A resolution directing the Chief Commissioner of Highways to present plans for a bridge over the Schuylkill, at South street, was agreed to.

A resolution to repair Spring Garden Hall was agreed to. The bill from Common Council making a further

Bills from Common Council were their considered. Adjourned.

COMMON BRANCH.

A communication was received from the Mayor stating that he had withheld his signature from a bill making an appropriation for the grading of Broad street from Germantown road to Fisher's lane, because the appropriations were not adequate to meet the expenses of the current year.

The consideration of the ordinance was post-noned.

agreed to.

Bills from Common Council were then con-

poned.
A petition from the citizens of the Eighth Precinct of Seventeenth Ward, asking to have the precinct house changed to Fifth and Thempson strees, was presented. Referred to the Committee on Law. tree's, was presented. Related to the Committee on Law.

The citizens of the Second Precinct of Twentieth Ward, also petitioned for a change in the place or voting. Referred to the Committee on Law.

A resolution inviting Select Council to meet in joint convention on Thursday next, at ½ o'clock, to electa Building Inspector, was adopted.

The Committee on Highways reported resolutions authorizing the paving of Lloyd street, from Sargeant to Huntingdon street, Nineteenth Ward; Twenty-sixth street, between Washington avenue and Federal street, Twenty-sixth Ward; Palethorp street, from Dauphin to York street, Nine-

thorp street, from Dauphin to York street, Nine-teenth Ward; and Beach street, from Cumberland to York street, Nineteenth Ward. The resolution

were adopted.
Also, a resolution authorizing the grading of Dauphin street, from Belgrave to Wilson street, Nineteenth Ward, at a cost not exceeding \$750. Passed. Passed.

Also, a resolution authorizing the tram waying of Hope, Malloy, Clay and Ashton streets. Adopted.

Also, a resolution authorizing the grading of Eliza street, Twentieth Ward, at a cost not ex-Elizabree, I wenteeth ward, at a cost not exceeding \$400. Adopted.

Also, an ordinance appropriating \$3,450 to pay damages sustained in the opening of Day street, from Wildey street to Girard avenue, Eighteenth Ward. Passed.

Mr. Gratz introduced an ordinance authorizing air. Graiz introduced an ordinance authorizing the American Telegraph Company io place wires upon certain poles of the police telegraph, and granting the company permission to transmit messages ove the police telegraph to Germantown and Chestnut Hill, which was adopted.

The Committee on Trusts and Fire reported an ordinance making an appropriation of teles as

ordinance making an appropriation of \$166 66 to the Franklin Hose and Steam Fire Engine Company for five months' services as a steam forcing e company previous to being located as a steam The same committee reported an ordinance to increase the salary of the Chief Engineer of the Fire

31,060. The ordinance was passed—yeas 22, nays—Messrs. Billington, Hulseman, Oram and Stokely.

The Committee on Finance, of this Chamber, re-The Committee on Firence, of this Chamber, reported back the ordinance increasing the salaries of the employes in the Department of the Girard Estate, with an amendment fixing the salary of the Superintendent at \$1,800; that of the Agent at \$1,501. The amendment was adopted and the bill

passed.
Mr. Loughlin submitted an ordinance providing

Mr. Loughlin submitted an ordinance providing that the relief of the families of volunteers shall be extended to the families of all persons eredited to the quota of Philadelphia, whether enlisted in the regular, volunteer, or inaval service. Passed.

Mr. Everman offered an ordinance relative to the paying of sidewalks in the Twenty-fourth Ward Adopted.

Mr. Loughlin presented an ordinance providing that no District Surveyor shall give authority for the paying of the cantway of any street until the certificate of the Chief Engineer of the Water Works is filed in the Survey Department that water pipe has been laid in said street, and all resolutions heretofore or hereafter passed providing for the paying of streets shall take effect, subject to the provisions hereof. Adopted.

Mr. Evans offered a resolution providing for a joint special committee of three members to inquire into the expediency of the removal of the toll

MIT. Evans offered a resolution providing for a joint special committee of three members to inquire into the expediency of the removal of the toll gates, and to report upon what terms and in what manner such removal can be effected. Passed.

MIT. Loughlm introduced a resolution appointing the Chairman of the Standing Committees of Councils a special committee to ascertain the price of wages paid in the respective Departments for three years prior to the ist of January, 1834, and to report a proper and uniform advance of pay for the current year, to be reported to the Finance Committee for their government in considering the appropriation bills. Adopted.

The ordinance from Select Council appropriating \$328 25 to the Olerks of Councils, to pay outstanding bills for 1863, was passed.

The ordinance to increase the salaries in the Water Department was then taken up.

Mr. Evans moved to reduce the salary of the Chief Engineer from \$3,125 to \$2,500.

Mr. Solvely moved to further amend by fixing the amount at \$2,500. Not agreed to. Yeas 10—nays 18

Mr. Evans then modified his amendment by

nsys 18
Mr. Evans then modified his amendment by changing the various items, so that the increase shall be more equitable than that proposed in the original bill.

The amendments of Mr. Evans were agreed to, The amendments of Mr. Evans were agreed to, and the bill was passed.

The bill increasing the salaries in the Highway Department was taken up and a motion was made to reinstate a section authorizing the appointment of an additional miscellaneous clerk, which was

stricken out at a previous meeting.

The motion gave rise to a lengthy debate, pending which the Chamber adjourned.

THE WORM NUISANCE—A REPORT FROM PROF. LEIDY.

Prof. Leidy yesterday tent to Select Council an interesting report upon the subject of worms upon shade trees, in which he details the results of experiments. He found that while there are half a dozen insects which injuriously infest the shade trees, but only one proves to be a very serious nuisance. This is the *pan worm, which belongs to the same family as the destructive canker worm of New England. Some gardeners have insisted that the cocoons, which are conspicuously Observable in winter suspended from the branches of the trees, belorg to the span worm, and other persons have supposed that the white, cotton-like masses filled with eggs, and adhering to the under side of the branches, belong to the same insect, both of which views are erroneous. The former befongs to a worm which constructs its cave or cocoon immediately after escaping from the egg, enlarges it with its growth, and never for a moment leaves it, it is the so-called "sack-beare." The cottony masses belong to a bark louse. The span worm appears in the early part of May, while the foliage is young and tender. When hatched from but rapidly growing it soon makes itself conspications. From about the tenth to the middle then ready to undergo transformation into the but conceal themselves under the curied edge of a the fragments of leaves attached together in the same manner, or they enclose themselves in a When the worms are transformed to some branch male and female are winged, and the dege of a the fragments of leaves attached together in the loose net attached to the fork of some branch male and female are winged, and these differ from oldes not save the trees. The eggs are of a green color, and of oval shape, and are deposited on the trees will in the slightest degree affect the insect. To get rid of the eggs would require the trees to be stripped of their branches, for scraping or cleaning is out of the question; nor wi

with infusions of tobacco, sumae, aloes, nux yomica, mustard, Cayenne pepper, soap and carbonic acid. They failed to produce the desired effect. At the recommendation of a citizen, a solution of arsenious acid was tried. It proved effectual in destroying the worms, without injuring the trees; but unfortanately the substance is too dangerous a polson to be publicly recommended. Hot and ice-cold water were tried, but without effect, as also fumigation with burning sulphur. The result of the ext eriments is that Prof. Leidy recommended the trees to be tapped, striking the infected trees and thus comp. Iling the worms to descend to the ground and so disposed of—it being ascertained that the worms are easily alarmed at a tapping of the trees and seek protection by coming to the ground. The tapping is more successful than shaking. For tapping, a mallet may be used, cushioned at the ends to avoid bruising the bark. A single tapping will not entirely free the trees from worms—a few will remain; those which fall from the higher boughs will often lodge on the lower ones. If the process is repeated after a day, the trees can be completely cleared. One tapping, however will so far clean the trees that the worms, from their greatly diminished number, will cease to prevent the worms ascending, and after the operation, the worms should be collected together and scalded. In the proper seasons some persons would find it perhaps a profitable employment to go about and call upon citizens and offer to clear their trees of worms in the method described, for a reasonable compensation.

HILTON'S OEMENT.—The Insoluble Cement of the Messrs Hilton Brothers is certainly the best article of the kind ever invented. It should be kept in every manufactory, workshop and house, everywhere. By its use many dollars can be saved in the run of a year. This Cement cannot decompose or become corrupt, as its combination is on scientific principles, and under no circumstances or change of temperature will it emit any offensive smell. The various uses to which it can be successfully applied renders it invaluable to all classes. For particulars see advertisement

Now, therefore, I, Hugh McCulloch, Comptroller of the Currency, do hereby certify that the

Now, therefore, I, Hugh McCulloch, Comptroller of the Currency, do hereby certify that the FOURTH NATIONAL BANK OF PHILADEL-PHIA, co. unty of Philadelphia, and State of Pennsylvania, is authorized to commence the business of Banking, under the act aforesaid. of Banking, under the act aforesaid.

In testimony whereof, witness my hand and seal of office, this twenty-sixth day of February, 1864.

HUGH McCULLOCH, mh2-2m\$

Comptroller of the Currency.

UNITED STATES CHRISTIAN COM-MISSION.—SUMMARY TO JANUARY MISSION.—SUMMARY TO JANUARY
I, 1864.
Work now in Progress in the Army at Rest—Christian Commission Stations largely increased in Number—The Work Abundantly Prospered—Many more Stations needed to meet the wants of the Army—Unprecedented Call for Delegates and Supplies—Preparations for the Coming Campaign, with its Movements and Battles.

The Christian Commission depends mainly upon direct contributions, and must not be forgotten by Loyal Christian People.

INCREASING WANTS DEMAND IN-OREASED LIBERALITY.

Receipts of Money, Stores, &c., to January 1, 1864, \$1,148.033 94.

Number of Boxes of Stores, &c., shipped to the field or distributed at home, 16,330.

Number of Boxes of Stores, &c., shipped to the field or distributed at home, 16,330.

Number of Delegates sent, 1,563.

Copies of Scriptures distributed, 568,275; Hymn and Psalm Books, 502,556; Knapsack Books, 1,370, -348; Library Books, 43, 163; Pamphlets, 155, 145; Religious Newspapers, 3,316,250; Pages of Tracts, 22,930,428, Silent Comforters, 4, 116.

The United States Christian Commission has seized the present golden opportunity of rest for the Army to extend its work for the good of the Soldiers. Soldiers.

STATIONS have been multiplied, each with its chapel and store tents, free writing tables, and clothing, comforts and reading matter for grauitous distribution.
VOLUNTARY DELEGATES, in numbers greater than ever before, have been sent to preach the Gospel at the stations and in regiments, bat-teries and camps without Chaplains, distribute reading matter and stores, and labor for the good

teries and camps without Chaplains, distribute reading matter and stores, and labor for the good of the Soldiers.

A PERMANENT FIELD AGENOY has been sufficiently extended to establish stations and superintend the work.

THE BLESSING OF GOD rests signally on all parts of the work. Many thousands have been cheered, benefited and saved. Still a large part of the Army remains unreached, and double the number, both of stations and delegates, are needed to meet the urgent demand for them.

The Christian Commission offers to the people a perfectly reliable and wonderfully economical channel to reach the entire army in all its various fields. The money given goes in full measure, in benefits for body and soul, directly tothe Soldiers; and stores also, immediately from the hands of delegates from home, who add words and deeds of kirdness to the gifts when bestowed.

Let the people give the Money and Stores, and the work will be done.

The large corps of Delegates now in the field will serve as a grand corps of relief when the armies shall move and battles be fought, and the greater their number the more prompt and effective will be the relief they shall render.

Let not the present work languish. Wait not for the cry of the wounded and dying before providing relief.

Send now and send abundantly both money and stores, and the soldiers' blessing shall be upon you.
Send money to JOSEPH PATTERSON, Trea-Surer, at Western Bank, and stores to

UN ON STATE CONVENTION.—The loyal men of Pennsylvania, comprising the Nauonal Union Party, will meet in State Convention in the Hall of the House of Representatives, at HARRISBURG, at noon, on

THURSDAY. April 28. 1864.

Each district will be entitled to the same representation it now has in the State Legislature, and the delegates will be chosen at such times and in such manner as shall be directed by the respective County Committees.

The State Convention is called for the purpose of placing in nomination an Electoral ticket, selecting delegates at large to the National Convention of the Union party to be held at Baltimore on the 7th of June, and taking such action as it may deem 7th of June, and taking such action as it may deem proper in reference to the approaching Presidential canvass.

The selection of the district delegates from Penn-The selection of the district delegates from Pennsylvania to the National Convention is left—where it properly belongs—to the people assembled in their County Committees are earnestly requested to adopt such measures as will procure a full attendance at their respective Conventions, and thereby secure, in the choice of delegates, a full and fair expression of the will of the people.

The committee cannot forbear to congratulate all lovers of liberty and the Union upon the recent triumps of the good cause in New Hampshire and Connecticut, and to express the hope shared by all loyal men, that they are only the forerunners of more splendid victories soon to be won in the same

loyal men, that they are only the lorerunners of more splendid victories soon to be won in the same cause alike by the bullet and the ballot.

In behalf of the Union State Central Committee.

WAYNE MCVEAGH, Chairman.

GEO. W HAMERSLEY, Secretaries.

W. W. HAYS, ELECTRICITY.

LOOK AND LIVE! A WORD TO THE WISE IS SUFFICIENT!
All diseased conditions, both acute and chronic, where there is vitality enough left to react, are permanently cured, by warrantee, at 1220 Walnut street, Philadelphia, and in case of a failura in most obstinate maladies, no charre is made. Electrical Institution, established about five years ago by Professor Bolles. Read the following:
A class of maladies prevails to a fearful extent in communities, dooming 102, 600 youths, of both sexes, annually to an early grave. These diseases are very imperfectly understood. Their external manifestations or symptoms are nervous deal ity, relexator, and great exhaustion, marasmus, or wasting and consumption of the tissues of the whole body, shortness of breathing, or too hurried breathing on ascending a hill or flight of stairs, palpitation of the heart, asthma, bronchitis, and a dry, sore throat, trembling and shaking of the arms and lower limbs, aversion to society, business, and to study: sometimes dimness of the events of these parts of the execution. LOOK AND LIVE! A WORD TO THE WISE a diy, sore throat, trembling and shaking of the arms and lower limbs, aversion to society, business, and to study: sometimes dimness of the eyesight, loss of memory, diziness of the head, reuralgia, pain in various parts of the body, pains in the back and lower limbs, lumbago, dyspepsia, constipation of the bowels, deranged secretions of the kidneys, and many other glat ds of the body, producing virulent diseases in both males and females, likewise epilepsy, hysteria, and different forms of nervous spasms. Now, then, ninety-nine cases out of every hundred of all the above named diseases, and a host of others not named, as consumption of the lungs or of the spinal nerves, have their origin in the pelvic viscera, hence the want of success by any of the old medical systems of practice.

All the above named maladies are treated and cured by Professor Bolles, at 1220 Walnut street.

D'SEASES OF FEMALES.

Prolapsus Uteri, Leucorrhæa, Amenorrhæa, Dysmenorrhæa. All the above diseases and other Uterine complaints have their origin in a loss of the vital power of the body, brought on by injuries, excesses, sadentary habits, personal abuses, abortions, and the use of powerful medicines. Some of the peculiar symptoms are dragging pains through the hips and back, weakness of the limbs, and extreme languor and debility throughout the entire system. The effects produced from these troublesome maladies are almost multitudinous. Consumption, Dyspepsia, Neuralgia, Paralysis, Deatness, Blindness, Fits, Insanity and even Idiocy are not uncommon.

No effectual or reliable remedy has ever been found for these alarming complaints till our late discovery in the use of Electricity in strict accor-

No effectual or reliable remedy has ever been dound for these alarming complaints till oar late discovery in the use of Electricity in strict accordance with the positive and negative polar action of the Uterine Urgans. We never failed in curing all of the above diseases, except in case of organic dirangements, or severe injuries of the parts. At 1220 WALNUT street, Philadelphia. Consultation free.
