state that all of General Longstreet's baggage has been sent back towards Richmond, and that his whole force is under marching orders.

Last night a party of forty guerillas captured Mr. H. Foster, of Blount county, and carried him off in the direction of Marysville.

Col. Wolford left here on Saturday. He has been summarily dismissed from the service by the President for expressing disloyal sentiments.

THE OUTBREAK IN ILLINOIS.

MATTOON, Ill., March 30th.—On the receipt of the news of the riot at Charleston, Illinois, 250 men of 54th Illinois regiment, rendezvousing here, went to that place. The rioters having left before the troop arrived, pursuit was made and 30 prisoners were taken and brought here.

The copperheads in this and adjoining counties immediately commenced mustering their forces with the avowed purpose of rescuing the prisoners.

Reports from different sources say that the rioters are from 1,000 to 1,500 strong, and will attack this place to-night.

Every precaution is being taken to give them a warm reception. It is believed that with the united efforts of the citizens and soldiers still here the place can be held against the rioters until the arrival of reinforcements.

[LATER.]

MATTOON, March 30—11 A. M.—The insurgents are said to be threatening both Charleston and Mattoon.

A reconnoissance made last night found them fortified twelve miles from Charleston.

Col. True, in command of the post here, has received authentic information that they are in force at Copairus Mills, ten miles south, and at a place eight miles west of Mattoon.

Col. Oakes, Provost Marshal General has arrived.

The 41st Illinois Regiment has been ordered here from Camp Yates, and 500 men have been ordered from Indianapolis.

General Heintzelman is expected here to-night. Sheriff O'Hair has been joined at his rendezvous by the Sheriff of Edgar county with a band of desperadoes.

A spy sent out by the insurgents was captured this afternoon. He confessed that there are large bands at the two places above mentioned, but refuses to give further information.

The telegraph wires east and north of here have been cut. A scout returned at 11.30 and reports a force of rebels 15,000 three miles east of Mattoon.

FROM CALIFORNIA, OREGON AND IDAHO.

SAN FRANCISCO, March 30.—The steamer Golden Gate arrived last night from Panama. Oregon despatches received to-day contain late news from Idaho Territory, relating principally to the extra measures made for the suppression of crime. The grand jury of Boise county had returned 12 indictments for murders, 16 for assaults with intent to kill, and one for manslaughter. A vigilance committee, numbering 1,000 men, was making a clean sweep of the villains infesting Beaver Head county.

They hung eleven men at Virginia City, five at Big Hole, one at Deer Lodge, and seven at Briar Root. The Indians on Snake river are committing great ravages. They are armed with rifles and shot guns. The rush of emigrants from Oregon and California to Idaho is immense. The Dutch ship Amelia sailed on the 28th for Hong Kong with $350,000 in treasure. The late rains have been of incalculable benefit to the agricultural and mining interests.

MOVEMENTS OF THE REBEL FORREST.

ST. LOUIS, March 31.—The *Democrat* has received a special despatch from Cairo stating that the main body of Forrest's force have been ordered to Jackson, Tenn. Those ordered to Paducah have returned, Col. Hicks having a sufficient force to repel any attack.

During the fight at Paducah the rebels took Mrs. Hammond from the hospital and murdered her. Mrs. Hamilton, Mrs. Howard, Mrs. Eagen and Mrs. McHarg were also taken and sent to the front between two fires and kept there for an hour. Their dresses were perforated by bullets.

While the rebel flag of truce was moving forward, they disposed their forces for action. Our men had ceased firing for fear that the women would be killed.

A man has been arrested on the steamer Henderson, having in his possession a freshly taken scalp of a white man. It is supposed to have belonged to one of our soldiers.

Several persons have been arrested as spies; among them two women.

INTERESTING FROM ST. LOUIS.

ST. LOUIS, March 31.—The Provost Marshal General has ordered the seizure of Pollard's Southern History of the War, the Confederate Official Reports, the Life of Stonewall Jackson, the Life of Morgan, and all publications based upon rebel information, and prohibited their circulation or sale in this Department.

The steamer Florence was sunk on the Missouri river, on Monday. She was valued at $50,000, on which there is an insurance of $28,000. She was laden with bacon, hemp and grain, most of which will be lost.

About 200 wagons leave St. Joseph daily for Idaho.

A STEAMER IN DISTRESS.

NEW YORK, March 31.—The steamer Fulton reports falling in with a propeller in distress on Tuesday night, which wanted assistance, but owing to a terrible gale which was raging, was unable to lay by her all night with safety, but did so until the Fulton was nearly swamped. The propeller was a large two masted vessel, and had both engines broken down and wished to be towed into some port.

(This ship was probably the Thomas A. Scott.)

THE REBELS PREPARING FOR A RAID IN EAST KENTUCKY.

LOUISVILLE, March 30.—About 100 rebels, of Colonel Forrests's force, crossed the Cumberland river at Eddyville yesterday.

An officer, direct from East Kentucky, reports a large force of rebels concentrating at Pound Gap, under Buckner. He says the rebels carry five days' rations and forage, and thinks an extensive raid will be made into the heart of Kentucky.

The rebel force which evacuated Bull's Gap several days since, have gone north, and it is presumed they will either join Longstreet in Virginia,
