CITY BULLETIN.

CITY FINANCES.—The annual report of the City Controller is now in course of preparation. The total expenditures of the city during 1865, are stated as \$10,363,256 94. From this there is to be deducted \$5.643. 050 54 for temporary loan and interest paid, relief for families of volunteers, hounties. defence of city; new reservoir, &c., at Flat Rock; municipal hospital, school purposes from loan, Chestnut street bridge, claims by mandamus and warrants of previous years. This leaves \$4,720,205 50 actually paid for expenses of 1865. The amount of Depart-\$1,561,124 90, making the total cost of Departments for 1865, \$6,281,330 40.

The total funded debt of the city, January

1, 1866, was \$33,837,793 96.

"The action of the Commissioners of the Sinking Funds in the purchase, from the sale of securities belonging to the sinking The report says: sale of securities belonging to the sinking fund, of ten millions, and the cancelation of the public debt to the amount of \$502, 559.37, beyond the amount falling due and redeemed by the City Treasurer during the year 1865, cannot be too strongly commended, for by the sale of securities belonging exclusively to the fund at their present value, near \$20,000,000 of the funded debt of the city could be canceled, and it is but a question of time to effect it.
"The number of accounts audited, and

warrants countersigned by this Department during the years 1863, '64 and '65, numbered 195,692, for the aggregate value of \$28,014,-537 98; the certificates of city loan by transfer and new issue in the same period numbered 25,187, all of which have been properly recorded in this Department, making the whole number of warrants and certificates countersigned 220,879." A statement of the amount appropriated

to each Department in 1865, the warrants countersigned against each appropriation, and the balances merging are also given. The total appropriations were \$11,549,339 50, the warrants countersigned called for \$9,395,579 22, and the balances merging amount to \$2,653,760 36. The warrants outstanding on January 1, 1866, amounted to

A PATENT IOE PLANER.—On entering the Philadelphia Skating Park, at Thirty-first and Walnut streets, yesterday, the subscribers and patrons were agreeably surprised to find ice as solid as marble and smooth as oil. The grand secret is that the "Association," after examining ice planers in Canada, New York, and wherever they are used in the United States have adopted are used in the United States, have adonted the planer invented by Mr. Wm. Wharton, the celebrated inventor of several very important patents employed on railroads. purchased an interest in this simple, consequently good patent, the "Association" are sending their planers to skating parks in all parts of the country. There are two sizes, one seven foot and one ten foot knife, and we were informed by the gentlemanly Superintendent of the Phila-delphia Skating Park, Mr. Thomas Supplee. that with two of the planers and a reason-able number of sweepers, a field of six acres of ice can be cleared of seven inches snow, and the ice be perfectly smooth in a few hours. To be able to walk out of streets running with mud and slush into a park of ice so hard that sharp skate runners make no more impression than a needle on marble, gives rise to reflections on American ingenuity and the question, "What next?"

New Jersey Matters. MUNICIPAL ELECTION.—The election for municipal officers, which is to take place on the first Tuesday of March next, is one of momentous consequences to the citizens of Camden. It involves many principles which ought to be strictly observed, because the interests of the city need careful, economical and judicious custodians. There are three Constables, a City Marshal, three members of Council from each Ward, members of the Board of Education, and a Mayor to elect, and these officers all have important responsibilities attached to their positions. It is imperative, therefore, that good, honest business men should be nominated, and those gentlemen who have the control of the primary meetings should be extremely cautious to select candidates who are known to be true and prompt in their business characteristics. It is always a bad policy to nominate incompetent or indifferent men, because one class is unfit for public positions, and the other will not attend to the business enjoined upon them.

The peculiar condition of our municipal affairs is such as to demand the most criti-cal and economical legislation for several years to come, in order to avoid that enor-mous taxation which burdens and discourages the people. The administration of law, and the making of ordinances, ought to be committed to competent hands, to men having conscientious scruples in respect to that which is right and proper. The duty, therefore, which the citizens of Camden owe to themselves is, to see that the right men are selected for the right places. The Union party are canvassing this matter already, and will, most likely, put unobjectionable gentlemen on the ticket, who will be a credit to the city, and discharge the duties

f their offices faithfully. COURT PROCEEDINGS .- The criminal business before the courts, which are now disposing of such cases, is of an extensive character. The following cases have thus far been disposed of: McGurk and Elizabeth Edwards were both convicted of an attempt to commit burglary; Robert Roberts was convicted of grand larceny; John Gal-lagher, of a violent assault and battery, and Francis Cox was found guilty on a similar charge. The same person was convicted on a charge of malicious mischief in breaking and destroying the door of John Dolton. Andrew Davis was found guilty of petty larceny. The courts will most likely be occupied with the criminal business during

HANDSOME COMPLIMENT .- Last evening the German friends of Marshal Campbell took that gentleman entirely by surprise in summoning him to the Mayor's office, where, in the presence of a number of in-vited guests, they presented him with a beautiful and valuable gold lever watch, as a mark of their appreciation of his faithful services as marshal of the city and their esteem of him as a man. Mr. Campbell is an efficient officer, and fully deserves the com-pliment thus tendered to him by his nume

rons friends in Camden. ADMITTED,-Hon. John P. Stockton, United States Senator from New Jersey was admitted an Attorney and Counsellor of the Supreme Court of the United States

AT ASSEMBLY BUILDING Blitz is still the great card, giving nightly performances as well as entertainments on Wednesday and Saturday afternoons.

MISS JEAN HOSMER, who next week makes her appearance at the Arch Street Theatre in this city, is the same actress who,

some few years since, made such a successful debut in this city under Mr. Wheatley's management at the Chestnut. She then de veloped the promise of all those qualities which were likely to make her a leading female "star" in the profession she has adopted. Nor has she since in any way belied her first promise. Her appearance of one month in last June at the Winter Garden, in New York, was exceedingly re-markable, whether we consider it as an artistic or pecuniary success. Her "Ca-mille," her "Lucretia Borgia," and her "Evadne" were all of them great triumphs as regarded her personal reputation, and stamped her as an actress of sterling abili-ties. She now again returns to the scene of her first success with the increase of repu-tation which she has gathered around her, and we feel convinced that having fostered her first struggle to enter the bright career which was offered her by her profession, our fellow-citizens will be but the more disposed to welcome her when she has elsewhere achieved a far larger reputation than that which she then made in almost her ele-

nentary trial as a "star." THE PEAK FAMILY.—Next Tuesday the Peak Family Bell Ringers will begin a brief season at Assembly Building. They will be aided by Miss Chase, the vocalist and pianist, Master Young, the comic singer, Mr. J. F. Spalding, violinist, and others, and they will have their full force of two hundred and forty silver bells from which to evoke sweet music. Their former engagements in this city have always been very ments in this city have always been very successful, and they will doubtless draw fine houses during the present one.

EXPORTING TALENT.-We learn that an excellent theatrical company leaves this city to-day for Richmond, Va. It was gotten up in this city under the auspieces of Funston & Conlan, theatrical agents. That able actor, Mr. J. B. Roberts, officiates as stage and business manager of the company.
