Special despatch to the Bulletin.

WASHINGTON, February 15th, 1866.—The

sub-committee of the committee on recon-

struction who have been investigating the

condition of affairs in Tennessee, to-day,

submitted their report to the general com-

mittee, which is understood to be favorable

to the admission of the Representatives of

that State.

It is said that the Joint Committee of

fifteen will report in favor of admitting

Tennessee as a State, taking the ground

that she with other Southern States is now

of the Union and is to be admitted by

formal application to Congress.

The President still has the Freedmen's

Bureau bill under consideration. There

are several features of the bill which he

maintains ought not to be in it. He will

probably indicate in a message to Congress

in a few days his objections to them.

Advices from Gen. Sheridan, received to-

day, show that the spirit of lawlessness still

prevails all along the Mexican frontier.

That it will require a pretty strong military

force, with stringent orders, to put an effec-

tual stop to it.

It has been decided by the House Naval

Committee, to visit League Island. The

new members of the Committee desire to be

fully advised in regard to the matter before

they come to a final decision.

Decision of the Court of Claims.

WASHINGTON, Feb. 15.—The U. S. Court

of Claims has decided the case of Thomas

W. Pierce, vs. the United States. The

claimant sought to recover from the Govern-

ment, the sum of 30,000 on certain bills of

exchange drawn by Russell, Majors &

Waddell on John B. Floyd, Secretary of

War during Buchanan's administration, ac-

count of a contract executed by the

above named firm to transport supplies to

the army in Utah. These bills are marked

"accepted" by Floyd, and are of the class

familiarly known as the "Floyd acceptances."

The court is of the opinion that Floyd had

no rightful power or authority to bind the

United States, by the acceptances in suits,

and that even if he had, there is such knowl-

edge of the want and failure of considera-

tion and the illegal character of the ac-

ceptances brought home to the claimant

before he became the holder, as to render

them unavailable and irrecoverable in his

hands; and being of this opinion, the court

found for the defendant, and directed the

petition to be dismissed. The case will be

carried to the Supreme Court for a decision.

CITY BULLETIN.

THE MUNICIPAL HOSPITAL.—This insti-

tution is located on Millington street, at the

Twenty-first Ward, and the necessity of

having it connected with the centre of the

city by the police telegraph was demon-

strated by an incident which happened yes-

terday evening on Walnut street, between

Chestnut and a colored man, suffering

from small pox, in charge of a police-

man, who had kindly volunteered to get

him a place to lodge. Unsuccessful appli-

cation was made at several places, and the

last we saw of the two men they were going

out Chestnut street. The office of the Board

of Health is closed, and no information

could be had from that quarter, but if there

had been a telegraph line to the Municipal

Hospital the sufferer would, no doubt, have

soon become a patient of that institution.

THE NINETEENTH WARD SUICIDE.—

The suicide of the man who was rescued

yesterday morning at the foot of Cumber-

land street, in the Nineteenth Ward, is still

involved in mystery. Coroner Taylor com-

menced an inquest in the case yesterday

afternoon, but there was no evidence to

show who the deceased was or the motive

which prompted the act of self-destruction.

The body is yet at the Nineteenth Ward

Police station, and no information has been

viewed by hundreds of persons during yes-

terday and to-day, it has not been recog-

nized. The inquest will be resumed this

afternoon.

LAWYER.—Before Alderman Toland this

morning, David Myer was charged with the

and then disappeared. He was discovered

yesterday, at St. John and Wood streets,

and was arrested. He was committed in

default of \$1,000 bail to answer.

POLICEMAN INJURED.—Officer George

Finley, of the Reserve Corps, while in the

City Hall, on the stairs, fell down the

staircase. He was severely injured and was

not on duty this morning.

SLIGHT FIRE.—The alarm of fire at eleven

o'clock last night was caused by the applica-

tion of some combustibles in the third story

of The Brown's stereotypy foundry, near

of Sixth street, below Chestnut. Damage

trifling.

A COLD BATH.—About ten o'clock last
