From our Third Edition of Yesterday.

DEFEAT OF THE REBELS IN ARKANSAS.

WASHINGTON, April 6.—The following has been received at headquarters by Maj.-Gen. Halleck, Chief of Staff:

LITTLE ROCK, Ark., April 1.—The following telegram is just received:

PINE BLUFF, Ark., March 31.—*Maj. Greene, A. A. G.*: The expedition to Mount Elba and Long View has just returned. We destroyed the pontoon bridge at Long View, and burned a train of thirty-five wagons loaded with camp and garrison equipmeats and ammunition. We also captured 320 prisoners, and engaged in battle at Mount Elba, yesterday morning, Gen. Dickens's division of 1200 men from Monticello.

We routed him and pursued him 10 miles, with a loss on his side of over 100 killed and wounded. We captured a large quantity of small arms, two stands of colors, many wagons and over 300 horses and mules. Our loss will not exceed 15 in killed, wounded and missing. We brought in several hundred contrabands.

The expedition was a complete success, the details of which will be furnished in my official report, which will be forwarded in a few days.

(Signed) POWELL CLAYTON, Colonel Commanding.

GREAT FIRE IN BUFFALO.

BUFFALO, N. Y., April 6.—A large fire is now raging at the oil refineries of Wardwell & Webster and Atwater and Hawes, at the foot of Maryland street. It is rumored that several persons have been injured and two killed. The loss will be very large, with no insurance.

ACCIDENT TO A PHILADELPHIA STEAMER.

HYANNIS, April 6.—The steamer Saxon, from Philadelphia for Boston, at 6 o'clock yesterday morning struck on Pollock Rip, carrying away her rudder, losing sheet anchor and having to throw overboard a portion of her cargo. She is now at Dennis waiting assistance.

[The Pollock Rip Light boat was driven from her station by the late gale.—Reporter.]

THE MARYLAND ELECTION.

BALTIMORE, April 6.—The election is proceeding very quietly. There is no opposition in this city or in Baltimore county, the disloyal party so far as heard from having made no effort to vote. We expect to have pretty full returns to-night as far as can be reached by the telegraphic lines.

FROM CALIFORNIA.

SAN FRANCISCO, April 2.—Sailed, steamship Golden Age, for Panama, with 235 passengers and $763,000 in treasure for England, and $27,000 for New York.

MARINE MISCELLANY.

Mr. Geo. W. Snow, Clerk of the steamer Saxon, from Philadelphia for Boston, which met with a disaster on Nantucket Shoals, reached Boston last night, and reports that at 2.30 PM. on Sunday last, the Saxon fell in with the ship O Grinnell, from Liverpool for New York, with 150 passengers, showing signals of distress. She was at anchor inside of Fathom Bank, having thumped over the shoal. The Saxon bore down to her, and was requested to tow the vessel into port. A hawser was got to the vessel, but it parted. Other attempts were made to fasten a line on board, but they proved unsuccessful. It was then determined that the ship should try to work herself clear of the bank, the steamer acting as a pilot. This attempt was successful, and the ship having got beyond danger proceeded on her voyage. It is supposed that she was tight, or at least did not leak to any extent, as no further assistance was asked of the steamer.

NAVAL.

The U S ship Constellation, Com. Stellwagen, was at Spezzia 10th ult. waiting orders.

THE GETTYSBURG BATTLE-FIELD MEMORIAL.

AN APPEAL

TO LOYAL PENNSYLVANIANS.

The "GETTYSBURG BATTLE-FIELD MEMORIAL ASSOCIATION" was instituted for the purpose of securing, forever, the principal points upon the great battle-field of the war, in the exact condition in which they were left in July, 1863, when the rebel hordes of the invader LEE were driven back from the free soil of Pennsylvania, and when the gallant soldiers of GENERAL MEADE remained in possession of the field which they had won by their valor. The Association have already secured the purchase of CEMETERY HILL, CULP'S HILL, GRANITE SPUR and ROUND TOP, with the entrenchments thrown up just upon the eve of the great conflict which was the turning point in the career of the rebellion. The field, with its redoubts, wonderful stone defences, its timber breast-works, riflerest heights, with the trees torn by shells and countless bullets, and its long lines of earthwork defences, have all been preserved intact, and to so continue to preserve them, as to be a monument forever of the greatest of American Battle-fields, is the object of the formation of the Association. To enable a large number of persons to join in this patriotic work, the projectors of the plan placed the subscriptions at ten dollars each. The payment of this sum MAKES EACH SUBSCRIBER A MEMBER OF THE ASSOCIATION, AND PART OWNER OF THE GLORIOUS FIELD OF GETTYSBURG.

What Loyal and Patriotic Citizen of Pennsylvania would not gladly embrace the privilege of recording his name upon this roll of honor, and of linking himself directly with the field where the lofty heroism of his countrymen vindicated the integrity of the Union and the principles of Freedom? And who would not desire to hand down as a precious heir-loom to his children the evidence of his part in the good work, bearing, as the certificate will, a view of the field which will rank in history with THERMOPYLÆ, MARATHON and WATERLOO?

There are no salaried officers in this Association, nor are there any objects in view in its creation other than those already stated. The grounds were purchased from their original owners at the exact price to be paid for them by the Association, and the points selected, and the prices to be paid for them, met the unqualified approval of a committee, of the HISTORICAL SOCIETY OF PENNSYLVANIA, appointed for the purpose of visiting the field.

The following are the names of the general officers of the Association, and of the Local Committee in Philadelphia:

☞ UNITED STATES CHRISTIAN COMMISSION.—SUMMARY TO JANUARY 1, 1864.

Work now in Progress in the Army at Rest—Christian Commission Stations largely increased in Number—The Work Abundantly Prospered—Many more Stations needed to meet the wants of the Army—Unprecedented Call for Delegates and Supplies—Preparations for the Coming Campaign, with its Movements and Battles.

The Christian Commission depends mainly upon direct contributions, and must not be forgotten by Loyal Christian People.

INCREASING WANTS DEMAND INCREASED LIBERALITY.

Receipts of Money, Stores, &c., to January 1, 1864, $1,148,092 94.

Number of Boxes of Stores, &c., shipped to the field or distributed at home, 16,330.

Number of Delegates sent, 1,563.

Copies of Scriptures distributed, 568,375; Hymn and Psalm Books, 328,556; Knapsack Hooks, 1,370; 348; Library Books, 43,163; Pamphlets, 155,145; Religious Newspapers, 3,316,250; Pages of Tracts, 22,930,428, Silent Comforters, 4,115.

The United States Christian Commission has seized the present golden opportunity of rest for the Army to extend its work for the good of the Soldiers.

STATIONS have been multiplied, each with its chapel and store tents, free writing tables, and clothing, comforts and reading matter for gratuitous distribution.

VOLUNTARY DELEGATES, in numbers greater than ever before, have been sent to preach the Gospel at the stations and in regiments, batteries and camps without Chaplains, distribute reading matter and stores, and labor for the good of the Soldiers.

A PERMANENT FIELD AGENCY has been sufficiently extended to establish stations and superintend the work.

THE BLESSING OF GOD rests signally on all parts of the work. Many thousands have been cheered, benefited and saved. Still a large part of the Army remains unreached, and double the number, both of stations and delegates, are needed to meet the urgent demand for them.

The Christian Commission offers to the people a perfectly reliable and wonderfully economical channel to reach the entire army in all its various fields. The money given goes in full measure, in benefits for body and soul, directly to the Soldiers; and stores also, immediately from the hands of delegates from home, who add words and deeds of kindness to the gifts when bestowed.

Let the people give the Money and Stores, and the work will be done.

The large corps of Delegates now in the field will serve as a grand corps of relief when the armies shall move and battles be fought, and the greater their number the more prompt and effective will be the relief they shall render.

Let not the present work languish. Wait not for the cry of the wounded and dying before providing relief.

Send now and send abundantly both money and stores, and the soldiers' blessing shall be upon you.

SPECIAL NOTICES.

☞ GREAT CENTRAL FAIR,

To be held in Philadelphia, June, 1864.

AN APPEAL TO THE LADIES.

The undersigned, members of the Committee on

HATS, CAPS AND FURS,

for the Great Central Fair, earnestly invite the co-operation of their country women, especially those resident in Pennsylvania, Delaware and New Jersey in this noble undertaking.

We, therefore, fervently entreat you to use the skill and talent you possess, in the preparation of such articles as fancy caps, smoking caps, childrens' caps, bathing caps, night caps, knit, embroidered, crocheted and braided caps of all kinds, riding hoods, nubias, opera hoods, &c., to be sold at this Great Fair. Any such article, no matter how simple or modest in its style, which will please all, from the humblest to the most fastidious, will be gladly received and thankfully acknowledged. We confidently expect that the Ladies will labor with their wonted alacrity in the cause of the Sanitary Commission, whose object is to alleviate the suffering of those men who endure such hardships and privations in protecting us in all we hold dear.

DIRECTIONS.

The following Rules for Head Measures should be adhered to, in the production of the various articles designed for Men, Youth's, and Children's wear.

HEAD MEASURES

MEN'S WEAR.

		Proportion of Sizes in making one dozen.
21 inches around the head makes	6¾ size,	1

22¼ " " "	7⅛ size,	3
22½ " " "	7¼ size,	2

YOUTH'S WEAR.

20¼ inches around the head makes	6¼ size,	2

In cutting articles of cloth, or other woven material, an allowance of at least two sizes should be made, for seam and inside lining; for instance, in making a 6¾ size, the band should be cut 21¾ inches long instead of 21 inches, which is the actual measurement around the head. In cutting all bands, of whatever material used in the article intended to be made, they should *not* be cut bias.

Let all packages or boxes be marked thus:

PROPOSALS.

PROPOSALS FOR BITUMINOUS COALS.—Sealed Proposals will be received at the Office of the Philadelphia Gas Works, No. 20 South SEVENTH Street, until noon of FRIDAY, 22d of April, 1864, for supplying the whole or any part of *Eighty Thousand Tons of Bituminous Coals*, suitable for the manufacture of illuminating Gas, to be delivered on the Railroad tracks of the Gas Works at the First Ward and the Ninth Ward Stations, in the following monthly quantities; eight thousand tons in each of the months of September, October, November, December, and six thousand tons in each of the months of June, July, August, 1864, and January, February, March, April and May, 1865.

The coals must be delivered fresh, dry, and of a quality approved by the Engineer of the Gas Works, as equal to the sample on which the contract is based.

The proposals must describe the particular variety of coals intended to be supplied and the location and name of the mine or pit from which they are to be raised. If they are of a kind not now or recently used at these Works, samples for trial of not less than fifty tons, must be delivered at the Works, on or before the 7th of April next.

The gross ton of 2240 pounds will be considered as the weight intended in the proposals, unless the contrary be expressly stated.

The Trustees reserve the right to accept any proposals in whole or in part, or to reject all, as they may deem best for the interests of the Trust, and in the event of failure on the part of any contractor to deliver the coals according to his agreement, both in quantity and quality, the Trustees reserve the right to buy elsewhere, whatever quantity may be required to meet the deficiency, and charge to the contractor any loss or damage arising from each failure.

Payments will be made monthly, in two equal instalments at four and six months after the specified periods of delivery, the 15th of each month being taken as the average of the monthly deliveries, or at the option of the Trustees, will be made at earlier dates with legal interest off.

Should contractors prefer to make deliveries earlier than required, they may be received so far as they can be conveniently stored, but payments will be made to date from the time specified to the contractor.

Security for the fulfilment of contract will be required, and each proposal must name the amount and character of security that will be offered. JOHN C. CRESSON, fe20tap22§ Engineer in Chief.
