NEW YORK, April 18 .- The teamer Fulton. from Port Royal, arrived at Fortress Monroe on Saturday, from Port Royal on the 14th.

The side-wheel blockade runner Alliance was captured by the U.S. steamer South Carolina. Her crew, thirty in number, were all found asleep. Her passengers, six in number, escaped in a boat. She had an assorted cargo valued at £17,000. The vessel was of 700 tons and worth \$125,000. The efforts to save the vessel, which was ashore, would probably be successful. A large number of colored troops from An-

napolis had arrived at Hilton Head, and more were expected. The steamers North Star and Weybosset had

Wilmington with valuable cargoes for the Confederate authorities. The railroads of North Carolina are busy transporting rebel troops and supplies.

Great preparations are making for the Maryland Sanitary Fair which opens to-night. President Lincoln and Speaker Colfax will be present. There is a military parade this afternoon in honor of the event.

The Hall of the Maryland Institute presents quite a magnificent display, and excels anything of the kind ever seen in Baltimore.

FINANCE AND BUSINESS...APRIL 18, 1864. There was quite a panic at the Stock Board this morning, and for almost everything on the list prices

went down, down, down! There was a general cave in, and prices ruled very irregularly. Reading Railread, which sold at the opening on Saturday at 76%, fell to 68%—a decline of 8, and a fall from the highest point of 19! For Pennsylvania Railroad 76 was the best bid-a decline of 4%. Camden and Amboy Railroad closed 180 bid—a decline of 6. Little Schuylkill Railroad receded to 48. Catawissa Railroad Freferred was feeble at 29%@40, and the Common stock at 20%—both a decline. Philadelphia and Eric Raiload and North Pennsylvania Railread declined 2% to 3. The Six & Cent. Bonds of the latter sold at 102%, and the First Mortgage Bonds of the Pennsylvania Railroad at 112-a decline of 2. Schuvikill Navigation Preferred sold at 43%@44%—a decline of 2, and the Common stock at 35%—a decline of 1. Union Canal Preferred declined 1%, and Susquehanna Canal 2. In Bank shares the only sale was of North America at 164. The low-priced Mining and Oil Companies were too unsettled to give reliable quotations. Passenger Railway securities generally were neglected. The closing sales were 43% for Green and Coates Streets; 62 for Chestnut and Walnut Streets; 36 for Arch Street, and 15 for Race and Vine Streets.

'Like the wand of an enchanter, the fascinating pages of this work throw a spell around the reader which is broken only when the last word of the last page is reached. It appeals, with irresistible force, to all who have intellects to be brushed up and hearts to be shaken. It is one of those books which make their mark upon the generation which receives them, and leave an impression which is favorably remembered. Never before have we perused a work which presented such earnest, eloquent and stirring appeals to our noble feelings; nor one which to charmed us by the freshness, vigor, purity and gracefulness of its tone, while it led us irresistibly captive by the touching beauty and melting eloquence—so richly fraught with golden imagery—of its story. It bears upon its very face the unmistakable signs of true worth and beauty. As may be inferred from its title, it is one of those rare works which address themselves to the heart and the intellect."

New Books issued every weak, comprising the most entertaining and absorbing works published, suitable for the Parler, Library, and Sitting-Room, Railroad, Steamboat, or Soldiers' reading, by the best writers in the world.

SPRING DAMASKS, U.S. 10-40 BONDS.

These Bonds are issued under the Act of Congress of March 8th, 1864, which provides that in lieu of so much of the loan authorized by the Act of March 3d, 1863, to which this is supplementary, the Secretary of the Treesury is authorized to bor-row from time to time, on the credit of the United: States, not exceeding TWO HUNDRED MIL-LION DOLLARS during the current fiscal year, and to prepare and issue therefor Coupon and Registered Bonds of the United States; and all Bonds issued under this Act shall be EXEMPT FROM TAXATION by or under any State or municipal authority. Subscriptions to these Bonds are received in United States notes or notes of National Banks. They are TO BE REDEEMED IN COIN, at the pleasure of the Government, at any period not less than ten nor more than forty years from their date, and until their redemption FIVE PER CENT. INTEREST WILL BE PAID IN COIN, on Bonds of not over one hundred dollars annually, and on all other Bonds semi-annually.

The interest is payable on the first days of March and September in each year. The semi-annual Coupons are payable at those dates, and the annual Coupons on the 50 and 100 dollar Bonds are pays. ble on the first of March.

Subscribers will receive either Registered or Coupon Bonds, as they may prefer. Registered Bonds are recorded on the books of the U. S. Treasurer, and can be transferred only on the owner's order. Coupon Bonds are payable to bearer, and are more convenient for commercia

Registered Bonds will be issued of the denominations of Fifty Dellars (\$50), One Hundred Dollars (\$100), Five Hundred Dollars (\$500), One Thousand Dollars (\$1,000), Five Thousand Dollars (\$5,000), and Ten Thousand Dollars (\$10,000); and Coupon Bonds to the denominations of Fifty Dollars (\$50), One Hundred Dollars (\$100), Five Hundred Dollars (\$500), and One Thousand Dollars (21,000).

Subscribers to this loan will have the option of having their Bonds draw interest from March 1st by paying the accrued interest in coin-(or in United States notes, or the notes of Nations Banks, adding fifty per cent. for premium,) or receive them drawing interest from the date of subscription and deposit.

As these Bonds are exempt from municipal or State taxation, their value is increased from one to three per cent. per annum, according to the rate of tax levied in various parts of the country.

At the present rate of premium on gold they pay over eight per cent. interest in currency, and are of equal convenience as a permanent or temporary investment. It is believed that no securities offer so great in-

ducements to lenders as the various descriptions of U. S. Bonds. In all other forms of indebtedness, the faith or somity of private parties or stock companies or separate communities only is pledged for payment, while for the debts of the United States the whole property of the country is holden to secure the payment of both principal and interest in coin. These Bonds may be subscribed for in sums from

\$50 up to any magnitude, on the same terms, and are thus made equally available to the smallest les der and the largest capitalist. They can be converted into money at any moment, and the holder will have the benefit of the interest. The fact that all duties on imports are payable in specie furnishes a fund for like payment of in-

erest on all Government Bonds largely in exc of the wants of the treasury for this purpose. Upon the receipt of subscriptions a certificate of deposit therefor, in duplicate, will be issued, the original of which will be forwarded by the subscriber to the Secretary of the Treasury, at Wash. ington, with a letter stating the kind (registered or coupon) and the denominations of bonds required. Upon the receipt of the original certificates at the Treasury Department, the bonds subscribed

for will be transmitted to the subscribers respec-

tively. Subscriptions will be received by the Treasurer of the United States at Washington, and the Assistant Treasurers at Philadelphia, New York, Boston and by the
