A NEW LEASE OF LIFE A NEW LEASE OF LIFE.

A NEW LEASE OF LIFE Dr. Radway's Pills have granted me a new lease of life. For fifteen years I have suffered with Dyspepsia, Oostiveness, Indigestion. I have taken a cart-load of pills of different makes, but the re-her afforded by their operation was at the cost of nevere suffering from Piles. If I stopped taking these pills one week, the old difficulty would trouble me. I at last strack a vein of gold, in Rad-way's Pills — the first dose acted so differently from all other pills, that I hoped tor a cure—six boxes made a new man of me; I am completely cured. No straining, no piles, no weakness followed their use. A gained strength with their use. I have not isten any physic for over a year, and am as rugged, strong and hearty as a bear. J JAMES W. PENNSYLVANIA FOR LINCOLN.

grow weary of furnishing him men and money, and the strong probability is that our own Government will drive him back to Europe as soon as our hands are free.

This new-fledged Emperor is not to be envied, and the future reader of history will most probably see in his life the old lesson of the vanity of human ambition, and the futility of attempting to establish any new form of monarchical government on the continent of North America.

CITY BAILWAYS.

The House of Representatives, at Harrisburg, has passed an act making all exchange tickets on City Railways good until used, anything on their face to the contrary notwithstanding. This is a right and proper enactment; for the arbitrary regulation of the various companies in this city, making an exchange ticket worthless unless used the day of its purchase has, always been considered unjust. Another railway reform is also needed. We mean a law to prevent the over-crowding of the cars. Conductors will have their carsdriven at breakneck speed, along portions of their roads where they do not expect to get many passengers, and will then allow their vehicles to stand for a quarter of an hour at a corner where fares may be picked up in abundance. Long after a car is crammed with twice as many persons as should be in it, the conductor will wait until not another individual

can be squeezed into the doorways or upon the platforms. Pickpockets reap some of their richest harvests in these crowded cars, and the discomfort occasioned by this bad system is such as almost to induce many people to walk instead of riding.

No one can deny the great convenience of the cars, in comparison with the old-fashioned omnibusses, but we might as well have them made as comfortable as possible by a regulation which would prevent three car-loads of people from squeezing into one vehicle. On previous occasions we have urged this matter upon the Legislature and upon the companies, and it would be gratifying to find that the reform had been instituted.

THE TAX BILL.

The House of Representatives at Washington has finally passed the tax bill on which it has long been engaged. The final vote was 102 to 33. Of course the negatives were all Copperheads. The Pennsylvanians who voted against the bill were Messrs. Ancona, Dawson, Dennison, Johnson, Stiles and Strouse. Mr. Coffroth and Mr. Miller, who were absent, would probably have voted against it. The Pennsylvania Democrats who voted for it were Messrs. Bailey, McAllister and Randall, who deserve credit for ignoring party when the great interests of the Government and the nation are concerned. We trust that the bill will now receive the earnest attention of the Senate and be put through as

rapidly as possible. Mp EDWIND D. LEWIS, whose sple

The Committee having charge of the Musical Entertainments of the Great Central Fair have the nonor to announce that, having completed the arrangements of their Department, they will comnence in the Academy of Music on WEDNES-DAY NEXT, the FOURTH of MAY, 2 GRAND MUSICAL FESTIVAL, to be continued through the succeeding fortnight. In view of the unprecedented scope of the FAIR, and the magnitude of all its departments, the Committee have labored to make their own worthy of its associations, and of the noble purpose of the enterprise. At the same time they have deemed the opportunity a peculiarly favorable one to essay the illustration of MUSIC in all its most popular forms, upon a scale hitherto unattempted in this country, and which will do justice to various compositions, as they are interpreted only in the chief capitals of Europe where the Art is fostered by governments, and where great institutions are devoted to its. study and exhibition.

The entertainments of the FESTIVAL will consist of Gperas in the English language, Oratorios and Miscellaneous Vocal and Instrumental Concerts. . For the production of the Operas and other works, the Commi tee have made a contract with Mr. L. F. Harrison (now of New York, and for-merly of this city), Manager of the American Opera Company, who has evinced a most earnest and liberal disposition to carry out the views of the Committee. The artists and auxiliaries engaged by Mr. Harrison, far exceed in number and as gregate merit any force ever employed upon the Lyrical stage of this continent. The following arethe names-the principal vocalists of the list having performed of late with great success in New York.

The Union party of Pennsylvania, through their State Convention, have formally expressed their preference for Abraham Lincoln for the next Presidency. No other candidate was spoken of, so complete was the unanimity in his favor. If there had been any other result than this, or if there had been any show of opposition to Mr. Lincoln, it would have been properly denounced as unfair and unworthy. The people of this State never had so great confidence in Mr. Lincoln as they have now. This has been shown in all the local conventions, as well as in the State Legislature and the State Convention. Those who have tried to create an impression that there was any hostility to Mr. Lincoln's renomination among the National Union men have spoken falsely, as this action of the Harrisburg Convention plainly shows. Henceforth there will be no opposition to Mr. Lincoln in Pennsylvania except among the so-called Democrats. The delegation from this State to the Baltimore Convention will be influential and respectable, and we believe that the delegations from all, or nearly all, the other States will most heartily unite with them in the re-nomination of Mr. Lincoln. His election by an overwhelming majority is as nearly certain as any future event can be.

MAXIMILIAN.

"His Majesty, the Emperor of Mexico," is now considered a real monarch by most of the official journals of Europe, and his movements and appointment, are duly and gravely recorded. He affects to consider himself an Emperor by the choice of the Mexican people, and ere long he will appear in his putative dominions, accompanied by plenty of Austrian bayonets to keep his "subjects" from suddenly ending his dynasty by his death. About 40,000 French soldiers and sailors have been employed in forcing him upon the Mexicans. and he must in future rely exclusively on military power to preserve his throne. He is just about to plunge into scenes which will make his future life as full of strife as that of his namesake Maximilian I, Emperor of Germany, who, during the latter half of the fifteenth century, lived in a perpetual state of war, either with France, Italy, or portions of Germany itself, and so far as we have any evidence, he will bring to bear no more ability than did his other namesake, the feeble, though good-natured Maximilian II., of Germany. The violence and fraudby which Mexico has been forced to accept this Austrian Archduke for her ruler will never be forgiven by the inhabitants of that country, and he will be forced to contend against an almost unanimous resistance. unceasingly kept up. He will never be able to collect a tax without an attempted revolution. and while one portion of his Empire will be in "peace," the rest will be in tur.

moil. The rebels in our Southern States will attempt to make a tool of Maximilian; but if they find they cannot use him, they will not care how soon he is killed or exiled. The French and Austrian Governments will

ture of "The Gates of the Susquehanm" is one of the chief attractions of the exhibition in the Academy of the Fine Arts, has lately finished another of scarcely less importance, which may be seen for a few days at Earle & Sons. It is called "The Wilds of Lake George," and represents faithfully one of the most beautiful views on that lake. The sky, the water, the rocks, the hills with the delicate mist rising from them, the careful painting in the foreground the fine atmospherie effect-each of these will challenge admiration. Mr. Lewis has done nothing better than this picture, and we advise our readers to visit it without delay, as it will be sent to New York in a few days.

LIBERAL.-Mr. Leonard Grover, in response to the appeal of the Committee on Labor, Revenue and Income, of the Great Fair, has decided to appropriate the proceeds of both performances at the Chestnut Street Theatre on Saturday (to-morrow) to the Fair. He has with great liberality given the receipts of a day when there is an operatic and a dramatic performance-"La Dame Blanche" and "The Octoroon"-and the sum realized cannot but be a very large one. Mr. Grover's example is worthy of imitation.

THE GREAT MUSICAL FESTIVAL .- By a misprint in yesterday's BULLETIN, we were made to say that the box office at the Academy of Music, for receiving subscriptions to the season of grand operas for the Great Central Fair, would be opened this evening, instead of this morning. We now inform our readers that the office is open from 9 in the morning until 6 in the evening. We are glad to learn that a number of subscribers have already been obtained, and those who wish to secure good seats should apply early.

Contributions from such sources are the best proof of the excellence and efficiency of the Commission.

MOLDED COLLARS

Have now been before the public for nearly a year. They are universally pronounced the neatest and best fitting collars extant.

The upper edge presents a perfect curve, ire from the angles noticed in all other collars. The crayat causes no puckers on the inside of

the turn.down collar-they are AS SMOOTH IN-SIDE AS OUTSIDE—and therefore perfectly free and easy to the neck. The Garotte Ocliar has a smooth and eveniy

i ished edge on Both SIDES.

These Collars are not simply flat pièces of paper cut in the form of a Collar, but are MOLDED AND SHAPED TO FIT THE NECK.

They are made in "Novelty" (er turn-down style); in every half size from 12 to 17 inches and n · : Eureka', (or Garotie,) from 13 to 17 inches; and acked in "solid sizes" in neathlue cartons, conaining 100 each; also in smaller ones of 10 eachthe latter a very handy package for Travelers, Army and Navy Officers.

AFEVERY COLLAR is stamped Gray's Patent Molded Collar."
