A QUEER FIGHT.—A novel pugilistic en-counter took place on Monday, at West Troy, N. Y. Three partners in the bounty-jumping business quarreled over some spoils, when two of them abused the third ne, todraw him into a fight, but he listened stoically for awhile when an idea struck him, and he said to his assailants: "Either one of you fellers is mor'n a match for me: but if you will strap yourselves together, tying a hand each behind you, Fll fight you, just to accommodate." The novelty of the proposition was too strong to be resisted, and the three adjourned to a barn to "fight it out on that line," fellowed by a considerable crowd of spectators. The men were strapped together and their right and left arms pinioned. The single "man of war" sailed in beautifully; being in light trim, he outmanœuvred the heavier craft completely. He was now before them, then behind them, and not unfrequently made their heads violently collide one with another. In fact, he had got them just where he wanted them, and where he had evidently been silently concocting to get them, when they were so loud in threats and abuse. His vicory was complete. In about five minutes he touched the loud-mouthed gentlemen off most elegantly, and having satisfied his martial ardor, departed highly elated with the success which attended his original,

happy idea. FRENCH AID TO THE FREEDMEN.—A letter from Paris, of Jan. 20th, says: "The meeting organized by the association of French ladies for sending help to the freed people of America took place, as announced, in the Salle Herz. The chair was occupied by M. Laboulaye, who, in an eloquent opening address; gave a short sketch of the formation of the society. He spoke of the French ladies as excited to take the initia-tive in the work by the example of their issters in England and America, and judg-ing from the result he thought their debut

was not unsuccessful. After alluding to the perfectly unsectarian character of the association, he mentioned that since its formaciation, ne mentioned that since its forma-tion in April last, 10 cases, containing 5,332 articles of clothing, valued at 27,969f., and 27,466f. in money, had been sent by the com-mittee-making in all 54,935f. Among the other speakers were the Rev. M. Grand-pierre, and the Rev. M. Dhombres, pastors of the Reformed Church of France; Prince de Broglie, and M. Cochin. The last-named gentleman gave a most interesting. account of the progress of emancipation in Cuba. The sale of the tickets and the collection at the close of the meeting amounted to nearly 3,000f."

ON Thursday Government has a large sale of 400 cannons, 36 mortars, 7,000,000 car-tridges, and a large number of muskets, at Old Point Comfort; and at Alexandria, today, it will dispose of 750,000 feet of lumber.
