SEBIOUS CONFLAGBATION. Fall of a Wall and Loss of Life.

Last evening about half-past six o'clock a fire broke out in the wholesale hardware store of Geo. H. Roberts, Nos. 235 and 237 North Third street. The building was five stories in height, with an iron front. The structure, with the exception of the second and third floors, was occupied by Mr. Rob-erts. The flames originated in the rear por-tion of the first storv and spread rapidly. tion of the first story and spread rapidly. The alarm was promptly given, and the firemen were soon upon the ground, but before they could get well into service the building was almost completely enveloped in flames. Mr. Roberts had on hand an extensive stock, the most of which was de-stroyed or ruined. The second and third stories and a portion of the basement were occupied by Messrs. James, Kent, Santee & Co.

The loss of Mr. Roberts is estimated at \$140,000, which is insured in city companies. The flames burned fiercely and soon communicated to the store on the north, Nos. 239 and 241—a structure similar to that oc-'cupied by Mr.Roberts—occupied by Messrs. James, Kent, Santee & Co., importers, job-bers and wholesale dealers in dry goods. The upper stories, with their contents, were entirely burned out. The firm had been getting in some spring goods, and the stock was one of the most extensive, if not the

largest, in the city. The estimated value of the stock of James, Kent, Santee & Co., was about \$500,000. The loss will be about \$500,000 and is in-sured as follows : American Fire -
