She is now well, and gave me a long certificate, certified to by the Rev. Dr. Dowling. Mrt. Bartholomew, 33 West Forty-fifth street, came to my rooms with a tumor on her liver. She was low-spirited, skin sallow, toggue coated, bowels costive, no appetite, and fast sinking into the grave. The said tumor had been running over fourteen years. I gave her Syrup, Tonic and Fills, and told her to Iske them just as the direc-tions were printed. She came back to my rooms, 32 Bond street, in two weeks, somewhat better; her tongue had began to clean a little around the edges her skin whiter and her eyes brighter, and the tumor discharging very offensive matter, much faster than it had ever done before. She kept gradually improving, and in about two months she came to my rooms very much frightened, say-ing that the tumor that every doctor had told her that if it ever healed it would cause her death. I told her that the disease had all left her system and nature would heal the ulcer up. They are now healed, and have been for about a year, and she is a hearty and robust a women as you will find in a day's walk. She is glad for any one to call on her, and takes great pains to visit any one that she hears has anything like her case, and tries to get them to come and see me. The next case is Miss Stofield, from Stamford, Conn. Miss Bartholomew got her down to see me, and she has been ever since at her house. When she first came to my rooms, she was much emaci-ated with a distressing cough, spitting large quan-tities of blood. I examined her lungs with the respirometer, and in all my practice never found one with one lung so far gone and the other lung so scund. I could not give much encouragement. I thought she would die; but to my great astonish-ment the Pulmonic Syrup, Nea.
