SENATE.-The special order of the day, the consideration of the resolutions endorsing

the action of our Congressmen in voting for the enfranchising of the colored people of the District of Columbia was called. Mr. White offered an amendment insert-

ing in lieu of the resolutions, the series he offered some time since on the condition of the country and the reconstruction of the States lately in rebellion, with the addition of one apportioning representatives and di-rect taxes among the several States; according to population, not including, however, those to whom the elective franchise is denied or abridged by the State constitution or laws, and one expressing confidence in the course of the President. Mr. Hopkins offered an amendment ex-

pressing gratitude to God for the restoration of peace, endorsing the President, asserting that the government has no right to impose negro suffrage upon the District of Columbia, asking the members of Congress to sup-port the President in his efforts to restore the Southern States. Both amendments were ruled out of order,

and Mr. Landon addressed the Senate at length in advocacy of his joint resolutions, the lobbies being filled with spectators. Other speakers followed in favor of and in opposition to the resolutions, the entire af-ternoon and evening sessions being thus accupied, without action. House, The annual report of the Attor-

It originated from a spark \$709.047 goes to New York. from the smoke-stack of the Getty well The flames spread and communicated to all the wells, twenty-two in number. About thirty thousand barrels of oil have been Crown Point, 735; Hale and Norcross, 610; Imperial, 110. destroyed. The oil is now running down the stream, setting fire to everything in its way. It is estimated that the loss will reach a quarter of a million of dollars. BUFFALO, Jan. 31.—A despatch was re-628

ceived here this evening from Petroleum Centre, stating that a fire to day destroyed seven wells on Bennehoff run, and it was reported that about 20,000 barrels of oil were destroyed, together with all the machinery. PETROLEUM CENTRE, Pa., Jan. 31.--A terrible fire occurred at Bennehoff river this afternoon at 4.45 o'clock, originating from a spark of an engine, which first communi-

cated to an oil well on lease 33. Eight flowing wells—six belonging to the Bennehoff Petroleum Company of New York, and two to the Northern Light Petroleum Company of New York-were burned, including 11,000 barrels of crude oil.

Including 11,000 parrels of crude oil. The total loss is estimated at \$110,000. The fire is still raging, but is now considered controllable. All the wells westward of No. 33 are saved. The town was at one time considered in great danger, but is now com-paratively safe.

Visit of Indians to the President.

WASHINGTON, Jan. 31.—Commissioner Cooley, of the Indian bureau, accompanied a delegation from the Choctaw, Chickasaw, Cherokee, Creek, Seminole and Ottowa tribes of Indians to the President's mansion to-day, whither they went for the purpose of having an interview with him. The Choctaws and Chickasaws, through their representative, Mr. Jones, said to the Presi-dent that they came with the hope of re-storing the friendly relations which had existed under their treaty with the United States States.

States, They trusted the past might be blotted from memory. Whilst execrating the crime which had deprived the nation of its head, they congratulated themselves that his encourses was so increased with residuent and his successor was so just, philanthropic and wise. They looked to his Excellency for that treatment which had been accorded them bis predeservoir them by his predecessors. The Cherokees appeared as two parties-

The Cherokees appeared as two parties— one known as loyal and the other as dis-loyal—both desirous of having harmonious connections. Captain Christie, of the loyal delegation, whose remarks were interpreted, said he approached the President as a friend, with no confessions of disloyalty or with ever having done anything against the Go-PETER WRIGHT & SONS, DIMPORTERS OF EARTHENWARE,

 It is one of the most useful inventions for domestic use ever offered to the public. The flour is sifted in one-quarter the time (and much better than by any other process) by putting the flour in the top of the Sifter, then, by turning the flour in the top of the Sifter, then, by turning the crank, the filour passes through the sleve with great rapidity. Clean, vary fine and light. This Sifter has no India rubber rollers to grind up the dirt, such as bugs, worms, files, éc. but slits all articles and leaves the dirt remaining in the sleve; the Sifter is made of tin, is very neat and easy to keep clean. It is the only Sifter now in use that gives SATISFACTION. Every Sifter is warranted. Be sure and ask for Spencer's Patient Tin Sifter.
