SKATING.-On Saturday last the park at SMATING.—On Saturday last the park at Resed and Wallace-treets an adjunct of Dr. Jansen's Nationium and Physical Institute, was opened to visitors. Besides nearly all the scholars from the gymnasium and swiming school, throngs of subscribers to the Doctor's new enterprise filled the large cressing rooms, restaurant, skating-ground and visitor's walk. The latter is abroad board walk, separated from the street by a high board fence, and from the anger of contact with the flying skaters by a low partition; by this ingenious arrangement the visitor is enabled to be at any point on the edge of the skating-ground, and the anusement derived is an ample return for the price of admission. The Doctor and his lady and greatlemen assistants seem destined to be as pipular at Brisad and Wallace streets, as they have always been at Broad and Wallace. The sale of A. L. Robin—

will be sold without reser. e. This will be the only
chance to obtain a fine engraving, and we would advise our readers to attend the sale.
