C. M. BACADE LACTERED LARDER AND AND AND A FILL SHE

THE DAILY EVENING BULLETIN ; PHILADELPHIA, MONDAY, MARCH 26, 1866.

From New Orleans.

New ORLEANS, March 24.—Cotton weak and unsettled. Sales of 1,300 bales; receipts to-day, 1,350 bales. Low Middlings, 374. Gold, 124. Sterling, 334. New York Sterling, 334. New York Checks, discount. The high water has broken through the

levee. The French Government has issued pro-

posals for six million pounds of tobacco, which cannot be filled here as formerly. Three cargoes of Cuba sugar for St. Louis are detained at quarantine. The press calls for the removal of the quarantine, as there is no cholera or fever on the Mexican gulf. The French steamer Louisa brings a large number of Mexican letters and despatches for New York and France, and also special letters and despatches for the French, Belgian and Austrian Governments.

INDIAN AFFAIRS .- The Commissioner of Indian Affairs has been officially informed that the Cheyenne and Arrapahoes have agreed to go to Arkansas for the purpose of signing a treaty of peace. These Indians were preparing for an attack on the stock and property of the Overland Despatch Company, when the courier from Major Wynkoop arrived to invite them to meet for the above-named object. The Commis-sioner is in receipt of letters from Omaha, Nebraska, stating that all the Indian tribes are now at home and preparing for spring operations. The "prophets" announce that the unusual quantity of snow that fell during the winter is indicative of a prosperous and fruitful agricultural season.

SOUTHERN CLAIMS.—Certain persons re-siding in the so-called Confederate States during the rebellion, and who had a domi-cile in said States before the civil war and during its continuance, now come and de-mahd of the Government halances which mahd of the Government balances which they allege were due and payable to them before said civil war began, but the Second Comptroller of the Treasury had decided that they are not lawfully entitled to the payment of these balances. The laws of nations, the laws of Congress, and the deci-sions of the Supreme Court, he says, justifies that opinion.

AMERICAN VESSELS .- The United States Consul at Port Mahon, Minorca Island, un-der date of February 28th, informs the Department of State that the United States merchant vessels are eagerly sought after about the Mediterranean, and preferred by freighters to the vessels of any other nation. He says that within a very short time past American ships could have been chartered to advantage. The grain trade from the Black Sea offers profitable employment to American ship-owners, and is now nearly monopolized by the Greeks.

TREASURY DISBURSEMENT .-- Last week the Secretary of the Treasury made the fol-lowing disbursement on account of the hereinafter mentioned departments: \$7,789,702

War. - - -4,033,729 1,908,813 - - - - -Navy, -Interior,
