From Washington. |Special Despatch to the Bulletin).

WASHINGTON, March 23.—Secretary Mc-Culloch has addressed a communication to the Ways and Means Committee, which, it s believed, will lead to an adjustment of the difficulty between the Committee and those members who are fighting his policy.

The Senate Committee to-day unanimously instructed the Chairman to report, a resolution to facilitate commerce between the States. He to-day notified the Senate that next week he intended to put in on its

passage. It seems to be conceded that Stockton will

be ousted from his seat. The Ways and Means Committee, after a session of three hours, agreed to report a loan bill which authorizes the Secretary to fund all maturing liabilities, and after six months to commence the funding of greenbacks at the rate of ten millions per month. This bill did not meet the approval of all the Committee. Mr. Hooper will move his bill as a substitute, which will probably be adopted.

From Fortress Monroe. FORTRESS MONROE, March 23.—The steamer Perit, from Mobile, for New York, put in here short of coal. Freights at Mobile were dull.

The coastwise steamer Ceres, had left for New Orleans, and the steamers Mrecedita and Gulf Stream were to have sailed for New York in ballast.
