DREADFUL RUTCHERY AT FORT PILLOW. CAIRO, ILL., April 14.—On Tuesday morning Forrest, with some 6,000 men, attacked Fort Pillow. Soon after the attack Forrest sent a flag of truce demanding the surrender of the fort and garrison, in the meanwhile disposing his force so as to gain an advantage.

Major Booth, of the 3d Tennessee United States Heavy Artillery, formerly the 1st Alabama Cavalry (colored), refused to receive the flag of truce and fighting was resumed. Afterwards a second flag came in, which was also refused. Both flags gave the rebels the

advantage of gaining new positions. The battle was kept up till 3 o'clock P. M. when Major Booth was killed and Major Bradford took command. The rebels had come in swarms over our troops, compelling them to surrender.

Immediately upon the surrender, there ensued a scene which utterly baffles description. Up to that time comparatively few of our men thirsty as devils incarnate, the Confederates commenced an indiscriminate butchery of the whites and blacks including those of both colors who had been previously wounded

The dead and wounded negroes were piled in heaps and burned, and several citizens who joined our forces for protection, were killed or wounded.

The black soldiers, becoming demoralized. rushed to the rear, their white officers having thrown down their arms. Both white and black were bayonetted, shot or sabred, and even dead bodies were horribly mutilated. Children of seven or eight years of age, and several negro women were killed in cold blood. Soldiers unable to speak, from their wounds, were shot dead, and their bodies rolled down the banks into the river.

Out of a garrison of 600 men only 200 remained alive.

Among our dead officers are Capt. Bradford, Lieuts. Barr, Ackerstrom, Wilson, Revel, and Major Booth, all of the 13th Tennessee Cavalry; Capt. Posten, Lient. Lyon, of the 13th Tennessee, and Capt. Young, of the 24th Missouri, Acting Provost Marshal, were taken pris-

Major Bradford was also taken, but is said to have escaped. It is feared, however, that he nas been killed.

The steamer Platte Valley came up about 31 o'clock. She was hailed by the rebels under a flag of truce and her men sent ashore to bury the dead and take aboard such of the wounded as the rebels had allowed to live. Fifty-seven were taken aboard, including seven or eight colored men. Eight of them died on the way up. The steamer arrived here this evening and was immediately sent to the Mound City hospital to discharge her suffering passengers. Among the wounded of the colored troops are Captain Porter, Lieutenant Libberts and Adjutant Lemming.

Six guns were captured by the rebels and carried off, including two 10-pound parrotts and two 12-pound howitzers. A large amount of stores were destroyed and carried away. The intention of the rebels seemed to be to evacuate the place and move on towards Memphis.

NEW ATTACK ON PADUCAH.

Louisville, March 14.-Col. Pratt, commanding at Fort Donelson, telegraphs that he is informed that Paducah has been attacked, and the town is full of rebels.

FROM NEW ORLEANS. NEW YORK, April 15.—The steamer Conti-

nental arrived at this port this morning from New Orleans on the 8th inst. Advices from Alexandria to the 5th report

that Gen. Banks and his staff proceeded up the river to Grand Ecore. All was quiet at Alexandria, and ample precaution had been taken against a surprise by the enemy.

The heavy iron-clads had dropped down to Fort De Russey. There was still sufficient water for the gunboats and transports to cross

The streets of Alexandria were barricaded in case of raids being made by the rebels. Some five hundred people have taken the

oath of allegiance under the President's Amesty Preclamation.

A Union meeting was held on the 4th. The steamer Luminary, before reported de-

stroyed, was above the falls uninjured. Advices from Texas state that Gen. Dana has been relieved from the command of the troops at Pass Cavallo at his own request, and

been succeeded by Gen. Warren. Gen. Herron was sick at Brownsville, of the small-pox.

A rebel torpedo had washed ashore at Cedar Bayon, and, being roughly handled by two men of the 2d New York Cavalry, exploded killing their horses and maining themselves. A blockade-running schooner tried to get ou of Pass Cavallo on the 2d. The gunboat Es trella chased her, and the rebels set fire to her escaping in boats. The vessel was then hoarde

saved. She was abandoned to the flames. Major Breckinridge arrived at Pass Cavallo on the 3d, with a flag of truce, bringing a number of women and children from Texana aud In-

dianola. There is no prospect of any immediate movement either on the coast or from Brownsville. The sloop-of-war Pensacola left New Orleans on the 7th inst. for New York.

General Dana had arrived in New Orleans. The steamer James Battle was fired into by thirty guerillas, twenty-five miles below Grand Ecore, wounding Major E. Gifford, the Paymaster, and an engineer, but neither seriously. The boat was but little damaged.

The river was falling. Advices from Matamoras report that no French or Franco-Mexican force is there, nor

known to be near there. Judge Durell was President of the Free State Convention in session at New Orleans.

Advices from Pensacola report a fight between Captain Schmidt, of Company M, 142d New York Cavalry, with thirty men, and fifty rebels under Major Randolph, of the 6th Alabama Cavalry, near that place. After a ten minutes' hand-to-hand fight the rebels fled. Their loss was 15 killed and wounded and 11 prisoners. Our loss was 3 slightly wounded, including Lieut. Von Lengercje.

General Asboth was in command at Pensacola.

The enemy were concentrating a heavy force at Pollard, Ala., to operate on the line of railroad from Pensacola to Montgomery.

The most terrible persecutions were inflicted on people who tried to evade the conscription Hundreds of men, women and children were concealed in the swamps, and numbers die of starvation.

Six refugees who attempted to escape in a boat from East Bay were fired upon by a rebel scouting party. Three of them were killed and two wounded. The uninjured one escaped with his ghastly load.

A terrible storm raged at Pensacola, but no marine losses are recorded.

The sloop-of-war Richmond rolled so much that her guns were dipped under the water. The steamer Liberty, with troops from New York, had arrived at New Orleans. The

steamer Havana had also arrived. The reports of a rebel attack on Alexandria are untrue. Cotton at New Orleans is in reduced supply,

and prices are firm. Middlings 72 cents. Su-

gar and molasses are dull. THE WAR IN SOUTH ARKANSAS. LITTLE ROCK, ARK., April 11th .- Advices from General Steele to the 7th have been received. His expedition had reached a point five miles south of Eken Ferry, on the Little Missouri river, about twenty-five miles from Camden, where he expected General Thayer

with the Fort Smith force to join him the next On the 2d, Shelby attacked General Steele's rear guard under General Rice, with twelve hundred cavalry and two pieces of artillery. He was repulsed with a loss of one hundred killed and wounded. Our loss was forty-four

killed and wounded, and fifteen prisoners. On the 4th Marmaduke made an attack with three thousand to four thousand cavalry and five pieces of artillery on the south side of the Little Missouri. After five hours fighting he was routed, with a loss of four killed and twenty-three wounded. There is a large force of rebels five or six miles in Steele's advance, but it is not expected that they will make a stand. Nothing has been heard from Banks

or the gunboats. FROM HAVANA.

New York, April 15.—The steamer Corsica has arrived from Havana on the 9th, and Nassau on the 11th. The schooner Petrel at Nassau from Charleston, reports the loss of the steamer Juno from Wilmington for Nassau. She broke in two,

and nearly all hands were drowned. A report that the British gunboat Cygnet had been fired into by the U.S. gunboat Rhode Island, off Abaco, proved unfounded.

The steamers Syren and Congette had arrived from Wilmington and the Greyhound, Will-of-the-Wisp and Syren had sailed to run the blockade.

A BUTTER LEAGUE.—The exorbitant prices charged for butter is exciting considerable discussion among our citizens, and a proposition to dispense with the use of the article, is seriously talked of. We understand that the citizens of a portion of the Fifteenth Ward have formed a "Butter League," and have resolved not to buy butter until it is held at a much lower rate. A farmer who usually supplies that section of the city, it is said, came to town yesterday, with one hundred pounds, and returned home last evening, with ninety-eight pounds, his customers refusing to take the butter at the price asked.

U. S. 10-40 BONDS.

These Bonds are issued under the Act of Congress of March 8th, 1864, which provides that in lieu of so much of the loan authorized by the Act of March 3d, 1863, to which this is supplementary, the Secretary of the Treasury is authorized to borrow from time to time, on the credit of the United States, not exceeding TWO HUNDRED MIL-LION DOLLARS during the current fiscal year, and to prepare and issue therefor Coupon and Registered Bonds of the United States; and all Bonds issued under this Act shall be EXEMPT FROM TAXATION by or under any State or municipal authority. Subscriptions to these Bonds are received in United States notes or notes of National Banks. They are TO BE REDEEMED IN COIN, at the pleasure of the Government, at any period not less than ten nor more than forty years from their date, and until their redemption FIVE PEE CENT. INTEREST WILL BE PAID IN COIN, on Bonds of not over one hundred dollars annually, and on all other Bonds semi-annually.

The interest is payable on the first days of March and September in each year. The semi-annual Coupons are payable at those dates, and the annual Coupons on the 50 and 100 dollar Bonds are paya. ble on the first of March.

Subscribers will receive either Registered or Coupon Bonds, as they may prefer. Registered Bonds are recorded on the books of the U.S. Treasurer, and can be transferred only on the owner's order. Coupon Bonds are payable to bearer, and are more convenient for commercial

TLEOS. Registered Bonds will be issued of the denominations of Fifty Dollars (\$50), One Hundred Dollars (\$100), Five Hundred Dollars (\$500), One Thousand Dollars (\$1,000), Five Thousand Dollars (\$5,000), and Ten Thousand Dollars (\$10,000); and Coupon Bonds to the denominations of Fifty Dollars (\$50), One Hundred Dollars (\$100), Five Hundred Dollars (\$500), and One Thousand Dol-

lars (\$1,000). Subscribers to this loan will have the option of having their Bonds draw interest from March 1st, by paying the accrued interest in coin-(or in United States notes, or he notes of Nationa Banks, adding fifty per cent. for premium,) receive them drawing interest from the date I

subscription and deposit. As these Bonds are exempt from municipal or State taxation, their value is increased from one to three per cent. per annum, according to the rate of tax levied in various parts of the country.

At the present rate of premium on gold they pay over eight per cent. interest in currency, and are of equal convenience as a permanent or jemporary investment. It is believed that no securities offer so great inducements to lenders as the various descriptions of U. S. Bonds. In all other forms of indebtedness, the faith or abunty of private parties or stock

companies or separate communities only is pledged for payment, while for the debts of the United States the whole property of the country is holden to secure the payment of both principal and interest in coin. These Bonds may be subscribed for in sums from \$50 up to any magnitude, on the same terms, and are thus made equally available to the smallest

verted into money at any moment, and the holder will have the benefit of the interest. The fact that all duties on imports are payable in specie furnishes a fund for like payment of inrest on all Government Bonds largely

lender and the largest capitalist. They can be con-

of the wants of the treasury for this purpose. Upon the receipt of subscriptions a certificate of deposit therefor, in duplicate, will be issued, the original of which will be forwarded by the sabscriber to the Secretary of the Treasury, at Washington, with a letter stating the kind (registered or coupon) and the denominations of bonds required. Upon the receipt of the original certificates at the Treasury Department, the bonds subscribed for will be transmitted to the subscribers respec-

Subscriptions will be received by the Treasurer of the United States at Washington, and the Assistant Treasurers at Philadelphia, New York, Roston.
