FROM CAIRO AND THE LOWER MISSISSIPPI CAIRO, April 7.—Confiscated goods to the amount of \$49,000, consisting mostly of cotton and sugar, were sold here to-day by order of the U. S. District Court. 1,800 bales of cotton yet remain to be sold. 200 bales of mixed inferior qualities and in bad condition were sold by auction at 41a57% cents.

Over one hundred bales of cotton have been brought up by the naval despatch boat New-National, from the Red River. Also, two 9-inch Dahlgren guns, part of the armament of the rebel Fort De Russey. These guns were part of those captured by the rebels in the Harriet Lane and Indianola.

It was the steamer Joe Jayes, and not the Carrie Jacobs, that was sunk by collision with the steamer Gen. Anderson, mentioned in a former despatch.

The steamer Forsyth has been released and left for Memphis. Several thousand dollars worth of contraband goods were found in her hold. The first clerk has been held for examination.

The election returns indicate, that L. Hummick, Republican, is probably elected Circuit Judge in the 13th circuit.

At Memphis the cotton market rates are, for low qualities unchanged; better qualities have an upward tendency; the receipts are 366 bales; ordinary to good are quoted at 55 to 56 cts; low middlings, 57 a 58; good 62 a 63; fair 66.

THE REBEL BAID IN KENTUCKY. CAIRO, April 7 .- The Cairo News has been furnished with an order issued by Brigadierof Forrest's cavalry, congratulating the rebel troops on the success of the Kentucky campaign. He praises their conduct during the attack on the fort at Paducah, and feelingly deplores the loss of Colonel Thompson commanding the 3d brigade. He asserts that they silenced the guns of the fort and compelled one of the gunboats to withdraw from the action. The rebel loss is set down at fifty killed and ninety wounded, and federal loss at twentyseven killed and seventy or eighty wounded. He concludes by informing the division that he intends holding Western Kentucky.

The actual loss of the Federal force was 14 killed and 42 wounded. The rebel prisoners admit that 300 were killed and three times as many wounded.

Memphis advices report nothing later from Forrest or Grierson. The former is preparing for an attack on Memphis.

[Special Despatch to the Bulletin.] CINCINNATI, April 8 .- Notwithstanding the rebel Buford's assurance that he intends to remain permanently in Kentucky, it is reported that Forrest is manœuvring to get out of the State by dividing his forces into small detachments and slipping them off by byways.

THE RED RIVER EXPEDIT ION. St. Louis, April 8 .- The Democrat pub-

lishes a despatch from Alexandria, La., which says a large amount of cotton was being captured along the Red River.

It is reported that several naval officers were captured while confiscating the cotton. Admiral Porter has issued a circular to the

captains and owners of steamboats in the em_ ploy of the rebel government as transports, stating that if they will deliver the boats to him, he will afford them every opportunity to recover their property, while if they burn them, they will be a total loss.

PARTICULARS OF THE LOSS OF THE REBE L RAM TENNESSEE.

CINCINNATI, April 8th .- The New Orleans Era of March 29, contains the following

WEST GULF SQUADRON, March 20 .- On March 1 the Kennebec steamed up to Dauphin Island, to communicate with the vessels in the Sound. Several rebel gunboats, the Tennessee among them, were seen lying near Grant's Pass.

The day was squally, and at about 3 o'clock In the afternoon, the lookout on board the Kennbec sung out: "The Tennessee is sinking!" All the officers then on deck immediately. All the officers then on deck immediately looked toward the place where the Tennessee was lying, and sure enough, they saw

whole fleet.

have proved a very formidable opponent for our fast cruisers. Her'armament is the greatest loss to the enemy. It consisted of six 100-pounder rifled Parrott guns, three in front and three astern.

FROM CALIFORNIA.

I believe there were three or four smaller

pieces also on board.

SAN FRANCISCO, April 4.—Arrived, ships Swallow from Boston, and Franklin from New

York. The Legislature adjourned finally at 12 o'clock to-night. The only act passed of interest ontside of California is one whereby the State en. gages to pay the interest on a million and a-half of the Central Pacific Railroad Company's bonds for 20 years. In approving this act the Governor expressed the belief that any future Legislature will have the power to repeal it.

SAN FRANCISCO, April 5th .- Arrived ship Hornet, from New York. She reports having spoken, April 1st, in lat. 39 N., ship Enterprise from New York for San Francisco.

Lieut. Col. George H. Ringgold died yesterday. A military funeral will be given him from St. Mary's Cathedral to-morrow.

The legislature adjourned at midnight, and will not meet again for two years. Many bills of local interest were vetoed or retained in the Governor's possession.

The bill submitting to a vote of the people a proposition to issue \$500,000 of State bonds to the Western Pacific Railroad Company, and \$1,500,000 to the Central Pacific Railroad Company, was vetoed on the ground of unconstitutionality. Under another bill the Central Company has the interest on a million and a half of its bonds paid by the State, for twenty

years, as reported yesterday.

San Francisco, April 6.—Arrived ships Haze. Witch of the Wave, Enterprise, Moravia and Valparaiso, all from New York. Sailed, steamer Jno.L. Stephens, for Northwestern ports of Mexico, with merchandise and mining machinery, valued at \$150,000. This is the second large ocean steamer now plying between San Francisco and Mexico, each making abou-

monthly trips. Business generally is very dull. Blasting powder has declined to \$6 per keg. The last bill passed by the late legislature

was one donating \$250 per month during the ensuing five years to Captain Sutter, the California Pioneer.

EXTENSIVE SWINDLING IN CINCINNATI. [Special Despatch to the Bulletin.]

CINCINNATI, April 8 .- There was great excitement in business circles yesterday, on dis covering that the firm of Bidwell & Co., had left the city on Wednesday night, leaving a large amount of debts unsatisfied. They came here in December last, and opened a commission store on Sycamore street; they wormed themselves into the confidence of business men, and consummated a grand scheme of swindling on Wednesday by purchasing from five hundred dollars to twelve hundred dollars worth of jewelry of nearly all the Fourth street jewelers, and a great deal of ready-made clothing. A female accomplice also ran up large bills at the fur stores. The bills were to be paid the next day, but when the creditors appeared the store was found closed up and the firm gone, it is thought to Canada. By the aid of accomplices they have been able to defraud houses in other cities. They had glassware from Pittsburgh, oils from Cleveland, wines General Buford, commanding the 2d division from New York, and various produce from country stores for sale on commission. This stuff they sold, and pocketed the gross proceeds. The extent of their swindling operations is not yet fully known. It is supposed they have made from twenty to twenty-five thousand dollars by the operation of the past three months.

> XXXVIIITH CONGRESS—FIRST SESSION. Washington, April 8.
> SENATE.—Mr. Trumbull (Ill.), from the Judiciary Committee, reported adversely on the joint resolution to establish a new rule of the

Senate requiring executive nominations to be considered in open session.

Mr. Sherman (Ohio) introduced a bill to provide for a national currency secured by United States stocks, and to provide for the redemption thereof. Referred to the Committee on Finance. Mr. Howard (Mich.) introduced the House

bill to secure the title of certain lands in Rock Island, Ill., which caused some debate; but without action, the subject went over at the expiration of the morning hour.
Mr. Hale (N. H.) called up the bill to re-

peal the first section of the joint resolution of February 24th, 1864, relative to the transfer of pensions in the military to the naval service, which was passed.

The Senate took up the joint resolution amending the Constitution.

Mr. Sumner (Mass.) addressed the Senate at length.

The bill was recommitted with instructions to inquire into the expediency of reporting an appropriation for a House of Correction only. House.—Mr. Ganson (N. Y.) made a report from the Committee on Elections that neither Mr. Loan, the sitting member, nor Mr. Bruce, the contestant, were entitled to a seat from the Seventh Congressional District of Missouri. The House resumed the consideration of the

bill to erect a penitentiary, jail and house of correction in the District of Columbia. Mr. Patterson (N. H.) replied to the charge made by Mr. Washburne (III) that he (Mr. Patterson) had voted \$135,000 for extending the Charleston Navy Yard, an extravagant appropriation, and reported to be a swindle as it turned out to be. He said it was hardly courteous to make such a charge, and proceeded to justify his vote. He made the general remark that if any man charged him with wilfully voting for a corruption fund, or for a swindle, he hurled back the infamous charge,

with scorn and contempt, into his teeth.

Mr. Washburne (Ill.) said the gentleman yesterday made an insinuation against him, and he stood by what he said on that occasion, that the appropriation partook of the character of a swindle. He did not accuse Mr. Patterson of voting for a corruption fund, but for what turned out to be a swindle, not intending any reflection on any man in the

House. Mr. Patterson, in view of this explanation, exonerated the gentleman. Messrs. Morrill and Kasson briefly showed that the appropriation was judicious.

PENNSYLVANIA LEGISLATURE. HARRISBURG, April 8. SENATE.—Mr. Nichols presented a petition in favor of the Front Street Passenger Rail-

The following bills were read in place: Mr. Connell,an act to incorporate the Lubricating Oil Company; also, an act to incorporate the Doe Run Oil Company; also, an act incor-porating the American Life and Transit Insurance Company.

Mr. Reilly, an act to incorporate the Locust Coal and Iron Company.

Mr. Lamberton, a resolution instructing the Committee on Federal Relations to bring in a bill authorizing the Governor to procure a gold medal for General Meade, and suitable testimonials for the officers, non-commissioned officers and privates who distinguished themselves

at the battle of Gettysburg.

Mr. Johnston moved to amend that the Committee inquire into the expediency of such presentation, which was agreed to, and the resolution passed.

A supplement relative to the sale and con-

reyance of real estate passed. Also a supplement to the act relative to special courts; and a supplement to the act of 1861, in relation to the managing of railroads. An act relative to suits against railroads and canals was negatived. The joint resolution relative to the removal

of the seat of Government passed its second reading. House.—The House met at ten o'clock. Bills were read in place as follows:

Mr. Wimley, an act to extend the charter of the Bank of Montgomery county. Mr. Long, one incorporating the Carbon Manufacturing Company. Reports were made from Standing Commit-

tees. One by Mr. Bigham, from Ways and Means, an act imposing additional taxes for State purposes. Reported upon favorably. Mr. Barger, from the Judiciary, a general supplement to the act relative to the support employment of the poor. Reported fa-

vorably.

Mr. Boyer from the Committee on Banks, one increasing the capital stock and extending the charter of the Allentown bank. Reported favorably. Mr. Glass, on Military Affairs, a supplement

to the act creating a loan and for arming the State. Reported favorably.

The following bills were considered:

A supplement to an act incorporating the Mont Alto Iron Company. Passed.

One relative to the Western Pennsylvania Hospital. Passed. An act providing for the time and manner of submitting to the people an amendment to the Constitution giving soldiers the right to vote.

The bill fixes the first Tuesday in August as Mr. Searight amended by making the time the second Tuesday in October,

The loss amounted to about \$100,000, on which there is an insurance of \$60.000.

SINGULAR IF TRUE. - A Portland paper states s singular fact (if it be a fact) in connection with the losses of ocean steamships belonging to the Montreal line. It seems that in every instance the vessel that has taken back to Liverpool the effects of a wrecked steamer of this line has been the next in succession to

become a victim. DEAD .- General Isaac Eastman, of Concord N. H., died a few days since, at the advanced age of eighty-four years. He was formerly well known in military circles, and for many years was a major-general in the New Hampshire State militia. He is said to have been the oldest freemason in New Hampshire.

FINANCE AND BUSINESS __APRIL 8, 1864, The Stock Market was feverish and unsettled this morning, influenced by the telegraphic account from New York indicating a panic there in Fort Wayne and some other securities.
