EVENING BULLETIN

FRIDAY, APRIL 8, 1864. CONTRIBUTIONS FOR THE WAR.

So far as could be ascertained by a careful author, who collected his statistics with great patience and industry, the total amount of money contributed for the benefit of the soldiers and the prosecution of the war, exclusive of the payments of the National Government, up to a late date was \$212,274,259 45. This enormous sum was made up of bounties, aid to families, gifts from the States for national defence, and the like. The Sanitary contributions alone DON'T fail to get COLURED PHOTOG & AP dS of REIMER. Fine Pictures, beautifully colored, at the moderate charge of \$100 only. Gallery, SECOND street, above Green. Get one. have reached \$16,408,589 50. When we add to the ascertained contributions the numberless gifts which have been made by private individuals who shrink from publicity, the unacknowledged supplies sent to hospitals and camps, and the aid afforded to individual soldiers and sailors under other circümstances, the sum total will appear grander than that ever contributed in a public cause by any people. The author GEORGE J. BOYD, GEORGE J. BOYD, STOCK AND EXCHANGE BROKER, No. 18 South THIRD street Stocks and Loans bought and sold on Commis-sion. at the Board of Brokers. Government Securities, Specie and Uncurrent money bought and sold. Mh2-3mrp5 of the work is Mr. Marcellus Hartley, a merchant of New York, and, as an additional contribution to the same great object, we may mention that the proceeds of all outside sales of the volume have heretofore been given to the Sanitary Commission, and that since the New York fair began the author, the printers and the binders have presented the fair with 6,500 copies of the work, to be sold at the festival. It is a record such as every patriot will be proud to refer to in after times, and cannot but take its place in multitudinous libraries.

BEFINED CRUELTY.

We are not surprised to find one or more of the New York journals protesting against the contemptible mode adopted at the Sanitary-Fair in that city for the punishment of pickpockets, male and female, who may be detected while prosecuting their nefarious trade among the wast crowds which fill the various buildings. The idea of shaming criminals by parading them along the aisles of exhibition rooms with a placard upon which is inscribed in large letters "Pickpocket," fastened to their breasts, is as original as it is infamous, and deserves and receives the censure of every Christian person who may be involuntarily an eye-witness of the degrading display.

GRAY'S PATENT MOLDED COLLARS

Have row been tefere the public for nearly a year. They are universally pronounced the nearest and best fitting collars extant.

the of per edge presents a perfect curve, free from the angles noticed in all other collars. The clavat causes no puckers on the inside of the turn-down collar-they are AS SMOOTH IN-

SIDE AS UT TSIDE-and therefore perfectly free and easy to the neck. The Garotte Cellar has a smooth and evenly

fl: 1shed edge on BOTH SIDES. These Collars are not simply flat pieces of paper cut in the form of a Collar, but are MOLDED AND HAPED TO FIT THE NECK.

They are made in "Novelty" (or turn-down style); in every half size from 12 to 17 inches and in . Eureka', (or Garotte,) from 13 to 17 inches; and packed in "solid sizes" in neatblue cartons, con-taining 100 each; also in smaller ones of 10 eachthe latter a very hardy package for Travelers, Army and Navy Officers.

AF-EVERY COLLAR is stamped

'Gray's Patent Molded Collar." Sold by all Dealers in Men's Furnishing Goods. The Trace supplied by

Van Deusen, Boehmer & Co.,

In the solution of the second pick this important result. It being, on the other hand, the policy of the Mexican Government to strengthen and draw closer the commercial relations of the Mexican Re-public with the United states, it will see with par-icular satisfacion, the citizans of this country take part in Mexican enterprises, and contribute, with their industry and their capital, to develop the great sources of wealth of that Republic, to the mutual benefit of both nations. I am, Sir, very truly, your obedient servant, apé-thé (Signed) M ROMERO.

your most obedient servant. E. L. PLUMB, President.

E. L. PLUMB, President MEXICAN LEGATION IN THE UNITED STATES OF AMERICA. WASHINGTON, March 24, 4564.

MEXICAN LEGATION IN THE UNITED STATES OF AMERICA. OF AMERICA. (Transistion.) Mr. Edward Lee Flunk), President of the Mexican Pacific Company, No 55 Wall street, New York: DEAR SIR: I have received the letter which, under date of the 18th instant, you havefaddressed to me, in which you_inform me that the serious att. nition of North American capitalists is now being turned toward the favorable field for enter-prise presented by the vast mineral wealth of Mexico, and that this has led a large number of persons to manifest a desire to become interested in the concessions that the Company of which you are President holds from the Mexican government; with reference to which you make of me four in-quiries, that I proceed to answer in the order they are a made: 1. The concessions held by the company which you represent, will, of course, be re-oguized and respected by the authorities of the Republic, be-cause the decrees granting said concessions are in the nature of laws, which all of the authorities of the Republic must respect and obey. 2. I have no knowledge of any privileges similar to those possessed by your company by the Mexi-can Government. 3. It would be necessary to enter into many de-tails improper for such a letter as this, in order to give even a slight idea of the Mexicon Concessions. It must suffice, the effer, for me to say that among all of the rich States of the Mexicon Concessions. It must suffice, the effer, for me to say that among all of the rich States of the Mexicon Concessions. The Mexican Government, which desires above all things the development of the vate mate-rial resources of the Republic, considers it one of its first duties to favor the establishment of enter-prises both by raityes and by foreigners, which have for their object to accomplish this important result. It being, on the other hand, the policy of the
