DEATH OF A U. S. OFFICER.

The Fenian Excitement.

MONTREAL, March 9th .- The call for 10,000 men of the Canadian militia for active duty, made late on Wednesday evening, was enthusiastically responded to, and on Thursday morning news was received from all parts of the country that their quotas were ready for active service at a moment's notice.

There seems to be no doubt that three or four times the number could be raised at a day's notice.

The whole volunteer force of this city patrolled last night, and strong guards were posted at all the armories, and patrols were kept moving through the city all night. Every preparation is being made to guard against any Fenian surprise.

TORONTO, C. W., March 9.—The response vesterday for volunteers from all parts of the country was very enthusiastic. A much larger number offered their service than

was required. The Globe of to-day has a report that the plot of the Fenians is for a body of them to cross into Canada to take part in the public processions on St. Patrick's day. They will disturb the peace and distract attention while armed Fenian bands will make raids on the border.

Arrest of an Alleged Murderer. Boston, March 9th .- The Boston Herald publishes a long account of the discovery of the murderer of the two children Isabella N. and John S. Joyce, which took place in Bussy's woods, West Roxbury, on the 12th

of June, 1865. He was found to be a convict in the State prison, who had been sent there for a burglary committed in Worcester county shortly after the murder. His strange conduct when arrested led the officers to think he was a hardened criminal, and his subsequent boasting of large deeds performed by himself, together with some of his unguarded expressions gave the clue, which being followed up by two Worcester county officers has fastened the murder almost undeniably on himself. His partial confessions with the corroborative evidence obtained leave no doubt in the minds of the officers

of his guilt. His soubriquet is "Scratch Gravel." and his real name Charles Aaron Dodge, a native of Massachusetts, but has been a rover for 14 years, being now 27 years of age. He confesses to having hunted Indians in Florida, that he was sent to prison for life, for a murder committed in South Carolina, was pardoned, entered the rebel army, was captured in Morgan's raid into Ohio and Indiana, was paroled, afterwards enlisted in a Massachusetts regiment, deserted in a short, time, joined the United States navy, and afterwards served on several gunboats.

From Nashville. NASHVILLE, March 8.—A despatch has been sent from Granada, Miss., to Governor Brownlow, urging him to beware of assassination. It is believed to be a canard hatched for political purposes.

From Fort Laramie.

FORT LARAMIE, March 9.—Spotted Tail, Chief of the Beulah band of Sioux, came here to-day, and was received by Col. Maynardier with great ceremony. He came in to bring the dead body of his daughter, which was interred at the cemetery, at this point, with christian rites, the Chaplain performing the burial service-This is considered as a strong indication of the desire of the Sioux to make peace.

### OITY BULLETIN:

SCHOOL DEDICATION .- The new Institute for Colored Youth, on Shippen street above Ninth, was dedicated this morning. Quite a large audience was present. The exercises consisted of opening remarks by M. C. Cope, Secretary of the Corporation; address by Wm. Evans, Jr., a member of the Board of Managers; a dedicatory poem by Fanny M. Jackson, Principal of the Female Department; remarks by E. D. Basset Principal of the Institute; oration by O. V Catto, teacher in the Institute; essay by Caroline R. La Cruni, of class of 1863; dissertation by J. H. Davis, of Senior class; dissertation by Sarah F. Iredell, of Junior class; a dialogue by a class of small boys, and a recitation by a class of small girls.

The new building is a three-story brick, 51 by 80 feet, and cost about \$45,000. The northern portion of the lower floor is a primary school for boys and girls, and the southern portion a reading room and library. The second story is also divided into two apartments—one for a Boys' High School to accommodate 80 pupils, and the other for a Girls' High School for 100 scholars. The third story is divided into six large class-rooms for boys and girls. The wood-work is painted in imitation of maple, and the whole building presents a light and airy appearance. The institute is intended principally as a Normal School for the education of teachers to be sent

ATTEMPT TO THROW A TRAIN FROM THE TRACK .- A diabolical attempt to threw a train from the track of the Philadelphia, Wilmington and Baltimore Railroad was made on Wednesday night last. Some ten or fifteen rails which had been gathered up along the road were laid across both tracks, and several cross-ties were placed on top of The obstruction was in a cut just ington through train south, which was filled with passengers came along at a pretty good The cow-catcher on the locomotive struck the rails and cross-ties and scattered them in all directions. Some of them were thrown several yards and played havoc with

the fences along the road.

The engine kept the track, and thus any serious results from the obstruction were avoided. The locomotive was considerably njured. The perpetrators of such hideous crimes deserve the severest punishment. In this case the lives of hundreds of persons were endangered by a party who perhaps bad some slight private grievance against the railroad company.

THE WORTHINGTON MUSICAL ASSOCIA-TION.—This fine band of performers, under the musical direction of Mr. James E. THE ROOSA MURDER IN OHIO .- At Lebanon, Ohio, Samuel Covert has been convicted of the murder of the Roosa family. murder was one of peculiar atrocity and was enveloped in mystery. The Cin-

cinnati Times says:
The jury retired to their room, to deliberate on their verdict. At midnight ten of the twelve jurors had decided in favor of the verdict which was finally agreed upon; and at five o'clock this morning, the Court House bell broke the quiet and stillness of

House bell broke the quiet and stillness of the early morn, and soon the prisoner was brought in, and took his accustomed seat, nearly in front of the jury.

By his side, with her hand clasped in his, sat his faithful sister, who had perjured her soul to save her brother's life. But in vain had she forsworn herself and in vain had she faught her children the skillful lies by she taught her children the skillful lies by which she had hoped to rescue their uncle from an avenging justice.

And as the foreman of the jury gave in

the verdict "guilty" the wretched man who hitherto has remained passive and unmoved as a block of stone, dropped his head, cowered and fell over into his sister's arms, saying, "Not Guilty! Not Guilty!!"

A hushed and deadly silence prevailed throughout the court room. "In what dethroughout the court room. "In what degree of murder do you find the prisoner guilty? Of murder in the First Degree? Of the Second Degree? or of Man-

slaughter?" was then asked by the Judge of the foreman (Jacob Randall). Whereupon Mr. Randall handed him a sealed envelope with a slip of paper en-closed, on which was written, "Guilty of murder in the first degree!" THE LEAGUE ISLAND BILL.

From Washington.
[Special Despatch to the Bulletin.]

WASHINGTON, March 9.—General Custer arrived here to-day from Texas, where he has been in command of our cavalry for the last eight months. He does not give very glowing accounts of the condition of affairs

He says there is no loyalty outside of the military lines, and inside it is but mockery, and disloyalty is only kept down by fear of the military. He will testify before the Reconstruction Committee to-morrow.

The British Minister is a good deal alarmed over the Fenian excitement. He has the strong assurance of our Government that the neutrality laws will be

strictly observed. The House Naval Committee had again under consideration to-day the League Island matter, but came to no conclusion. Those in favor of New London are working earnestly to get the committee to report against the former place.

XXXIXth Congress-First Session. Washington, March 9. House.-Mr. Morrill (Vt.), from the Com mittee on Ways and Means, reported back the Senate amendment to the House bill to declare the meaning of certain parts of the Internal Revenue act of June 30, 1864. The amendment, which was to substitute the word "wherever" for "whenever," wascon-

curred n Mr. Farnsworth (Ill.), on leave, introduced a bill concerning the settlement of the accounts of army paymasters. Read twice and referred to the Committee on Military Affairs.
Mr. Ross (Ill.) offered a resolution, which

was adopted, instructing the Secretary of War to report how many volunteers, whose terms of service have expired, are still retained in the service, and why the 28th Illinois veteran volunteers are still kept in the service at Brownsville, Texas.

Mr. Julian (Ind.) from the Committee on Public Lands, reported, in reply to the resolution of the 26th of February, that the

clerk to that committee was fully occupied, in his duties.

Mr. Washburne (Ill.) suggested that further reports of this character the Clerk.
Mr. Ross objected. Mr. Ross objected.

The House took up the Senate bill to protect all persons in the United States; in the means of their vindication, on which the

. 10

main question was ordered yesterday. A motion to lay the whole subject on the able was lost; yeas, 32; nays, 118.

No Republican voted in the affirmative

Loss of a Brig.

New Haven, March 9.—On Tuesday afternoon last, the Brig Catharine Rogers, Captain Heaton, for Providence, R. I., with 200 tons of coal, from Elizabethport, N. J., went ashore in a gale on Cornfield Point Shoels off Westbrock, and sunk. Shoals off Westbrock, and sunk. Her crew were saved by heroic efforts on the part of Capt. Manwarring and his men,

of the Government light boat, stationed on the shoals above named. The vessel will probably prove a total loss. New York Stock Market. CITY BULLETIN. ACCIDENT TO A FIRE APPARATUS.-The horses atteched to the Reliance Steam Fire-Engine ran away, at Passayunk Road and Eighth street, last night. The apparatus was brought in contact with a telegraph pole, at the corner of the street and was overturned. The telegraph pole was demolished and the engine was considerably damaged.
