Romantic Murder Trial—The Murdered Man Suddenly Appears in Court Alive and Well.

[From the Benton (Ill.) Standard, Feb. 3.]

A few weeks since we noticed the fact of the finding of a human skeleton in the woods about two miles east of this place, by Mr. Benjamin Williams, and of the verdict of the jury of inquest, designating the skeleton as the remains of a young man by the name of Henry Mahorn, and implicating David Williams, a son of Benjamin Williams, as his murderer. The circumstances surrounding the case were strongly against the accused, as the missing young man was last seen, in this community, about a year ago, in company with Williams, on their way to enlist in the army as substitutes.

The accused, after an absence of a few weeks, returned home alone, stating that his comrade, Henry Mahorn, had enlisted in the 10th Regiment Missouri Infantry. This appeared plausible at the time, and Henry Mahorn was almost entirely forgotten by our citizens, until the finding of the skeleton in the woods. The suspicions of our citizens were at once aroused from the fact that the clothing was identified as the same worn by Mahorn when last seen.

The supposed murderer was immediately arrested upon the rendering of the verdict of the jury of inquest, and lodged in the county jail to await his trial. On Monday, the 15th inst., the prisoner was brought into Court before his Honor, Judge Duff, on a writ of *habeas corpus*. The Court proceeded with the trial. The circumstances, as revealed by the evidence, pointed directly to the prisoner as the murderer of Mahon, as the clothing found was identified as his; and that certain teeth which he was known to have extracted in his lifetime were the identical ones that were found wanting in the jaws of the skeleton.

In fact the circumstance pointing to the guilt of the accused were so strong, that nine-tenths of the citizens of this community were fully satisfied of his guilt.

In the midst of the trial, imagine the astonishment of the court, counsel, witnesses, the eager and excited specattors, as well as the overwhelming joy of the prisoner in the dock, by the sudden appearance of Henry Mahorn, *in propria persona*, in the court room, in full vigor of life, hale and hearty, giving the most unmistakable evidence that he had not been murdered, and that the accused was innocent of the heinous crime with which he was charged. The prisoner was so overcome with joy at this unexpected and apparently providential deliverance from the suspicious circumstances that surrounded him, that he wept like a child. The Judge at once ordered the release of the accused.

It seems that Mahorn had joined the army under an assumed name, and in consequence was unable to hold correspondence with his friends; and being discharged but a few days previous to the trial of the young man Williams, as his murderer, he fortunately arrived in Benton the very day the trial commenced.

DESTRUCTIVE FIRE IN NEW YORK.

The City Assembly Rooms and the American Theatre Destroyed---The Continental Hotel and Other Buildings Seriously Damaged--Loss About $150,000.

[From to-day's N. Y. Tribune.]

Shortly before 11 o'clock yesterday morning a fire was discovered in the rear of the American Theatre, No. 444 Broadway, and so rapidly did the flames spread, that before the Fire Department was on the ground in full force, they had mounted into the City Assembly Rooms, the scene of so many balls and other gatherings. The Fire Department, under Chief Engineer Kingsland, were soon on the ground with their powerful engines, and a dozen large streams were soon playing upon the fire from the front and rear.

A strong effort was made to save the City Assembly Rooms, the firemen lying upon their faces on the floor of the ball-room, pipe in hand, playing upon the advancing flames. All their efforts were useless, however. The splendid Hall, with its fine decorations, frescoed ceiling, and all the appliances of a first-class ball-room, were soon consumed, or a mass of charred ruins.

In the mean time the occupants of the first floors of the front buildings, Nos. 442½, 444, 446, 448 and 450, with the aid of the Insurance Patrol, were busily engaged in removing their goods from the premises occupied by them, and leaving them for the time being on the walk and in the basements on the opposite side of Broadway. The furniture of the City Assembly Rooms, George Alker, lessee, was in like manner removed.

By 3 o'clock P. M., the flames were subdued and the amount of the loss could then be ascertained. It was found that the Assembly Rooms and the American Theatre were completed gutted. The Continental Hotel and some of the adjoining buildings were seriously damaged.

From a statement made to the Fire Marshall by William Holmes, one of the singers attached to the theatre, it would appear that the fire originated in the property-room of the theatre by a stove pipe becoming detached.

The City Assembly Rooms occupied the third stories of Nos. 442½ and 450 inclusive, having a frontage of 125 feet on Broadway, and having a depth of 100 feet. The dancing hall is destroyed, but the front of the building, comprising the stores on the first floor and the withdrawing rooms and bar on the upper floors, are only damaged by water. The original building was burned on the night of December 20, 1854, and rebuilt by George W. Miller in 1856, at a cost of over $100,000. It is built upon a leasehold of ground belonging to the Lorillard estate. On the death of Mr. Miller it was purchased from the lessees by Mr. Edward Matthews, the present owner. The loss on the building will amount to about $75,000. Insured for $70,000 on the building and $10,000 on the rents.

The loss of Mr. Alker, the lessee of the Assembly Rooms, will amount to about $2,000. Insured for $1,500 on bar and $1,000 on furniture in the People's Company.

The American Theatre was owned by Robert F. Butler, and situated in the rear of No. 444. The amusements consisted of a selection of songs, dances, burlesques, etc., of a rather low character. For many years it was the scene of the triumphs of the celebrated Christy Minstrel troupe, and as such obtained a wide celebrity. Mr. Butler's loss on scenery, properties, etc., will amount to about $20,000. Believed to be insured. There were about 35 persons employed in the theatre. These, of course, are temporarily thrown out of employment. Billy Holmes, one of the singers, loses $200 on wardrobe. Charley White, negro delineator, loses about $1,000 on wardrobe. James Wambold, also a singer, loses $1,200 from a similar cause. Thompson and Kerr, who exhibited some performing dogs, lose about $1,500 on dresses and appointments. A number of the ballet girls lose about $200 on wardrobe. None of the above are insured.

The Continental Hotel and Dining Rooms are occupied by John C. Currin & Co. The windows on the side adjoining the fire, and the top floor are somewhat damaged by fire, while the entire building is saturated with water. The loss will amount to about $15,000. The stock and fixtures are insured for $37,000 in the following companies; Commonwealth, Pacific, New York, Peoples, Baltic, Park, Brevoort, and Star, $1,000 each, and Indemnity $5,000. The owner of the building was not ascertained. The loss on building will amount to about $3,000. Some of the boarders lost clothing and other articles.

The first floor of No. 442½ was occupied by W. Solomon, dealer in imported cigars. His stock was removed without much damage. Loss on stock and fixtures about $600; insured for $1,500 each in the Croton and Humboldt Companies.

No. 446, first floor, was occupied by T. D. Barnard, dealer in cheap jewelry. His stock was removed in safety. Loss slight.

The first floor of No. 448 was occupied by M. Eisemann, dealer in boots and shoes. His stock was also removed in good condition. Loss on fixtures and stock about $500; insured for $6,000 in the Central Park and one other Company.

No. 448½ was occupied by Sidney W. Clark, grocer. His stock was removed, but somewhat damaged in so doing. Insured for $2,500 in the Pacific Company.

No. 450, a five story building, was occupied by Hoover, Stone & Co., dealers in hats, caps and straw goods. Their store extended from Broadway to Crosby street, and their stock was a very heavy one. It was much damaged by removal. Loss on stock and fixtures about $15,000; fully insured. The basement was occupied by P. J. Jetter, barber and hair dresser. Considerable loss on stock and fixtures. Insured for $2,000 in the Hamilton Company.

No. 12 Crosby street is occupied by Isabella Lee. Loss on furnitnre, by water, about $200. The furniture is owned by Bendell & Scott and is insured for $2,000.

No. 14 is occupied by A. Seyfert as a dwelling. Loss on furniture, by water, about $200; insured for $2,000 in the Germania Company.

Several of the adjoining buildings were slightly damaged by water, the Fire Department having taken their pipes through the hallways for the purpose of playing upon the fire in the rear.

THE NAVAL RACE.—The naval race between the steamers Winooski and Algonquin, for the purpose of testing the relative powers of their engines and their speed, has, for the present at least, summarily terminated, both vessels having returned to the Navy Yard yesterday afternoon. The Winooski, on the completion of her third heat around Falkner's Island, was seventy miles ahead of the Algonquin, but owing to a severe storm, which set in on Wednesday night, they were both compelled to seek anchorage.

CITY BULLETIN.

THE LINCOLN INSTITUTE.—The ladies who have started the new Home for the orphans of soldiers and sailors have decided to call it "The Lincoln Institute, or Soldiers' Orphan Boys' Home." We are glad to learn that the Managers are meeting with much encouragement in their laudable enterprise.

This institution will furnish a Home for boys until they are old enough to be apprenticed to a trade, and will possess, in this feature, a great advantage over the system of binding children out at an age too early to allow of their learning good trades. A charity like this, in the hands of ladies of experience and ability, ought to meet with the most cordial support in this community.

General Meade and our worthy Mayor have given it their heartiest endorsement, and we hope that it will very soon be placed in a position to put the benevolent and patriotic designs into practical operations. Mr. L. H. Redner, 152 South Fourth street, is acting as Treasurer and will gladly receive all donations, large or small, towards carrying the project into effect.

PRESENTATION.—A very interesting and pleasant incident took place at the stated meeting of Eastern Star Lodge of Masons on Wednesday evening last. After the business of the lodge had been concluded, and before the adjournment, Mr. George P. Little, who had served the craft for many years as secretary, was called in front of the master's desk and addressed in a neat speech by Mr. James C. Adams, who closed his remarks by presenting to Mr. Little a massive silver pitcher.

The affair, although arranged some time back, was a surprise to the worthy secretary, but he received the gift in the most feeling manner. The pitcher bears upon it the following inscription: "Presented by Eastern Star Lodge, No. 186, A. Y. M., to Brother George P. Little, who, for twenty-three years, has served the lodge faithfully as secretary.

"Committee: Thomas S. Begley, James C. Adams, E. Harper Jefries, James H. Boswell, A. H. Derickson."

HIGHWAY ROBBERY.—Hamilton Quinn who has been in the custody of the police before, was arrested yesterday by High Constable Joseph Barton, and taken before Alderman Delaney upon the charge of highway robbery. It seems that on the 25th day of October last, Mrs. Jane Patterson, the widow of a soldier, who died in Andersonville prison, received through the U. S. Christian Commission, her husband's back pay and bounty amounting to $170. On her way home she stopped at a store in the southwestern part of the city to buy a candle. Quinn and another man, it is alleged, followed her from the store to the street, where Quinn seized her by the throat and held her while his companion took the money from her bosom. The rascals also robbed her of a new clock which she had just purchased. Quinn was committed to answer at Court.

ROW AND SHOOTING ON CHESTNUT STREET.—Last evening, about seven o'clock, there was quite an excitement at Seventh and Chestnut street, caused by a difficulty between two men named John Scott and James Hamm. It appears that Hamm gave Scott a diamond ring valued at $130, to sell for him. The two went together to a place in the lower part of the city, and Scott, instead of selling the ring, jumped out of the window with it and made off. Last evening Hamm met Scott at Seventh and Chestnut streets, and spoke to him about the matter. Scott, it is alleged, immediately attacked Hamm, and knocked him down. Hamm regained his feet, and drawing a pistol, fired at Scott. The ball from the weapon missed its mark, however. A couple of Reserve officers then interfered, and arrested both men. A hearing in the case will take place this afternoon, at the Central Station.

ALLEGED IMPOSTOR ARRESTED.—An Englishman, named Edward Brice, was yesterday arrested by Officer Reeder, upon the charge of swindling. It appears, that for five years past, he has been in the habit of calling upon different clergymen, presenting letters purporting to come from other ministers, and obtaining money, clothing and other relief for his family. One of the Rev. gentlemen observed Brice very finely dressed a few days ago and watched him. He went to market and purchased a venison steak, a lot of oranges and other delicacies. The family of Brice consists of a wife and two children and they occupied a couple of third story rooms in a house No. 703 Christian street. These apartments were furnished in rather a poor manner. Brice was committed by Alderman Hurley.

SKATING.—The lovers of skating have now another opportunity of enjoying themselves. The weather has undergone a great change since Wednesday night, and the mercury is now down close to zero. The small streams and ponds about the city are all frozen and the ice is in good condition. The various skating parks are all in full operation, and during yesterday afternoon and this morning there were hundreds of ladies and gentlemen flitting about on runners. The Schuylkill is again tight, but the ice is not yet of sufficient thickness to permit persons to venture upon it without danger. If the present cold snap continues a day or two longer there will again be excellent skating above the dam.

FIRE PROOF SAFE BLOWN OPEN.—Last night about twelve o'clock a liquor store, No. 904 Vine street, was entered by forcing open a back door. The fire proof safe was charged with gunpowder and was blown open, but no plunder was obtained. About this time Officer McCalley, of the Sixth District Police, discovered a young man named James W. Conner, in the back yard, and took him into custody. A jimmy and a dark lantern were found in his possession. The prisoner had a hearing before Alderman Jones this morning and was committed in default of $3,000 bail.

LARCENY OF A DIAMOND RING.—This morning, before Ald. Tittermary, Richard Dillon was charged with the larceny of a diamond ring, valued at $500, the property of a man belonging to New York. The latter attended a ball at the Academy of Music on Wednesday night, and got pretty well intoxicated. He brought up finally at a house in the neighborhood of Sixth and Shippen streets, where, it is alleged, the ring was stolen. The ring was recovered and Dillon was committed for trial.

ROBBING A SOLDIER.—Mary Howard, Charles Keller, Jacob Gilbert, Iran Murphy (aged 16 years), and Annie Carter, had a hearing before Ald. Hutchinson yesterday afternoon, upon the charge of having stolen $260 from John Dorsey, a discharged soldier, who is nearly blind. The robbery, it is alleged, was committed at the house of Mary Howard, No. 1340 Wood street. The money was taken by Murphy and was divided among the rest of the party. The defendants were all committed to answer.

ROBBERY.—The dwelling of Hon. Alex. Henry, on School lane, near the Falls of Schuylkill, was entered on Wednesday evening, through the front window, and was robbed of some jewelry and a number of other articles,

WOODEN BUILDINGS.—The High Constables yesterday ordered to be taken down three wooden buildings which had been erected contrary to the ordinances of the city.

FRIDAY, Feb. 16—Trade is as dull as ever in all departments and the transactions are of a comparatively unimportant character.

There is rather more doing in Cloverseed and 1,000 bushels fair and good sold at $7 25@7 50. A sale small of Timothy at $4 25. Flaxseed is dull and sells at $3 ⅜ bushel.

There is very little doing in Flour either for export or home use, and no chance from yesterday's quotations. Small sales at $6 25@6 75 ⅜ barrel for superfine, $7 50@8 50 for extras, $8@9 for Northwestern extra family. $8 50@10 for Penna. and Ohio do. do. and $11 to $13 for fancy lots—according to quality. Rye Flour is held at $4 75@5, and Corn Meal at $4, but there is nothing doing in either.

The receipts of Wheat are trifling and there is scarcely enough doing in the article to fix quotations. Red ranges from from $1 50 to $2 20 for common and choice and White from $2 20 to $2 50—400 bushels sold at the former figure. Rye is steady at 85 cents. Corn is in limited request, with sales of 1000 bushels yellow in store, at 70 cents. Oats are firmer. Sales of 1400 bushels at 45@47 cents.

Prices of Barley and Malt are unchanged.

MARINE MISCELLANY.

Brig California, Camm, from Matanzas for Bristol, which arrived at Newport on Tuesday afternoon, was taken charge of by U S revenue cutter Miami, for violation of the revenue laws. The cutter fell in with the California at about 7 AM on Tuesday, standing off shore near Narragansett Beach, and suspecting that she might have been engaged in smuggling, sent an officer on board, who, in searching, found a case of 5,000 cigars in the run, directly under the hatch, covered over with a tarpaulin, and Capt Thompkins, of the cutter, considered himself justified in seizing the vessel. Capt Camm asserts his entire ignorance of the cigars being on board the vessel; that coming in by Montauk on Sunday, he struck into thick fog about 9 AM next day, and soon after anchored in 6 fathoms water, near the breakers, and remaining until about 4 AM 18th, not knowing where he was.

FENIANS IN WASHINGTON.

MINISTER ADAMS DENOUNCED.

THE LOYAL WAR DEBTS.

Visit to League Island.

From Washington.

[Special Despatch to the Bulletin.]

WASHINGTON, Feb. 16.—A Fenian delegation, headed by Mr. Killian, are here, for the purpose of calling the attention of the President to the action of the British Government in incarcerating American citizens, against whom there are no charges. The delegation are very severe upon Minister Adams, who has refused to take any notice of the case, to which his attention has been called. A grand mass meeting will be held to-morrow afternoon at Grover's Theatre, at which time the conduct of Great Britain will be severally denounced. Generals Banks and Butler have been written to to address the meeting.

Pollard, the Richmond rebel, whose paper has been surpressed, gets no satisfaction from the President or General Grant. He has been informed that the government intends to make short work with this class of men and papers.

The special committee on debts of the loyal States have prepared their bills. I allows fifty-five dollars per man on the three years standard of service and pays, in all, for two million one hundred and fifty four thousand three hundred and eleven men.

The aggregate, one hundred and eighteen million four hundred thousand dollars to be accepted by the States in full for all claims. To be paid in five per cent. bonds, redeemable after twenty years, and not negotiable till after the same period.

The House Naval Committee leave here with Judge Kelley, this evening, for the purpose of visiting League Island, with the view of ascertaining its merits, as a proper locality for the Navy Yard, etc. To-morrow will be devoted to that object by the Committee.

Stocks were better this morning, but the quotations are lower since the Board. Chicago and Rock Island, 106¼; Cumberland preferred, 45½; Illinois Central, 114½; Michigan Southern, 71; New York Central, 90¾; Reading, 101½; Hudson River, 104½; Canton Company, 44½; Missouri 6s, 77½; Erie, 80¾; One Year Certificates, 98⅝; Tennessee 6s, 56½; Treasury 7 3-10s, 99⅛; Ten-Forties, 94½; United States Coupon and Registered 6s, 104½; Western Union, 57½; Gold, 137¼.

CURIOUS SACRILEGE.—The Episcopal Church at Riverton, N. J., was entered on Tuesday night by some maliciously disposed person. The cabinet organ was defaced and destroyed by tearing out the keys. The book markers and part of the communion linen was stolen by the marauder, who, however, left the vestments untouched. A window was broken, but as the glass was found on the outside of the building, it is evident that the church was entered with false keys and the window broken to divert investigation. The doors and windows were all left fastened. The object appears to have been malicious mischief rather than plunder.
