POBTLAND, Me., March 19, 8.30 P. M.— The steamship Peruvian arrived here tonight, with Liverpool advices of March 8th,

via Londonderry, March 9th.

The Moravian arrived at Liverpool on the 8th, the City of Baltimore arrived at Crookhaven and the Bremen at Southampton on the 7th. ton, on the 7th.

GREAT BRITAIN. The Atlantic Telegraph meeting has unanimously approved the arrangements of the directors for laying the cable this year. In the House of Commons, on the 7th, the annual bill for the abolition of church rates was debated. Messrs. Bright and Glad-stone spoke in favor of the question being compromised in some way or other. The bill was passed to a second reading by 285 to 252. The announcement was received with load cheering. It is thought that the vote indicates an early solution of the question, although the present bill will doubtless be rejected by the House of Lords, as

The Owl says the American Government has intimated that it is in possession of full information as to the movements of the Fenians in the United States, and will not permit any acts obnoxious to the British Government, of which its laws can take cognizance. Fenian affairs are unchanged. Important arrests continue. The Dublin Evening Mail says the number of prisoners committed in Dublin since the suspension of the habeas corpus, is one hundred and

seventy-three.
Satterthwaite's circular of the evening of March 7th, says the dealings in American securities have been on a somewhat limited scale. Towards the close of last week there was a strong disposition to buy Five-Twenty bonds, and on Saturday prior to the Aus-tralasian's news, they were bought up to 71, but have since receded on sales to realize profits, closing at 701. Railroad shares have sympathized in the downward movement. Illinois Central closing at 772@781, and

Erie 531@541.
The Morning Herald says a meeting of the supporters of Lord Derby was to be held, on the 8th inst., at the residence of the Marquis of Salisbury, but the Morning Post contradicts this announcement.

D'Israeli had proclaimed amongst his friends his readiness to assume the Government, with the obligation of bringing in his reform bill.

The Post now says that D'Israeli had made no such announcement.
Official returns of British exports for January show any increase of twenty-seven per cent, over those of January of last year. America took by by far the largest portion of the increase.

The French Government has issued a circular to all the maratime powers of Europe, requesting their support to the exhibition of fishing boats and implements, to be held at Archacon, near Bordeaux, in September next.
The Paris Bourse was unsettled at 69f, 67c.

The London Owl says a German crisis is imminent. The Prussian Government has despatched to Vienna a summons in respect to Holstein which is as peremptory in its tone as its demands. Bismarck is ready to face a war and its consequences, and Austria must at once take up the gauntlet or yield to the pretensions of Prussia in a somewhat ignominious manner.

The Paris Moniteur says a majority of the plenipotentiaries have already been invested

with the necessary powers to attend the conference relative to the Principalities, about to be held in Paris.

The Turkish corps of observation on the

Danube is stated at over twenty-two thousand men. The reserve corps, eighteen thousand men, is to be stationed at Schumla. It is stated that Austria will probably take precautionary military measures in Transylvania and Bukovina (?)

Liverpool, March 9.—The Times says:
"We have reason to believe that at the meeting of the Conservative party, held yesterday at the house of the Marquis of Salisbury, it was resolved that no opposition should be offered to the introduction of the Reform bill on Monday next, but durthe Reform bill on Monday next, but during the interval between its introduction and the second reading, which it was un-derstood would be fixed after Easter, the party would consider what course should be pursued, and Lord Derby would take another opportunity of meeting his sup-

The Post asserts that public feeling is dead about reform.

The *Iimes* continues to protest against dealing with parliamentary reform and leaving untouched small sores. Sir John Grey's motion for the Irish

Church has been fixed for Tuesday. The resolution proposes that the Church estab-lishment in Ireland is a grievous wrong to the people of that country, and its continued maintenance prevents them from having confidence in the justice or in the wisdom of

the government.
Of those arrested in Ireland under the suspension of the habeas corpus, forty-two are Irish-Americans, of whom four have

been discharged.
The Times says the English funds look weak, the market being influenced at present by the results of the difficulties of the the Joint Stock Discount Company, with regard to which nothing further of a definite character has yet transpired. The discount demand at the Bank of England continues heavy, all other establishments being disposed to restrict their transactions within the most coutious limits.

From Cuba and Mexico. NEW YORK, March 19.—The steamship Manhattan has arrived, with Vera Cruz dates of March 9, via Havana March 15.

The schooner Mathilda, with three hundred and seventy-five negroes on board, had been captured and brought into Havana. They had been to Cape San Antonio, and one hundred of them had been sold as slaves. Some twelve hundred slaves had been recently landed there. The mortality amongst them was quite heavy, and it is amongst them was quite heavy, and it is reported that some eighty bodies were lying at the Cape, food for carrion crows.
