A stated meeting was held yesterday af-SELECT BRANCH.

The Committee on Water reported an ordinance authorizing the Chief Engineer to pay for the laying of the 48-inch main out of an appropriation passed July 10, 1865, for a 30-inch main, which sum is to be refunded from a loan hereafter to be created. Agreed

The Committee on Law, to which was referred the ordinance requesting the Legislature to pass an act for the improvement of North Broad street, reported it back with a favorable recommendation. The bill authorizes the city to lay out Broad street, along its entire length was applied riving way to its entire length, as a public driving way, to be forever free from railroad tracks and ob-structions of any kind. The owners of the property upon said street are to defray the expenses of graveling, macadamizing and planting the street with trees. The bill fur-ther empowers the city to take and appropresent rights of the Reading Railroad Company, and to remove all railroad tracks upon the street, after just compensation has been made to the company or companies interested.

The bill was discussed at some length, and was then postponed.

A communication was received from the Society of Soldiers and Sailors, asking that the snow be cleared from the front of Inde-pendence Hall, that it may not interfere with

their meeting next Saturday night. Referred to the Committee on City Property. The Committee on Railroads reported an ordinance authorizing Joseph Harrison, Jr., to lay a railroad track from his boiler works, on the other side of "Gray's Ferry," to the Pennsylvania Railroad, conditionally that such track be laid in a manner satisfactory to the Chief Engineer and Surveyor.

Agreed to.
Mr. Charles Thompson Jones presented a resolution requesting the Legislature not to pass the act now pending before them for the extension of the Lombard and South Street Passenger Railroad Company.

The resolution from Common Council changing the name of certain streets in the Twenty-fourth Ward was agreed to.

The resolution authorizing the Mayor to appoint wounded soldiers as telegraph operators was passed by a vote of 26 to 3.

The chamber then went into joint convention with Common Council to elect heads of departments.

A resolution from Common Council to establish lines and grades in the Twentyfirst ward was concurred in.
The bill from Common Council providing for the repeal of the ordinance for the pur-chase of the grounds at Landing avenue, adjoining Fairmount Park, was taken up and debated at length. The subject was ultimately referred to the Committee on Law. Adjourned.

COMMON BRANCH. The President presented a communication from the Chief Engineer and Surveyor, reporting that at a stated meeting of the Roard of Surveyors the application for eulverts and branch sewers were approved for the following localities: Brighton street from Broad to Fifteenth; Front street, from Thompson street to Girard avenue: Market street, from Fortieth to Forty-first; Twentysecond street, from Sansom to Locust; Sixth street, from Indiana to Clearfield. Re

ferred to the Committee on Surveys. A communication from the same officer submitted the new wharf line around Windmill Island. Referred to Committee

on Surveys.

Also, a communication from F. C.
Brewster, City Solicitor, giving it as his
opinion that it is legal for councils to tax he receipts on passenger railways at so much per cent. on each passenger carried.

Another communication from the Union Fire Company of Rising Sun, Germantown, asking an annual appropriation of \$400. Referred to Committee on Fire and Trusts. The Committee on Finance, reported an ordinance to appropriate \$115,590 to the Department of Street Cleaning for 1866. Postponed

Mr. Miller presented to the Chamber a report from the Committee on Surveys, with a long ordinance, intended to promote public cleanliness. It is the same ordi-nance reported (but never acted on) last year, when the survey committee was un-per the direction of Mr. Everman of West per the direction of Mr. Everman of West Philadelphia. The ordinance provides that all privy wells shall be connected with the city sewers, an assistant surveyor being appointed, at a salary of \$1,000 a year, to see that proper connections are made: tha underground drains shall be extended from each house, to be erected to the street sewer, to carry away all the surface drainage, and also requiring all passenger rail-way companies to make drainage connec-tions from their horse paths to the street

sewers at regular distances.

The bill was ordered to be printed. An appropriation of \$500 to the captors of the murderer of Miss Watts, at Germantown, was agreed to.

The Chamber tabled an ordinance to re-

peal the ordinance establishing the street eleaning department. An ordinance to vote to the City Commis er \$15,000 to have the old court-house, at Sixth and Chestnut, repaired and put in order, was also laid on the table.

The Survey Committee presented another document, a long one, reflecting severely upon the conduct of the contractors of the Chestnut street bridge. The committee states that the arches of the bridge are now standing independent of the frame work, but there is a very small force of machinists at work. The interests of the city have been entirely disregarded by the contractors for the iron work. This work was to have been completed within twelve months from the date of an order from the Chief Engineer directing the work to be commend The order was issued on the 29th of May. 1862, and the work is now, unfinished. From force of circumstances the masonry was not ready for the iron contractors to begin the work of erecting until April, 1864, or nearly two years after the time allotted in the contract for the entire completion of the iron work; notwithstanding which, in June 1864, when the contractors were notified that the masonry was ready for the iron, not a tool for fitting had been placed upon the rough castings, except the skew back plates, and although they were arged and pleaded with during the with during the many months prior to June, 1864, the anxieties being always allayed by assurances that the necessary machinery was in course of construction and would soon be completed, yet it was not until the latter part of July, 1864, that the planing operations commenced

tions commenced.

The false work was not begun until May, 1865, and the first segment of the arches was not in place until the following October, the last one having been set in place on January 17, 1866, two years and eight months after the date for completion of the antire work as named in the contract with tions commenced. entire work, as named in the contract, with six months' work yet to do. The committee deem the delay the result only of a want of interest in our work, even to its entire neglect for a considerable time. No excuse can be offered for the want of obexcuse can be onered for the want of obtaining iron, or from its increased value, as on May 30, 1862, the firm, in a letter to the chief engineer, stated that 1,200 tons of pig iron had been delivered at their yard for the especial work of the city. The document closed with the statement that, as the bridge is now unfinished and free from suits and from the dangers of freshets, that Councils should take such action as will show the public that no proper effort will be spared to secure the early completion of the bridge, and that unless the contractor's work be pushed forward with the utmost diligence, the clause in the contract binding the contractors to pay into the City Treasury \$20 every day of delay after the expiration of

the time specified by their contract shall be

of departments.

enforced. The report was tabled for the present. Mr. Evans presented a resolution of in-struction to the City Solicitor, asking him whether Councils have the right to require the Trustees of the Gas Works to make monthly returns of their expenses and re-

monthly returns of their expenses and ceipts. Agreed to.

Mr. Marcer presented a communication from George F. Gordon, Chief Inspector of streets elect, submitting Wm. B. Thomas and Robert P. King as his securities. Referred to Finance Committee. ferred to Finance Committee. Mr. Harper offered a resolution calling upon the Committee on Law to ascertain

by what authority the Board of Trustees of the Gas Works appropriated \$300 to two members of their board for making a report.

Agreed to.
Mr.Stockham offered a resolution requesting the City Solicitor to prepare an answer to the charge preferred by John Given, who has served a mandamus upon every member of Common Council to appear before the Supreme Court, to morrow at 10 o'clock, to answer why they refused to accept his to answer why they refused to accept his sureties. The resolution passed. Select Council met Common Council in

joint convention and balloted for the heads

The Select Council amendments to the firemen's appropriation bill were non-concur-Mr. Nichols called up the bill taxing city railroad companies, and moved that the bill be made the order of the day at four o'clock

on next Thursday.

The bill making the annual appropriation to the Department of City Property was taken up and passed. Adjourned. From our Third Edition of Yesterday.

From Washington. [Special Despatch to the Bulletin.]
WASHINGTON, Feb. 8.—It is understood that Napoleon has informed our Govern-ment of the precise period when the French troops will be withdrawn from Mexico. The Senate Committee on Territories are in favor of extending the boundaries of Nevada so as to absorb a large portion of the territory now in the limits of Utah. This mode is regarded as the best to get rid of questions of admitting them into the

The Ways and Means Committee having rejected the propositions of the Canadians, it is understood that the British Minister is authorized to open negotiations for another

treaty.

The Committee on the Air Line Railroad to New York have a special meeting to-day to hear arguments against the scheme by the Presidents of the Camden and Amboy, and Wilmington and Delaware Railroads. The Committee may favor the building of another road, but Congress will not consent to the present scheme, as persons engaged in it are speculators.

Fenian Demonstration at Fancuil Hall. Boston, Feb. 8.—The Fenian Brother-hood held a meeting at Faneuil Hall, last evening, which was fully attended. Addresses were made by J. K. Rogers, Centre oi the Manhattan Circle; B. Doran Killian, George Francis Train and others. The meeting was continued until a late hour, and the demonstration was a very spirited

XXXIXth Congress-First Session. WASHINGTON, Feb. 8, 1866. House—The House, by a vote of 112 to 29, passed the bill setting apart all the public lands in Mississippi, Alabama, Louisiana, Florida and Arkansas for homestead pur-

poses, no distinction to be made on account of race or color. No mineral lands are to be liable to entry or settlement. The House resumed the consideration of the Navy Appropriation bill. Pennsylvania Legislature.

HARRISBURG, Feb. 8th. SENATE—Seventeen senators presented against.

Mr. Ridgeway read a bill allowing the
Western Insurance and Transportation

Company to increase its stock.

Mr. Royer read a bill changing the venire in the cases of the Commonwealth against Henderson and Leedom, prosecuted for refusing deserters' votes in Montgomery county.

The bill authorizing the closing of the

trust estate of Marian Shoemaker, deceased The supplement to acts relating to lost deeds, was passed.
House.—Mr. Thomas (Phila.) appeared

in his place. Also, Mr. John H. Shick, member elect from Lancaster, to fill the vacancy caused by the death of Mr. Daywood.

The public calendar was the special order The act requiring Aldermen and Justices of the Peace to make returns to District Attorneys in all cases within ten days after

the arrest of criminals, was discussed and postponed. postponed.

The joint resolution for final adjournment on March 29th was passed.

An act taxing the charters of joint stock companies intended to operate in other States one-half per cent. on the capital stock was passed by a vote of 77 axes to 18 nave was passed by a vote of 77 ayes to 18 nays. Bogus oil, gold and silver mining companies were bitterly denounced by Mr. Crosland.

For Sifting Flour, Meal Buckwheat, Sauce and all other articles requiring a

State and County RIGHTS FOR SALE

IRIGHTS FOR SALE.

It is one of the most useful inventions for domestic use ever offered to the public. The flour is sifted in one-quarter the time (and much better than by any other process) by putting the flour in the top of the silter, then, by turning the crank, the flour passes through the sleve with great rapidity. Clean, very fine and light. This slifter has no India rubber rollers to grind up the dirt, such as bugs, worms, flies, cc., but sifts all articles and leaves the dirt remaining in the sleve; the slifter is made of tin, is very neat and easy to keep clean. It is the only slifter now in use that gives SATISFACTION. Every Slifter is warranted. Be sure and ask for Spencer's Patent Tin Slifter.

President, COL. WM. B. THOMAS.

Sec. and Treas. pro. Tem.; J. HOPKINS TARR.

> Solicitor, WM. L. HIRST, Esq.

DIRECTORS. COL. WM. B. THOMAS, CHAS. S. OGDEN, EDWIN MIDDLETON. ALEXANDER J. HARPER, WILLIAM BERGER.

The land of this Company consists of about 120 acres n Mecklenburg county, North Carolina, about 3% miles from the town of Charlotte.
On this property 15 shafts or plus have been opened and sunk to various depths from 10 to 85 feet, demon strating the existence of three parallel veins of one of about 2 feet in width and about 15 feet apart; converging to a common centre at the depth of about 150 feet, for ning one immense mass or vein of ore extending in length through the property more than half a mile.

There are also on this property other veins of ore unexplored. All these ores are known as the brown ores, and are very rich, yielding an average of about \$20 per ton in gold. The above results having been demonstrated by the rude working of the mines for everal years past, the risk of investment in und veloped property is not incurred, and by the application of modern mining and reducing machinery the Company anticipate an immediate and large return for their

Having an ore that readily yields \$200 per ton, some estimate can be made of the value of this property with the present imperfect system of mining. Ten tons of this ore can be taken out und reduced daily from every shaft opened at an expense not exceeding ing a net daily profit of \$1.750 shah worked by the Company.

The large working capital reserved will enable the Company at once to procure and erect the best modern

eachinery for manipulating the ores, by means o which the yield will be largely increased These mines, whilst they produce ores risher than those of Colorado or Nevada, have many advantages over them, particularly in an abundance of fuel and chesp labor, and the facility with which they can be worked during the entire year, whilst those of Colorado. rado and Nevada can only be worked during the

warm weather.

A test assay of an average specimen of the ore from the Carson Mines was made as istems the 77th of January, of the present year, as will appear from the following certificate of Professors Booth and Garress, the Assayers of the Philadelphia Mine

PHILADELPHIA, January 27, 1969. We have carefully assayed the sample of ore from Carson Mine, North Carolina, and find it to yield ten ounces nine penny weights of pure Gold to the ion of ore. The coin value is therefore \$110 02 per ion of ore, Yours respectfully, DR. M. B. TAYLOR, BOOTH & GARRETE.

404 Walnut street. Subscriptions to the Capital Stock will be received a the office of the COMPANY, No. 407 Walnut street, where samples of the ore may be seen and full information received.
