THE IMPENDING BATTLE IN VIRGINIA.

WASHINGTON, May 3.—The councils of the military authorities are kept remarkably secret. Heretofore, on the eve of a battle, some idea would be formed of the contemplated movements; but now they are matters of mere speculation, both among prominent civilians and even army officers. The utmost confidence, however, is reposed in those having the direct conduct of affairs, and due credit is given for their wisdom in preventing premature disclosures.

ARRIVAL OF RELEASED PRISONERS.

BALTIMORE, May 3.—The American's special Annapolis letter says: The flag of truce boat New York arrived at the Naval Academy wharf yesterday morning from City Point with 34 paroled officers and 364 men. Such was the condition of the latter, that every man of them was admitted to the hospital. One hundred and fifty had to be carried from the water on stretchers and cars. Their looks and words abundantly testify that their miserable condition had been produced by starvation, and many are undoubtedly past the reach of medicine or nourishment.

Among the officers is Col. Rose of the 77th Pennsylvania regiment, who was the chief engineer of the tunnel by which so many of our officers escaped in February last, he having been recaptured.

FROM WASHINGTON.

[Special Despatch by the Independent Line, No. 413 Chestnut street.]

WASHINGTON, May 3.—A large number of bank presidents arrived here last evening and this morning, to consult with Congress about the bill now pending.

The action of Governor Curtin in regard to the appointment of officers forming the new regiment, lately raised from the ranks of the 21 Pennsylvania Artillery, meets with general favor.

WASHINGTON, May 3.—The Senate Naval Committee are considering the propriety of increasing the payment of the contractors for iron-clad vessels, provided the work can be speedily completed.

The House Special Committee for investigating the management of the Treasury Department met this morning. It is understood that Secretary Chase and his officials court investigation into their public acts. The committee may be divided in opinion as to whether they have the right to investigate the private life and morals of any one in the Government employ.

The Virginians who have been looked up as our army advanced, to prevent their giving information to the rebels, as they invariably do when opportunity occurs, have been sent from the old Capitol Prison to Point Lookout, Maryland.

The National Republican of this afternoon states that Commodore Wilkes has been found guilty by the Naval Court Martial on every count, and sentenced to three years suspension without pay.

[Correspondence of the Associated Press.]

WASHINGTON, May 3.—The bill which has just become a law, fixing rules and regulations for preventing collisions on the water, will go into effect on the 1st of September. It is applicable both to the Navy and Mercantile Marine. The same features have been adopted by England and France, and perhaps by other nations, and have thus become international.

A new principle has been adopted by a recent law, namely, authorizing the Postmaster-General to refund to Postmasters the sums of which they may have been robbed by the Confederate forces or rebel guerrillas.

The U. S. Court of Claims has adjourned till October, having disposed of nearly all the cases ready for trial.

XXXVITH CONGRESS—FIRST SESSION.

HOUSE.—Mr. Schenck (Ohio) from the Committee on Military Affairs, reported a bill providing that on and after the 1st of May next, the pay of privates in the army shall be increased from \$13 to \$16 a month, and that of non-commissioned officers as follows: Corporals, \$18; Sergeants, \$20; Orderly sergeants, \$24; Sergeants Major, \$28 per month. Clerks and Paymasters to receive \$1,200 per annum, etc.

Mr. Schenck moved the previous question and was about to explain the bill, when Mr. Cox (Ohio) moved his colleague to withdraw the demand so to allow him to amend the bill by increasing the pay of privates soldiers to \$18 per month and non-commissioned officers to \$30. Even this sum would hardly be enough to keep pace with the increase of the price of necessities in the families of the soldiers. His (Mr. Cox's) friends, on his side of the House, opposed the bill.

Mr. Schenck declined to comply, having been instructed by his committee to urge the present bill.

Mr. Dawson (Pa.) appealed to Mr. Schenck. He was chairman of the Democratic caucus, and desired to offer what he called a "whisper" bill, and Mr. Schenck replied that if the Democratic caucus were more numerous than the Union caucus they could vote down the motion for the previous question.

Mr. Schenck proceeded to explain the bill. Both the Senate and House have acted upon the proposition to equalize the pay of the white and colored soldiers.

The Committee on Military Affairs had principally confined themselves to the increase of pay, in the course of his remarks he said it was proposed to amend the former law, so to officers may have leave of absence for causes other than sick allowance, and that the pay of privates and soldiers should be increased to \$18 a month. This took away nothing from the Union soldiers, and would not increase their pay in the world, and twice as much as those of the colored.

In the aggregate the Government will save considerable, while the soldier is paid five or six times as much in cash as the deduction, in the sense of his pay.

PENNSYLVANIA LEGISLATURE.

HARRISBURG, May 3. SENATE.—Mr. Hildner introduced an act authorizing the Governor to appoint a person to audit the accounts of the Gray Reserves for services in Schuylkill county.

Mr. Graham, an act authorizing the Pennsylvania Railroad to connect their track with the Pittsburgh and Schenley railroad. Resolved, That the Governor be and he is authorized to issue warrants for the arrest of Mr. Bizzzy, one opening Evergreen and Venango counties.

Mr. Nichols, one relative to the Western Home Company. Passed.

Mr. Bizzzy, an act incorporating the Associated Farmers' Hotel Company. Passed.

Mr. Connel, one resolution favoring a law making personal property and income subject to taxation.

Mr. Connel, an act accepting a donation of fifty thousand dollars from the Pennsylvania Railroad, for the orphan children of sailors and soldiers, was passed.

Mr. Joseph moved to consider the bill allowing Sunday travel across the State.

After a debate, the House adjourned without coming to a vote on the bill. The project is therefore entirely defeated.

HOUSE.—[PRO-DAR PROCEEDINGS.] An act authorizing the sale of Young's Burial Ground, West Philadelphia, was passed over the Governor's veto.

Mr. Connel, an act authorizing the general Militia bill was passed finally.

CITY BULLETIN.

PROCEEDINGS OF GENERAL CONFERENCE OF THE M. E. CHURCH. SECOND DAY.

Quite an exciting meeting was held in front of the Church this morning, before the opening of the Session. According to the report of the body yesterday, the Stars and Stripes were hung out on the breeze amid the loud huzzas of a great number of people, both Clergy and Laity.

The Song of Freedom was sung, after which Rev. George Morley, Bishop of Florida, made a patriotic address in which he uttered sentiments that stirred every loyal heart.

His allusion to the old bill of Independence, and his motto was "No Union with the South," and who, to a large extent, make up the old battle cry was, "Carry the war into Africa." Now it is, "We'll carry Africa into the war."

The President of the United States is among the servants of God, as is Bishop Morley. God rules the world by two arms—the right arm is the Church, the left is the civil government.

The Bishop of Florida, in his address, referred to the Rev. Dr. Thompson, Delegate from the Wesleyan Church in England, requested the other members of the conference to meet in Room No. 2, in the basement of the church.

The Committee on Rules for the government of the House of Delegates, reported, which was adopted. The hour of 10 o'clock arrived, the special order of the day, namely, the reception of the English Delegates, was taken up.

These distinguished gentlemen were then escorted into the church by the committee, and presented by the President, Bishop Morley.

Rev. Dr. Thompson, Delegate from the Wesleyan Church in England, requested the other members of the conference to meet in Room No. 2, in the basement of the church.

These distinguished gentlemen were then escorted into the church by the committee, and presented by the President, Bishop Morley.

ing tribute to the work, energy and success of the Methodist Church in America. We honor the living proof of a living Christianity among you as manifested in your missionary character. An eloquent tribute was paid to the Church for the success of its numerous and valuable Colleges and Seminaries.

An allusion to the publications of the Church was also made. A wish was expressed in the most tender and feeling manner that the great evil of slavery might be removed from the bosom of our national polity.

The Rev. Mr. Scott, delegate from Ireland, then presented the address of the Irish Conference, which was read by the Secretary, and to-morrow morning at 10 o'clock was fixed as the time when the body would hear the address of the Delegate from Ireland.

Rev. Dr. Thompson moved that a resolution of fraternal greeting to the English delegates be presented; that a committee of five be raised to whom and to a copy of the address of the delegates be referred, and that a copy of the address of the delegates be asked for publication, which resolutions were adopted.

A session was ordered at 3 o'clock P. M. A committee of five was moved on the colored members of the church, which was lost.

The hour of adjournment having arrived, the Conference adjourned with the doxology and benediction. Dr. J. C. Thompson presided.

No Member ever obtained a greater popularity than Bower's Infant Cough Cure. It is eminent and harmless. Bower, Sixth and Green Streets, for REFURGE skillfully adjusted, by O. H. Needles, corner Twelfth and Race streets.
