A stated meeting was held yesterday af-

SELECT BRANCH. Mr. Bumm presented a committeation from George Smith, No. 709 Thompson street, who offers to clean the streets of the street, who offers to clean the streets of the city for five years, for the sum of \$30,000 for the first three years, and \$70,000 for the last two years of the said term. The party offers to give ample security to the city for the type of his contract.

performance of his contract.

Mr. Bumm another, signed George Hankinson, the writer of which agrees to clean every main paved street in the city once a week, and every alley once a month, for the sum of \$80,000 a year, giving sufficient feourity that the work shall be performed.

Mr. Ritchie presented a petition asking for the compulsory removal of certain coal oil works in Belgrade street.

A long petition, numerously signed, was offered, asking for the removal of the railroad track on Broad street. A series of resolutions from the Board of Health, (printed in our issue of yester-day,) relative to the bad condition of the

streets, were offered. ... Mr. Spering and others pronounced the resolutions disrespectful. Tesolutions disrespectation. The resolutions, by vote of the Chamber, were returned to the Board from which they

emanated. The bill from Common Council authorizing the Mayor to contract for the cleaning of the streets of the city, made the specia order of the day, was now taken up.

Mr.Hopkins moved to amend by striking

out the words, "the Mayor of the city," and insert "Chief Engineer of streets" in the Mr. Gray reminded the Chamber of the magnitude of the failure that has always

attended the contract system. Mr. Barlow thought it behooved him, as chairman of the committee, to say some-thing about the bill. His object was to benefit the tax payer and the health of the people. The speaker had framed a bill, which was the bill passed by Common Council, and now before this Chamber. Now let the Mayor contract with the best man who has made proposals to do this work, and with the power that this bill gives him we shall soon have what we so

much need. Mr. Gray still insisted that the bill he advocated does place the work under the supervision and control of the Mayor. Mr. Smith said that he liked this bill as

well as any other, barring that it authorized the Mayor to make the contract. A Mayor is not responsible to Councils; a head of department is. He would vote for the proposed amendment because it seemed only

Mr. King said that after the contracts are once made the position of street inspector is a sinecure. Almost every member of the Chamber has had, this afternoon, a contractor at his bow. They are all around us, looking out for this immense job. In New York the speaker had heard a contractor acts that he was called upon to put tractor say that he was called upon to put \$100,000 as a margin, and yet he didn't get the job. The speaker had no desire to vot for a bill making the contract here. He felt perfectly willing to have Mayor Mc-Michael make the contract. He had in him the most entire confidence, and didn't intend to compliment him either. He deserved it, and the whole community, he doubted not, thought with him. Strike out his name from the bill, and it is de-

Colonel Page said likewise. Remove the name of Mayor McMichael and the bill is inoperative. The difficulty in all our matters is the absence of all responsibility. Here it is fixed upon the Mayor, and nowhere could it better be reposed.

Mr. Freeman opposed the bill.
Mr. Hodgdon earnestly opposed the striking out of the name of Mayor McMichael
Tom the bill. Give to Mr. Bickley the contract, and to morrow morning he will begin the work. He has the wharves, the horses, and the men. If he cannot clean the streets and the men. If he cannot clean the streets for \$95,000 the city can lose nothing. Rather than see the name of the Mayor erased from the bill, he would see stricken off the name of the Street Inspector.

On the motion to strike out the name of

the Mayor, the vote was—16 nays to 8 yeas.
The amendment therefore fell.
Mr. Freeman then moved as a further amendment to the first section, to divide the city into four districts, instead of into ten. Mr. Gray moved to go into Committee of the Whole. This was lost by a large vote.

Mr. Spring moved now to amend, by diminishing the time to one year, so that a trial might be given to the plan. This was ost.
Mr. Gray moved a further amendment that before a contract shall be made the

no promises to any member of Councils to get the contract. Mr. Hodgdon pronounced this an insult to the Chamber.

The bill passed finally (every amendment

being lost), as it came from Common The bill providing for the sale of certain superfluous real estate belonging to the city, postponed at a previous meeting, was

taken up.
Colonel Page stated that there were se rions objections against the sale of the To-bacco Warehouse, included in the lot. When the tobacco trade is restored it will

to produce the interest of \$100,000.

Mr. Spering thought that now of all others was the time to sell real estate. The city Theorer can manage this property or get so much out of it as the interest of the money

it will bring.

Mr. King desired the property to be sold.

It doesn't pay 3 per cent.

The bill passed without amendment. The

Tobacco Warehouse, therefore, will also be sold, but the bill passed with the understanding that not less than \$100,000 will be accepted for it.

Mr. King offered a resolution requesting the Board of Health to communicate to Councils in what manner the \$20,000 appropriated some months ago was expended. The bill from Common Council appropriating \$1,300 additional for the extension of Vine street was then passed unanimously.
The bill from Common Council, intro-

a ducing certain fire alarm boxes, &c., passed COMMON BRANCH. The Mayor's clerk presented a communiresolutions passed by the Board of Health, declaring the streets of Philadelphia nui-

Mr. Harper moved to refer the communication to the Committee on Health.

Agreed to.

Mr. Dillon presented a petition from the Southwark Hose Company and citizens of Southwark, asking for the removal of the tracks on Broad street.

Similar ones from the United States Hose Company, the Shiffler Hose Company, the Hope Hose Company, the Vigilant Engine Company, were also presented.

Petitions of corresponding import were presented by every member of the Chamber, some members submitting three or four long strings of signatures. They were all referred to the Committee on Law.

Mr. Ray presented a communication re-

Mr. Ray presented a communication requesting the removal of a coal oil establish ent, at York avenue and Belgrade street,

The refuse from the works is emptied into Gunners' Run, and then is carried to the Eighteenth Ward Water Works and pumped up into the reservoirs. Referred to the Committee on Water.

The Fairmount Park bill was then

the Committee on Water.

The Fairmount Park bill was then called up.

Mr. Hancock's resolution to repeal the ordinance authorizing the purchase of ground

"Mr. Carroll, Colson, hence at Providence 28th ult, and the control of this port."

Schr W Carroll, Colson, hence at Providence 28th ult, and the control of this port.

adjacent to the Park was declared the subect of consideration.
Mr. Hancock said he was in favor of letting the people of the city know that Councils are right in one thing at least. It may be all right to pay \$300,000 for the land, but the money does not go into the pockets of the property owners. There is a margin of \$180,000 left for shysters, men who feed upon the public treasury and are nourished by the pap. These are the men who secured

the removal of the markets, and now they are hungry for the pickings of the Park appropriation. He knew them, he said, and if Select Council refused concurrence in the bill of Common Council, he would name them and give their names to the public. Mr. Harper called upon Mr. Hancock to define his position more clearly. It is useless to repeal the ordinance, but if men are plundering or trying to plunder the city treasury, the people should know who they

Mr. Simpson stigmatized the plan as a swindle, than which none greater has ever been presented to the people of the city. There are persons now trying to buy up the property at high rates, trusting to recover still higher prices from the city. There is a large margin in the purchase money. He believed the Court will set aside the verdict

of the jury.
Mr. Eyans demanded of Mr. Hancock the revelation of the names of the persons who are to receive the \$18,000.

Mr. Wolbert hoped the resolution of Mr. Hancock would pass. He did not be-

lieve that any sane man in Philadelphia to-day will say that the property had not been assessed at more than \$200,000 more than it is worth, including all the damage. He gave an instance in which a piece of property had been assessed at \$1,700 more than the owner rated it. The Chamber finally voted on Mr. Hancock's resolution, and passed it. This re-peals the ordinance authorizing the pur-

chase of the ground, as far as Common Conncil is interested. A communication was received from the City Solicitor stating that, in his opinion, Councils have no right to require the Board of Trustees of the city Gas Works to submit their books for inspection, beyond the monthly account of receipts and expendi-

tures, already obligatory upon the Board to furnish Councils.

The telegraph alarm was extended to the machine shops of Matthew Baldwin

Mr. Stanton, Chairman of the Committee on Port Wardens, reported an ordinance appropriating \$1,357 to widen Vine street wharf. Passed.

Mr. Harper offered a resolution requiring the city railroad companies to replace the stones displaced at the street crossings. Referred to Committee on Railroads.

Mr. Marting offered a resolution instruct-ing the Committee on Law when they report upon the legal right of the members from the First, Eighth, Ninth and Thirteenth Wards to their seats, to report what assessment the Sheriff has made hitherto in his proclamation: whether the Court of Common Pleas did not decide that the assessment made the year preceding the organization was to be taken, and what assessment the Supreme Court had before them when they supreme Court had before them when easy acted upon the Meeser case. Agreed to. Mr. Derbyshire presented a resolution re-questing the Legislature to pass a law pro-hibiting the sale of meats in the streets of

Philadelphia. Agreed to.

A resolution to approve the sureties of George F. Gordon, Commissioner of Street Cleaning, was then agreed to. Mr. Evans offered a resolution that the regular meeting of Common Council on

next Thursday be dispensed with, and the Chamber meet on Friday at 3 o'clock. Agreed to.
Mr. Evans offered a resolution instructing the Committee on Law to inquire by what right the Reading Railread paid into the city Treasury the sum of \$1,000 as car toll, on the City Railroad, instead of the regular tolls authorized by law, the committee to have power to send for persons and papers. Agreed to. Adjourned.

BOARD OF TRADE.
