[Special Despatch to the Bulletin.]
WASHINGTON, February 28.—The Presidents of the Philadelphia, Wilmington and Baltimore and the Baltimore, and Ohio Railroads were to-day before the Committee on the proposed air line road to New York, and made strong arguments against the bill now before the Committee. They asked the Committee to call upon the Secretary of War and the Postmaster General and learn whether there was any necessity, as is alleged, for the said road.

They denounced the scheme as corrupt and said that attempts had been made to blackmail the present roads. The arguments are now closed, and the Committee will shortly decide in the matter.

The Senate Finance Committee, who have been considering the Naval Appropriation bill, have restored nearly all the appropriations for Navy Yards, which the House struck out. The committee as certained that the appropriations were absolutely necessary for the Naval service.

The Ways and Mean's Committee have agreed to report a bill reducing the tax on incomes somewhat and to put a tax of five per cent. per pound on cotton. An effort will be made to put a drawback of two per cent, on all cotton for home consumption.

Motions to postpone indefinitely, and to postpone the bill until to-morrow, were made and lost. The bill will probably pass Proposed Reduction of the Income Tax to-day, as its friends assert that its opponents only have a factious opposition to it, which is costing the State much money by these protracted debates.

Mr. Pershing insisted on the amendment by which they would be required to pay a bonus of half of one per cent, to the Com-monwealth, in four annual installments. He said it was notorious that bills of this character have been hawked around New New York for sale. Officers of the Commonwealth had said that the State had lost two hundred thousand dollars by similar bills, which have been passed in previous years, without requiring any bonus to be paid to the State.

Mr. Lee said the Governor would be satisfied with one-fourth per cent.

Mr. Crosland moved to make the Companies pay a bonus of one-fourth per cent. on their capital stock at the same time that they took out their charter, instead of making payment in four annual installments, which was agreed to, and the following bills then passed. THE SIXTH WARD FIRE.—The ruins of the stores of Geo. H. Roberts and Messrs. James, Kent, Santee & Co., on North Third will be made to put a drawback of two per ent, on all cotton for home consumption.

From Nashville.

NASHVILLE, February 27th.—The river a falling with thirteen feet water on the heals.

Sames, Rent, Sames & Co., on North Third street, continue to attract a large number of persons. Some of the firemen were at work nearly all day yesterday in putting water upon some of the smouldering embers, or removing dangerous portions of the walls.

The loss of Mr. Roberts is estimated at \$40,000 as hear arrangements. 000 instead of \$140,000, as has erroneously been printed, and is fully covered by ince. There is one policy of \$10,000 in

the Fire Association.

The store No. 233, which was partially crushed by the falling of a wall of Roberts' store, was occupied in part by Thomas & Brother, dealers in notions. Their stock was valued at \$20,000, and it is nearly a total loss. There is a partial in surance on the stock. The second story was occupied by J. Eisenhower, ladies' shoe manufacturer. He had a stock valued at \$10,000, which was almost entirely lost. Insured for \$3,500 in the Spring Garden and \$3,500 in the Home Insurance Companies. The Franklin Insurance Company suffered to the extent of \$20,000 upon the of James, Kent, Santee & Co., and \$5,000 upon the stock of Smith & Shoemaker. The origin of the fire has not yet been as-

tion by Fire Marshal Blackburn. THE LAST OF WINTER.-This is the las day of the Winter of 1865-6. Although there have been several very "cold snaps" in the thermometer was lower than it had been for years previous—the winter, genrally speaking, has not been a severe one. There has been but little sleighing and the lovers of skating have not had so much chance as they had during the previous winter season. There has been much fine weather and the mildness of the season, although it has abridged the enjoyment of those fond of winter sports, and has not materially helped the business of the ice dealers, has resulted advanta-geously to the poor people. Notwithstand-ing the high prices of fuel and the necessa-ries of life, there has not been as much suffering among that class of persons as was anticipated. The cold weather is not over yet, however. March is always a blustry month, and our benevolent citizens should

not forget those who are in distress. THE INJURED FIREMEN.—The Society for the Relief of Disabled Firemen voted the sum of \$580 for the firemen who were injured at the conflagration on Monday evening, and also to those who were injured at the fire at Water and Vine streets on the night of the 29th of January last.

In addition to those mentioned vesterday r. John Saddler, a member of the Human Hose Company, was seriously injured by falling through a hatchway in the establishment of James, Kent, Santee & Co. Peter Bumm, aged 26 years, residing on Darier street, below Girard avenue, was admitted into the Pennsylvania Hospital, yesterday afternoon, with his right leg broken and also badly injured internally. The injured man belonged to the United States Hose, and was among those who fell through the burning building on Monday evening.

THE LINCOLN INSTITUTE.—The first business meeting of the Lady Managers of this admirable charity was held yesterday. The meeting was opened with an appropriate prayer by Rev. Richard Newton, D. D., after which the following officers were

elected: President-Maj.-Gen. Geo. G. Meade. Vice President—William G. Boulton, Esq. Treasurer—Morton McMichael, Jr., Esq, Secretary—John L. Redner. An efficient Building Committee was also

A preamble and resolution protesting against such a course was adopt-ed, and will be submitted to the committee of Councils, this evening.

PICKING POCKETS .- Wm. H. Watkins was arrested yesterday afternoon upon the charge of having picked the pocket of a man at Eighth and Filbert streets. A pocket book, which was stolen, was found by the feet of Watkins. The accused was committed, in default of \$1,500 bail, by Alderman Beitler.

THE SCHOOL-SHIP SABINE. - The practhe School-Ship Sabine,—The practice-ship Sabine, now at New London, Ct., has about three hundred and fifty naval apprentices on board. The boys are in a splendid state of discipline, and their health is also very good, only two per cent. being on the sick list. A steam launch has been procured for the use of the ship, and any of the boys who may show an aptitude for it, can be instructed in the rudiments of steam engineering. The launch is under the engineering. The launch is under the charge of Third Assistant Engineer, J. W. Briggs. A large proportion of the candidates for admission on board the Sabine are refused, as Captain Lowrey makes it a rule to receive no boy who is not perfectly will-ing to enter the service; neither does he reeive weak and effeminate or bad and incorrigible boys.

A VERY PLEASANT ramily party took place in Selma, Mass., a few days ago, at the residence of one of the oldest citizens. He invited his children, with their families, to dine with him on the anniversary of his birthday. Under the plate of each law and each daughter and daughter-inlaw there was a check for \$5,000. The grandchildren were generously remembered, and even the domestics were not forgotten. About forty thousand dollars were required to carry out this arrangement.

THE Supreme Court of Nevada has reaffirmed its late decision that the Specific Contract Law is unconstitutional, and that greenbacks must be accepted at par in paynent of debt; and the merchants, bankers, &c., have re-affirmed their decision that shoso offers greenbacks shall be branded as no better than a thief, and be ruled out in all future business transactions. The situation is exciting, and the whole Pacific coast is stirred by the discussion of greenbacks vs. gold.

WESTERN papers are full of accounts of religious revivals. Nothing like this excitement has been seen since 1858.

ROGERS AGAIN IN THE FIELD.

Raymond versus Seward.

Rogers Repudiates One of the Debts--Not Quite Sure Which.

XXXIXth CONGRESS_FIRST SESSION HOUSE.—The House resumed the conside-

ration of the proposed Constitutional Amendment.

Mr. Davis (N. Y.) being entitled to the floor, Mr. Stevens asked him to yield, in

order that he might have an important document read.

Mr. Rogers (N. J.) rose at the same time to a personal explanation. He said he was represented by the Associated Press as endorsing in his speech on Monday, the speech of William H. Seward in New York. He did not endorse him or his speech, but

Henry J. Raymond. No name having been mentioned, the reporter naturally fell into a mistake. He had not yet forgotton the tinkling of Mr. Seward's bell, and should be ashamed to endorse him or his speech, and let it go before his constituents. Mr. Stevens—He did not endorse Mr. Sward. He endorsed me and Mr. Ray-

Mr. Rogers, (correcting himself, amid much laughter). I mean the rebel debt. Mr. Washburne (Ill). The gentleman desires to be reported distinctly, as opposed to the payment of the Federal debt. [Laughter]. Mr. Rogers—I am not. I am opposed to the payment of the rebel debt, but I am in

favor of taxing the Federal debt.

Mr. Stevens now wished to have his document, which had been sent to the Clerk's desk, read.

Mr. Davis refused to yield for the purpose.
