The Sale of Gold and Silver Lands, Representative Julian, of Indiana, Chairman of the House Committee on Public Lands, has reported from that Committee very important bill providing for the sale of the gold and silver lands of the United

The following is a brief summary of its provisions: SECTION 1 provides for the sale of such lands, after six months' weekly publication of the notice of the sale in some newspaper of general circulation published nearest the land. The sale to be at public auction, and the notice to contain a full description of the location of the land, character and quality of the minerals, nature of the deposits in which they are found, general features of

the country, &c. SEC. 2 provides that the public sales shall be open two weeks, during which no private sales shall be allowed. It also provides that should full, fair and free competition be prevented at any public sale, the title acquired by persons thus preventing such fair competition shall be void, whether patents for the lands shall have been issued or not. It further provides that none but citizens of the United States or those who have de-clared their intentions to become such, shall be allowed in purchase, and that all lands remaining unsold after the public sales shall

be open to private entry.

SEC. 3 provides that the Surveyor-General for the proper district shall prepare plans of sub-divisions of such lands according to the plan of sub-division now recognized by repealing the process until the lots shall be deemed of fit size, which shall be numbered as sections are numbered in townships.

SEC. 4 provides for the appointment of a geologist for each land district, who shall thoroughly explore the lands therein containing valuable minerals, and report the size of the sub-divisions judged proper to enable the purchaser to work his mine to advantage, and giving a full description o the character of such lands and the minerals founn in them, the report to be made to the general land and local land offices.

SEC. 5 provides that the discoverer or worker of any mine or lead, or deposit o mineral, shall have the right to purchase it at the minimum price fixed upon it. Proof of discovery or of working the mine shall be made to the Register, Receiver and Geologist, or any two of them, by the affi-davit of the party, and of two respectable,

disinterested witnesses. SEC. 6 provides that the Register and Receiver in connection with the Geologist. shall classify the lands with reference to their value, and the sub-divisions deemed necessary to accommodate miners, &c., and report the same to the Surveyor General and the General Land Office, giving the minimum price that should be fixed on the said lands. No persons shall purchase more than twenty acres, nor enter a second tract without selling the first at public sale to the

without seiling the first at public sale to the highest bidder, in cash.

Sec. 7 provides that the President of the United States may lay off the mineral region into assaying and coining districts, having reference to the Mints now established, and requires the mineral to be assayed and coined in soil districts under strict products. coined in said districts, under strict pen-

SEC. 8 provides that the purchaser of the said lands shall take the oath of loyalty to the United States required by law.
SEC. 9 provides that the proceeds of the sales of such lands shall be applied to the payment of the principal and interest of the bonds of the United States.

SEC. 10 provides that the Secretary of the

Interior may designate and set apart such of said lands as may prove to be agricultural, to which pre-emption or homestead right shall not have been attached.

SEC. 11 provides that anomalous surveys. or those not made according to the estab-lished rules of the Government, shall be authorized when the convenience of settlers may best be consulted by recognizing their may best be consulted by recognizing their lines and divisions, said anomalous surveys to be properly connected by lines, courses, &c., with the rectangular surveys. The reasons for departing from the rectangular system are to be plain in each case. SEC. 12 provides that the President may

increase the number of land districts, are point the necessary officers, fix the boundaies, appoint additional geologists when

necessary.
SEC. 13 repeals all laws inconsistent with

YIELDS TO THIS REMEDY:
when all others prove ineffectual.
The Rev. JACOB SECHLER, of Hanover, Pa.
Well known and much respected among the German
population in this country, makes the following
statement for the benefit of the afflicted.
DEAR SIRS—Having realized in my family import
ant benefits from the use of your valuable preparation
—WISTAR'S BALSAN OF WILD CHERRY—it affords me
pleasure to recommend it to the public. Some eight
tears ago one of my daughters seemed to be in a datine, and little hopes of her recovery were enter'
tained. I then procured a bottle of your exc-lent
Balsam, and before she had taken the whole of the
contents of the bottle there was a great improvement
in her health. I have, in my individual case made
requent use of your valuable medicine, and have always been benefited by it,
