THE ATTACK ON PLYMOUTH.
BALTIMORE, April 22.—The American has special advice from Norfolk that the steamer Eliza Hancock arrived here yesterday from New Orleans via Morehead, where she was taken, to bring important despatches to Gen. Butler. The Captain reported that a rebel ram came down to within a few miles of Plymouth, N. C., and on the 18th inst. attacked our fleet and sunk the gunboat Bombshell and two others, names unknown. Great anxiety prevailed at Plymouth and it was generally expected the place would be evacuated. It was thought that General Peck would be fully able to hold Newbern.

STIRRING RUMORS OF MILITARY MOVEMENTS IN VIRGINIA.

(By the People's Telegraph Line, No. 411 Chestnut street.)
WASHINGTON, April 21.—The city is alive with military rumors, conjectures, and speculations, of which the greater portion have probably no foundation in fact; while the publication of the facts known to be true would not be proper at this time.

WASHINGTON, April 22.—[Special to the Times.] General Grant left for the front to-day, and General Burnside went by special boat to Fortress Monroe. It is understood that the recent development of the intentions of the rebels renders an early movement of the Army of the Potomac highly probable. Such an event will be in accordance with the expressed desire of Mr. Lincoln and other leading men here. Without going into details, it is enough to say that the Spring has not been idle away, and that preparations for the impending campaign have been equal to the importance of the work to be accomplished. There is little doubt that the next thirty days will bring about a great change of some kind in military affairs.

The recent order of Gen. Grant banishing soldiers from the army, who it is over twenty-eight hundred superannuated.

The War Department has given orders for an addition of 15,000 beds to the present hospital accommodations here. All patients able to bear removal are to be sent North at once.

The report gains credence here among military men that Lee has sent part of his army into the Shenandoah Valley, with a view of compelling Grant to divide his army by sending a force in pursuit.

New York, April 22.—Current rumors on the street report both Lee's and Meade's armies in motion, manœuvring for the advantage preliminary to a general battle. It is thought that Lee will again attempt to cross the Potomac.

If so, he will probably encounter the Union armies in a different manner from the former occasions.

AN INSIDE VIEW OF THE REBELLION.
New York, April 22.—Advices from North Carolina to the 17th inst. have been received. The Governor's council convened at Raleigh declined calling the Legislature together in extra session, fearing it would array the State against the Confederacy.

The Henderson, (N. C.) Times, published in the Western part of the State, advises the people to keep out of the Confederate army, and to stay at home and defend themselves.

The Wilmington Progress says the people are starving in the Hotels at \$50 a day, and that many of the best families are on half rations.

The Wilmington Journal is gloomy at the prospect of affairs in the Confederacy and deplores the sad lack of food and the bad condition of the coming crop.

The Fayetteville Carolinian laments the high prices and lack of food, but takes comfort in the announcement of several hundred Springfield rifles manufactured daily in the army there for the Confederate service.

The news of the rebel attack on Plymouth is confirmed, but no particulars are received.

REBEL RAMS AND TORPEDOES.
(By the People's Line, Office No. 411 Chestnut street.)
WASHINGTON, April 22.—The Navy Department has information from our Southern Blockading vessels of the completion of certain long-tailed rebel rams and torpedo boats. Proper precaution has been taken to guard against surprises in front of the blockaded ports.

RECRUITING OF COLORED TROOPS.
CHATTANOOGA, April 21.—Col. T. J. Morgan, of the 14th Colored Regiment has been authorized to organize a brigade of Colored Troops. The nucleus of two new regiments have already been formed and the recruiting is progressing favorably. There are now six Colored regiments in this Department.

THE FRIGATE PENNSACOLA AT NEW YORK.
New York, April 22.—The U. S. frigate Pennsacola has arrived from New Orleans,

XXXVITH CONGRESS—FIRST SESSION.

WASHINGTON, April 22, 1864.
HON. FIVE thousand copies of the Bankrupt Bill, reported yesterday, were ordered to be printed and bound in pamphlet form.

Mr. Voorhees (Ind.) asked that a telegram received by him to-day be read, bearing on a personal explanation. He would not now indulge in any remarks, because the gentleman (Mr. Garfield) who recently read letters purporting to be written by Hon. G. Davis and Judge Eckels, was not in his seat.

Consent having been given, the despatch was read, as follows:
"CHARGE HAPPE, April 21, 1864.—To Hon. D. W. Foster: The letter purporting to be written by me to John O. Breckinridge, used by General Garfield, is entirely false—a base forgery. I have written you to-day."

(Signed) "JOHN G. DAVIS."
(The letter alleged to have been written by Mr. Davis recommending a young man, formerly in the Union army, to Breckinridge for a position in the rebel army.)

On motion of Mr. Morrill (Me.), the consideration of the Internal Tax bill is to be continued throughout the evening as well as the morning session.

The House then went into Committee of the Whole on the state of the Union and resumed the consideration of the Tax bill.

FROM CINCINNATI.
CINCINNATI, April 22.—The strike amongst the laborers, connected with the different railroad depots of this city still continues, and most of the railroad companies have discontinued receiving goods.

General Stoneman passed through Indianapolis yesterday for the front.
The Indiana recruits are being rapidly hurried to the front.

CONFAGIATION AT DEMARARA, S. A.—LOSS FROM TWO TO THREE MILLIONS.
CAPE TOWN, April 22.—The greater portion of the business part of Demarara was destroyed by fire on the 2d inst. The loss amounted to from two to three millions of dollars.

The long continued drought caused a scarcity of water, rendering it necessary to blow up the buildings to save the town.
