LYON'S PERIODICAL DROPS receive the encomiums of all who use them. Ho lady should be without them. We have letters almost every day from ladies of the highest respectability, telling us they would not be without the French Periodical Drops for anything. Could we publish the letters we have received, they would convince the most incredulous. We have now in mind an instance of a lady who had been irregular antil her constitution was nearly broken down Her physicians told her she had the Consumption. and must die. She sawour advertisement, and came to see us. We, too, thought she was too far gone to be cured, but commenced at the cause with the Drops. They acted like a charm; and to-day she is well and healthy, a living witness of the smcacy of the French Periodical Dreps, and a reaident of East Hartford, Connectiont. If you are suffering any of the ills caused by irregularity, we ask you to give them a trial, and recommend them to your afflicted friends. One trial will convince the most sceptical, and never after will you be induced to be without it.
