LYON'S PERIODICAL DEOPS

LYON'S PERIODICAL DROPS when taken regularly always, prevent sickness

LYON'S PERIODICAL PROPS have stood the test of 25 years' experience.

LYON'S PERIODICAL DROPS receive the encomiums of all who use them. Ho lady should be without them. We have letters at. most every day from ladies of the highest respectability, telling us they would not be without the French Periodical Drops for anything. Could we publish the letters we have received, they would convince the most incredulous. We have now it mind an instance of a lady who had been irregular antil her constitution was nearly broken down Her physicians told her she had the Consumption and must die. She saw our advertisement, and came to see us. We, too, thought she was too far gone to be cured, but commenced at the cause with the Drops. They acted like a charm; and to-day she is well and healthy, a living witness of the efficacy of the French Periodical Dreps, and a resident of East Hartford, Connecticut. If you are suffering any of the ills caused by irregularity, we askyou to give them a trial, and recommend them to your afflicted friends. One trial will convince the most sceptical, and never after will you be induced to be without it.

BANNVART'S TROUHES, for the cure of Hoarseness, Throat Diseases, &c., are specially recommended to public speakers, as the most efficient remedy extant for the above diseases. We present but one of the many testimonials in our possession:

in our possession:

Harrisburg, Feb. 8th, 1864.

Brown's Bronchial Troches, Wistar's Lozenges, and other preparations for hoarseness and throat troubles, and in comparison with them all, can cheerfully commend your own as a most admirable specific for public speakers and singers, in cases of hoarseness, coughs and colds. I have found them serving in time of need, most efectually.

It has been proved by thorough exposure, and by comparison with other paints, to be the only reliable Pain' to resist the action of salt water and salt atmost here.

It is therefore especially recommended for ship bottoms, buils, decks, boiler fronts, smoke stacks and steam pipes. For iron railings, fences, cars, railroad and other bridges, it is not excelled.

It is especially adapted for METAL ROOFS.

It is not affected by acids or gases, and is a perfect protector against rust on metals, and from dampiness on brick walls.

It mixes and blends readily with other paints, and by comparison to the amount of surface a given weight will cover, costs about one-half as much as veight will cover, costs about one-half as much as other Metallic Paints.
Wherever this Paint has been used, it has given which is raint as been used, it has given entire satisfaction, which is, we believe, more than can be said of any other paint in the market.
