THE WAR FOR THE UNION FROM GENERAL BUTLER'S DEPARTMENT.

NORFOLK, April 26.—It is but about a week since that General Wild was relieved from duty here by G. netal Graham The latter was succeeded in command this morning by General Shepley, who formerly was Military Governor of New Orleans under General Butler.

The guszd-ship Wynndotte, lying in the Elizabeth river, a short distance below the city, was slightly damazed yesterdry by being accidentally run into by the gunboat Commodore Perry.

The gunboat Fort Jackson, Captain B. F. Sands, arrived in Hampton Roads to-day, from off the arrived in Hampton Roads to-day, from off the blockade at Wilmington, N. O. From her we learn that on Friday night last she despatched several boats' crews to Masonborough Sociad, eight miles north of Wilmington, to destroy the extensive salt works there, being run by the rebel authorities of the State. They were thoroughly successful in their undertaking, and they not buly completely demolished the works, but brought away over fifty of the workmen engaged there, who allowed themselves to be willing captives. They are glud to be released from rebel service and are eager to become loval citizens.

WASHINGTON, April 27.—The following letter accompanied the joint resolution appropriating \$25,000,000, which was so expeditiously passed by the Honseto-day just previous to the recess:

WAR DEPARTMENT, April 25.—\$1: The Governors of Ohio, Indiana, Illinois, Towa and Wisconsin have tendered to the President, on the 23d inst., a large number of volunteers from their respective States for service during the present campaign. They are expected to number from eighty to one hundred thousand men, and their term of service is one hundred days from their being mustered in.

tered in.

It is believed that they can render useful service.

They are to be paid no bounty, and are not to diminish or delay the draft for three years men in the States where the quota or pending draft is not The quota is filled up in Indiana, Illinois, Iowa and Wisconsin, and less than 2,000 are due from Ohio.

The expense of these troops is not provided for in the war estimates heretofore submitted.

It is estimated that twenty-five millions of dollars will meet the cost of one hundred thousand of these extra valuations.

lars will meet the cost of one number thousand of these extra volunteers.

I respectfully recommend a special appropriation for that purpose, and submit a joint resolution for that object.

The impending operations render it expedient that there should be an early action by Congress upon the proposition, so that, if sanctioned, all needful provisions may be made in due season. I have the honor to be, very respectfully, your obedient servant,

EDWIN M. STANTON.

To Hon. Robt. O Schenck, Chairman Military Committee, House of Representatives.

The Secretary of the Treasury has received through Major G-neral Dix \$200, transmitted to the General by some unknown person, who acknowledges it to be due to the United States.

A member of the 112th Pennsylvania regiment, on picket across the Potomac, near Fort Ethan Allen, near the Chain Bridge, was shot last night by carefills.

Allen, near the Chain Bridge, was shot last night by guerillae.

Mr. Gooch has written to the War Department from Cairo that the alleged butcheries of colored troops at Fort Pillow are fully proved, and that the facts are worse than were at first reported.

Mr. Gooch is Chairman of the House Committee on the Conduct of the War. The President waits for the report of the sub-committee. He will act when it is submitted to Congress.

General Crawford has arrived here on his way to the front, to resume command if the 3d Division of the 5th Corps, the General having sufficiently recovered from his wound to justify him in taking the field. He was examined to-day by the Committee on the Conduct of the War in relation to the operations upon the left at the battle of Gettysburg, in which his division bore a conspicuous part.

Dalton, April 19.—There was a general review of the whole army to day, and, not withstanding the coldness of the weather, it was largely attended The enemy are quite active in front, and stirring times are looked for by all.
RICHMOND, April 21.—A fleet of gunboats appeared yesterday in Rappahannock river, twelve miles below Tappahannock. A dredging apparatus was sent in advance to search for torpedos.

It is believed now that Tappahannock or Port

RIGHMOND, April 22.—The Yankee gunboats have left the Rappahannock river. Before leaving 300 men landed at Bowler's wharf, destroyed 500 barrels of corn and burned a farm house. barrels of corn and burned a farm house.

Information was received yesterdly at General Elzy's headquarters, that eight transports of the enemy and one gunboat had ascended the Rappahannock and landed troops at Bowler's wharf, which is about twelve miles below Tappahannock. There was also a report that a large fleet of transports was at the mouth of the river. The vessels that came up to Bowler's moved very cautionaly, feeling their way for torpedoes. The troops who debarked moved about two miles into the adjoining country.

feeling their way for torpedoes. The troops who debarked moved about two miles into the adjoining country.

Some gentlemen, who arrived in the city last night from the vicinity of Tappahannock, report that the force which the enemy landed was about two thousand. They burned the buildings at Bowler's, and destroyed the ferry boats. A considerable amount of sapplies was captured in the strehouses of the Government here. Bowler's being a depot for all the supplies from the Northern Neck. We have no precise information of the amount of cap ures.

RALEIGH, April 21.—To-day an election for a Congressman for the Seventh District (to supply the vacancy caused by the dea h of the late member elect, tion. Samuel H. Christian), took place. In three precincts in Davidson, Leach's own county, Foster beats him 61 votes. Leach is the Holden candidate.

He read a letter which he addressed to President Davis, protes ing against the passage of the bill. He sent letters also to the Sena ors and Representatives in Congress.

He showed that he was for peace, and that he had written to the President urging that measures be taken to close the war by negotiations in December last. He paid a handsome tribute to Vice President Stephens. He showed that Holden was not with Governor Brown. He had received a letter from Governor Brown, in which he said that a Convention of any of the States at present, looking to separate State action, would be unfortunate and injudictous, and would tend to unharmonious action. He stated that the only remedy was with the people and their representatives.

The speech was well received, and immense enthusiasm was exhibited by the people during its delivery.

THE CAPTURE OF PLYMOUTH.

[From the Petersburg Express of april 23.]

We are still without fall official information of the brilliant affair at Plymouth. We learn, however, upon reliable authority, that skirmishing commented on Sunday, continued brissly Monday and Tuesday, and on Wednesday the enemy's works were carried by assault in a most gallant manner. The Yankee commander, Brigadier-General Wessel, as will be seen from a Richmond telegram in ancher column, was twice summoned to sorrender, but refusing to do so, tae place we stormed and captured. The number of prioners laken is now stated trhave been two thous und five undred, besides the negroes who were taken.

The samb telegram states that a splendid two

hundred pounder can was also amongst the valuable and les captured.

Pegram's and Grah m's batteries, both from Pegram's and Grah m's batteries, both from this city, were engaged in the conflict, and did splendid service. We regret, however, to learn that Col. James R. Branch, who commanded that bearing his name, had one of his legs broken and was bruised by a fall of his horse. The wounded have been mostly sent to Weldon, where, we could not they will be well taken care of.

General Hoke has struck a most effective blow for the redemption of his native State. His command was composed of North Carolinians, and they have nobly and gallantly librated a most important part of their State from the invader. We shall have more and get greater news from this and co-operating expeditions. The co-operating naval expedition is under the command of Commander R. F. Pinkney. Commander J. W. Cooke commands the iror-clad gunboat Neuse, in the Neuse river, and Lieut. R. B. Minor commands a flottila of "cutters" in the Chowan river.

Plymouth is in Washington county, near the mouth of the Roanoke river, and full of supplies. The two other places held by the Yankees on the North Carolina coast are Washington, at the mouth of Tar River, and Newbern, at the mouth of the Neuse. The latter is strongly garrisoned; but it is supposed that the larger part of the forces at Washington had been moved up to Plymouth.

TROM EUROPE.

The following is a summary of the news sent by the Pennsylvanis on the 12th instant:
It is tated that all hopes of saving the City of New York are abandoned.
Garibaldi arrived in London on the 11th, and had a tremendous reception. The crowds exceeded anything ever witnessed. He had a perfect ovation along the whole route, and was five hours getting from the railroad station to the Duke of Sutherland's mansion, a distance of two or three miles. The leading statesmen and men of all parties are to meet Garibaldi at all entertainment at the Duke of Sutherland's house.

The House of Lords has debated the Danish question. Lord Stratheden moved a resolution condematory of the Government.

The Times says Lord C arendon shortly goes to Paris on a private mission.

The Archduke Maximilian received a Mexican depu atton on the 10th In his speech he said that as the resolution of the notables of that country, as well as the Government of France, guaranties the independence of Mexico, and he had received the aid of Austria, he solemnly declared the acceptance of the proficred crown, and pledged rimself to govern constitutionally and for the benefit of the people. He claimed the united support and good-will of the people, and expressed his gratitude to the Emperor of the French, who has brought about a solution of this difficulty.

The Emperor of Austria permits the formation of six thousand volunters, and a naval corps of three hundred sailors, for the aid of the new empire in Mexico.

A new Mexican loan of eight millions sterling at 69 will be opened on the 15th. The bombardment of Duppeln and Sonderburg continues but feeble. The allies have extended their trenches and traced another parallel. The Danish representatives to the Conference have arrived in London, but there were no other indications of the meeting. A Committee of the German Diet had recommended the Diet to send a representative to the Conference. There was renewed activity amorg the Polish insurgents.
