LATER FROM TEXAS.

Fenianic Developments.

From Washington.

WASHINGTON, Feb. 27.—The Ways and Means committee are maturing a bill, which will be reported in a few days, looking to an adjustment of the Canadian reciprocity question.

Inasmuch as the Canadian officials do not accept the proposition presented by Mr. Morrill on account of the limited articles in the free list, the Committee have determined to extend that list considerably.

It is believed that the Provisional will accept the measure. If, however, they refuse them there is little chance of anything being done.

The Indian Committee of both houses were in joint session to-day for the purpose of devising a new policy respecting our Indian affairs. The present system is regarded as wholly inadequate, and it is felt that something must be done for these children of the forest.

There are efforts on foot to heal the breach between Congress and the President. There are many good men engaged in it.

From Texas.

GALVESTON, Feb. 24.—The funeral of the Hon. George W. Smythe was attended by the Convention en masse. A resolution of condolence and respect was adopted. The deceased is pronounced to have been one of the ablest statesmen of Texas, and his death is regarded as a public calamity.

In the Convention a resolution was referred to exempt certain property from attachment and forced sales on execution for twelve months.

A minority report declaring the secession ordinance null and void was discussed and referred.

A resolution requesting the Government to provide, by treaty with the Indian tribes, to secure protection to the white settlers, and secure relief from the General Government against Indian excursions.

Arrived, steamer Senatoha, from Boston; the Saragossa, from New York, is discharging. The steamer Georgia will sail for New York in a few days.

Cotton firm, middlings, 31 cents. There is still a large quantity of unemployed tonnage in port. Freight to New York; 2 to Liverpool id. Business is generally dull.

Fenianism.

NEW YORK, Feb. 27.—Col. O'Mahony, in a card, denounces as untrue the rumor that he was about to dismiss Killian, and declares that he considers the latter worth more to the Brotherhood and to Ireland than the whole so-called Senate together.

The Herald's Toronto special despatch says that reports from an English detective at Pittsburgh states that General Sweeney's plan is to make a demonstration against Canada about the middle of March, with a small force, and strike New Brunswick, via the Maine frontier, with his main column.

Accident to Lieut. Gen. Grant.

NEW YORK, Feb. 27.—Lieut. Gen. Grant was accidentally shot in the hand, yesterday, by the explosion of a new rifle, which he was examining. The wound is not serious, and did not prevent his attending the reception at Brooklyn last evening. He left last night for Washington.

The Cabinet.

NEW YORK, Feb. 27.—The Tribune says editorially: "Those members of the Cabinet (we are informed on good authority) who contemplated resigning their portfolios, with friends, after consulting with the President, to await the action of the President. They prefer to give him the opportunity of removing them, should he think proper rather than of accepting their resignations. It is not improbable that he will accept the alternative in the case of one of these gentlemen, in the course of a few days. Such is the expectation at Washington among persons well informed."

Habeas Corpus in Kentucky.

LOUISVILLE, Feb. 26.—Writs of habeas corpus were issued to-day by Judge Ballard of the District Court of the Southern States, for the bodies of Captains Read and Lennon, who were lately fined and committed to jail in Campbell county, for the protection of the polls at the late election. The cases are important and will present the whole subject of the powers of the military where martial law prevails. Eminent Union lawyers have volunteered their services to General Palmer to represent the accused.

Destructive Fire at St. Louis—Four Steamboats Burned.

ST. LOUIS, Feb. 26.—The steamers Dictator, Luna, Leviathan and Payson, were burned at the levee to-night together with a large amount of freight. The loss cannot be ascertained to-night, but will probably reach \$500,000. The three latter boats belonged to the Mississippi Steamship Company.

Judicial Decision.

NEW YORK, Feb. 27.—Judge Barnard has decided that the courts have no authority to discharge minors from the army, that power resting alone with the Secretary of War.

Pennsylvania Legislature.

HARRISBURG, Feb. 27.—SENATE.—Messrs. Connell and Ridgeway presented petitions favorable to applying the school tax in Philadelphia to the payment of school warrants.

Mr. Ridgeway presented a petition from the Unitarian church members of Germantown favorable to Sunday travel.

Mr. Connell remonstrated against the Lombard and South street amendment.

Mr. Graham, a remonstrance against driving the produce vendors from the streets of Philadelphia.

Mr. James read a bill preventing the packing of hay in Bristol.

The House bill giving the Philadelphia and Erie Railroad Company power to build branches came on for third reading, and debate ending only with the adjournment took place.

Hall Landon and others spoke in favor of and Lowry, Bingham and others against the bill.
