The Dismissal of Army and Navy

Officers.

To-Day's Proceedings in Congress.

FROM WASHINGTON.

WASHINGTON, April 5. - Judge Advocate General Holt has, in response to the request of the Senate Committee on Military Affairs, given his views on the House bill taking from the President the power to summarily dismiss army and navy officers, and substitute suspension of such officers in command, with trial by Court-Martial.

Judge Holt says from the foundation of the Government the President has been in the habit of summarily dismissing officers in the land and naval service. The power to do so seems to inhere to him under the constitution as commander-in-chief of the army and navy.

His action in this respect has been attended by no oppression or abuses, and its strict legality cannot be contested. The exercise. therefore, of this authority since the outbreak of this rebellion has nothing in it that savors of usurpation or innovation or that should excite alarm.

In the emergencies of military life, and especially during a period of active hostilities, the interest of the service often not only require that officers shall be instantly dismissed, but that their places shall be immediately supplied. This bill makes such supply impracticable in the case of delinquent and suspended officers because it contemplates no vacancy.

Besides this, Mr. Holt says that many other things that the Government could not investigate through courts-martial, the hundreds of cases which this bill would bring up for trial, such a draft upon the officers of the army needed for active field service must greatly impair the efficiency of the campaign now about to open in every part of the theatre of war. The Senate Military Committee has reported adversely to the bill.

UNION TRIUMPHS IN OHIO. [Special Despatch to the Bulletin.]

CINCINNATI, April 5.-The election in this city has resulted in the entire success of the Union ticket. The vote was light and there was little excitement. The success of the Union tickets in Lancaster and Dayton, the homes of Vallandigham and Olds, sufficiently indicate what the verdict of the people will be wherever peace and submission candidates are put up.

The result in all the towns in Ohio, as far as heard from, shows a total and complete rout of the Verdigris democracy.
