The bill regulating the Government of

Jamaica was passed. Fenian affairs are unchanged. Arrests still continue to be made. The London Times says it is understood that the Horse Guards have determined upon strengthen-ing their depot with battalions of infantry in Ireland, and they will shortly be aug-mented by the addition of several English and Indian depots, now attached to batta-

lions in England. In the French Corps Legislatif, during the debate on the first paragraph of the ad dress, Jules Favre denounced the withdrawal of the Extradition Treaty with England, and said he suspected the existence o

some political motive for the step.

M. Boher, Minister of State, asserted that the measure had no political significance. Notice had been given to termi-nate the treaty because it had no satisfactory result, but the French Government had not relinquished the hope of concluding an effective treaty.

M. Garnier Pages explained the amend-

New Jersey Legislature. TRENTON, March 18.—Mr. Scovel offered the following concurrent resolutions in the Senate yesterday, and they have since been

passed by a unanimous vote: Whereas, The cost of the necessaries of life, of food, clothing and rents have increased double and in many cases triple, since the war of the Rebellion began; whereas, The pay of the officers of the Navy has been otherwise reduced by taxation, by act of Congress and by executive orders, and knowing that the salaries of naval officers is by no means adequate to the expenses which their position in society at home and abroad re-quires; and since the officers of the Navy have no political representation in the country or in the Government, and since the nation can well afford to place this deserving class of the country's defenders, whose record is one of heroic self-sacrifice and of patient devotion, above the reach of want or embarrassment, therefore Resolved, That the Congress of the United

States be requested by us, as they have been requested by the Legislatures of other States, to increase the salaries of naval officers to a point adequate to the increase of expenses of the times, as suggested by their memorial

now before Congress.

Resolved, That a copy of this preamble and resolutions be sent to our Senators and Representatives in Congress, with the request that they will bring the just claims of the navy before Congress as speedily as

Pennsylvania Legislature.
