The City Councils need their regular source meeting yesterday afternoon. SELEOT BRANCH. The resignation of William Harris. preferable to a connection with the Schuylkill works at this time. Mr. Zane said that it was admitted by the Ohief Engineer that the water from the Schuylkill river could not be introduced into the belaware Works for two years. It such is the case: the citizens of Kensington should not be made to suffer until those arrangements are made. There were over two hundred persons who died in that section during the past year from the effects of impure water furnished them, and if the or finance does not pass, perhaps double that number will pass away in the meantime. Surely we should not hesitate to expend thirty thousand dollars to bene-fft those who give to the city a revenue of \$36,000 per year.

per year. Mr. Uhler believed that if the stand pipe were introduced into the centre of the Delawar As pure water could be obtained as comes from the Schwilkill. The latter river is growing worse every day, caused by the action of the waste coal on the lime beds. He thought the city was taking money out of the pockets of the residents of Ken-sington, and not giving them the water for which they paid.

acy paid. Mr. Brightly said he would cheerfully vote any amount to give the citizens of Kensington pure water, but he was opposed to wasting thirty thou-sand dollars to patch up old works. It has been stated that pure water can be introduced from the Schurdlith the Schuylkil River in one year, and if more money is appropriated it can be done in less than that time, and therefore he was opposed to the ordi-

nance. The debate continued for some time, and the yeas and nays being called on the first section, they resulted as follows: Yeas 8, nays 12. The bill

The same committee presented an ordinante ap propriating the sum of three thousand dollars to the Department for supplying the city with water, for the purpose of making surveys for the supply of water, to be brought from beyond the limits of the city, which was agreed to. A resolution was then offered by Mr. Wetherill, appropriating the sum of \$200,000 to give the citi-zens of Kensington more water, by introducing by mains the Schuylkill water to the Helaware Works. COMMON BRANCH. A communication was received from the Schnyl-kill Navigation Company, stating that owners of canal barges had complained that the Penrose Ferry Bridge is in such bad order as to serionsly obstruct the passage of the boats. A message was received from the Mayor vetoing the bill increasing the salaries of the telegraph operators at the Central Station. The Mayor con-

George R. Berrill, who received the next highest vote, should be declared elected. The resolution appended to the majority report was then taken up. Mr. Loughlin opposed its passage. He con-sidered that Mr. Briggs had no logal right to a seat here, as it is shown by the evidence that he did not reside in the Fourteenth Ward, before the 30th of October, 1862.

Mr. Creswell took the same view of the case. A tersome further discussion the resolution was adopted. An ordinance appropriating \$150 to pay a part of the funeral expenses of Lieut.-Col McAlone was nassed.
