THE GREAT SANITARY FAIR IN PHIL-ADELPHIA.

LETTER FROM GENERAL WEADS HEADQUARTERS ARMY OF THE POTOMAG, April 8.—L. Montgomery Bond, Esq., Dear Sir:—I have the honor to acknowledge the receipt of your communication of the 6th instant, inclusing oir communication of the 6th instant, inclosing culars of the "Committee on Labor, Incomes communication of the 6th instant, inclosing circulars of the "Committee on Labor, Incomes and Revenues" of the Great Central Fair for the United States Sanitary Commission. I feel very much flattered and complimented at the honor conferred or me, by placing my name as one of the honorary members of this important Committee. It is hardly necessary for me to assure you that I am with you heart and soul in the great work of benevolence and charity which you have entered on

tered on.

It has been my duty to make inquiry as to the practical working and benefit of the United States Sanitary Commission, and it affords me great pleasure to bear testimony, so far as this army is concerned, to the inestimable benefits and blessings conferred by this noble association on the suffering, and wounded soldiers.

A few facts in connection with this point may be of use to you. At the battle of Gettysburg the number of wounded of our own army alone amounted, by official reports, to thirteen thousand seven hunleft on the field were estimated by our medical officers as amounting to eight thousand. This would make in all nearly twenty-two thousand suffering beings, requiring immediate care and attention to save lite.

Few people can realize such large numbers, but if you tell them that should they fill and pack your Academy of Music in Philadelphia (which holds, I believe, some thirty-five hundred people,) sit times, and then imagine every soul in this immense crowd wounded, they will have a small idea of the great work for humanity on the field of Gettysburg.

Now although the Government is most liberal and the state of the great work for humanity on the field of Getysburg.

idea of the great work for humanity on the field of Gettysburg.

Now, although the Government is most liberal and generous in all its provisions for the sick and wounded, yet it is impossible to keep constantly on hand either the personnel or suppl es required in an emergency of this kind.

In addition to this difficulty at Gettysburg I was expected in a few days to have another battle at some distant point, it was absolutely necessary I some distant point, it was absolutely necessary I some distant point, it was absolutely necessary I geons and medical supplies, so that the wounded of Gettysburg were, in a measure, dependent upon bastily collect, and upon the generous aid so cheerfully and promptly afforded by the Sanitary and Christian Commissions, and the various State and every source was here most urgently needed, and it gives me great pleasure to say that, from the reports of my medical officers, I am satisfied the United States Sanitary Commission, as well as the others above named, were fully up to the work before them.

What has occurred in the past may occur in the injure. There is no control to the control of the post of Chris-

tan love or charity, and if the voices of the brave soldiers are of any influence, you may rest assured you have their hearty wishes and earnest prayers. Most respectfully and truly yours, GEORGE G. MEADE, Major-General, Com'g Army of the Potomac.

GETTYSBURG BATTLE-FIELD MEMORIAL.

AN APPEAL

TO LOYAL PENNSYLVANIANS, The "GETTYSBURG BATTLE-FIELD ME. MOBIAL ASSOCIATION" was instituted for the

purpose of securing, forever, the principal points upon the great bat'le-field of the war, in the exact condition in which they were left in July, 1863, when the rebel hordes of the invader Lyk were driven back from the free soil of Pennsylvania. and when the gallant soldiers of General Mran remained in possession of the field which they had won by their valor. The Association have already secured the purchase of CEMETERY HILL, CULP a HILL, GRANITE SPUE and ROUND TOP, with the entrenchments thrown up just upon the eye of the great conflict which was the turning point in the career of the rebellion. The field, with its redoubts, wonderful stone defences, its timber breast-works, itsforest heights, with the trees torn by shells and countless builets, and its long lines of earthwork defences, have all been preserved intact, and to so continue to preserve them, as to be a monument forever of the greatest of American Battle-fields. s the object of the formation of the Association. To enable a large number of persons to join in thi patriotic work, the projectors of the plan placed the subscriptions at ten dollars each. The payment of this sum makes each subscriber a member OF THE ASSOCIATION, AND PART OWNER OF THE GLORIOUS FIELD OF GETTYSBURG.

What Loyal and Patriotic Citizen of Pennsylvania would not gladly embrace the privilege of recording his name upon this rolof honor, and of sinking himself directly with the field where the lofty herolam of his countrymen vindicated the integrity of the Union and the principles of Freedom? And who would not desire to hand down as a precious heir-loom to his children the evidence of his part in the good work, bearing, as the certificate will, a view of the field which will rank in history with Thermopyles, Marathon and Wa

There are no salaried officers in this Association. not are there any objects in view in its creation other than those already stated. The grounds were purchased from their original owners at the exact price to be paid for them by the Association, and the points selected, and the prices to be paid for m, met the unqualified approval of s of the HISTORICAL LOCIETY OF PENNSYLVANIA, appointed for the purpose of visiting the field. The following are the names of the general officers of the Association, and of the Local Com-
