TRUBTHER PART BOSTON, Feb. 10.-The mystery attending the robbery of the National Bank of Concord. Mass., on the 25th of September last has been partially revealed, through the untiring efforts of the detectives. A few days since two of the robbers were captured in another State and \$196,000 of the money secured, being about two-thirds of the amount stolen. The money recovered has been paidover to the President of the Bank It is believed that three persons were concerned in the robbery, and the third person is still at large, but is known and will probably be arrested. For prudential reasons the circumstances attending the capture of the two robbers are for the present withheld from publication. ### A New Bill about Logs.

HARRISBURG, PA., Feb. 10, 1866 .- One of the acts introduced yesterday in the Legislature is of the greatest importance to the lumbering interests of the Susquehanna region. It allows descending logs, south of Northumberland, to be seized by any one finding them on the banks, and held until one dollar is paid on each. If such payment is not made within thirty days the logs are to belong to the finder. The rights of property of every lumberman on the Susquehanna and its branches are affected by this bill, which is favored by parties connected with boom interests at Williamsport.
