OFTY BULLETIN.

MARCH WEATHER.—The wind during yesterday and to-day has been very high and the atmosphere has become very chilly The thermometer at nine o'clock vesterday morning, indicated thirty-seven degrees, but the mercury then commenced descending. the mercury then commenced descending. At the same time this morning, at nine o'clock, it denoted twenty-five degrees. Last night the air was very fresh and cutting. Overcoats and shawls, which had almost entirely been laid aside, have been brought into use again. The gale yesterday had no regard for the quietness of the Sabbath. The wind whistled loudly, shutters were banged, window-sashes rattled, and huge signs were swung to and fro with a harsh, grating sound, very annoying to the ears.

Considerable damage was done about the city by the high wind. Awnings were ripped up and carried for some distance. Swinging signs were blown down, and in some instances which came under our notice, were hurled with great force a distance of several hundred yards. Fortunately the streets were almost entirely deserted during the principal portion of the day, or doubtless, many persons would have been injured. Unfinished buildings suffered greatly. Scaffolds were torn down, and chimneys and exposed portions of brickwork were demolished. At Twentieth and Carpenter streets, the roof of a house was hurled from its position.

The Delaware was exceedingly rough during the day. The ferry-boats could almost make the trip to Camden without steam, and were fairly blown into the docks at our sister city, while on this side of the water, great difficulty was experienced in getting in properly. Almost every vessel moored to the wharves along the river front of the city, were more or less damaged by riding violently against the docks.

ACCIDENTAL INSURANCE.—Major Cyrus S. Haldeman, late Assistant Adjutant-General of this district, we understand, has entered into a contract to sell accidental insurance policies to passengers in the various railroad trains, immediately upon their de-parture from the depots in this city. By the system introduced by Major Haldeman, the name and residence of each purchaser is name and residence of each purchaser is carefully registered by his agents and filed with the records of the company, so that in case of a fatal accident, the hittory of the transaction is preserved and the rights of heirs guaranteed. Thus, for a few cents, a traveler, whilst seated in the cars, can provide for his family a sum of money ranging from \$3,000 to \$10,000, in case of fatal injury, or a weekly compensation of from \$15 to \$50 for himself, in case he should be disabled

CITY MORTALITY.—The number of interments in the city during the past week was 285, against 341 during the same period last year. Of the whole number 138 were adults and 147 children—65 being under one year of age; 153 were males, 132 females, 80 boys and 67 girls. The greatest number of deaths occurred in the Nineteenth Ward, being 22, and the smallest number in the Sixth Ward, where only three were reported. The principal causes of death were—Apoplexy, 4; croup, 8; consumption, 42; convulsions, 14; diphtheria, 8; disease of the heart, 8; debility, 12; scarlet fever, 9; typhoid fever, 11; in-flammation of the lungs, 29, and old age, 9.

THE MOON PHOTOGRAPHED. - Among the latest wonders of photography are stereo-scope pictures of the moon, which show the n of Night" in bold relief, and with all her peculiarities of surface just as they all her peculiarities of surface just as they are seen through a first-class telescope. There are none of the strange plants, animals, &c., visible that were described by the ingenious Mr. Locke; but the seas, plains, mountains, craters, &c., upon the surface of the moon may be distinctly traced. Wm. Y. McAllister, No. 728 Chestnut street, has these curious stereoscopic pictures for sale. scopic pictures for sale.

The defendant was found secreted in the loft of a building in the same neighborhood on Saturday morning. O'Mealey was bound over in the sum of \$2,000 to answer.

RECEIVING STOLEN GOODS.—Levi Bernheimer and wife, residing near Seventh and Market streets, were held in \$3,000 bail and Market streets, were held in \$3,000 bail on Saturday, for a further hearing by Ald. Beitler, upon the charge of receiving stolen goods. Two pieces of unfinished cloth were found in the house by Detectives Taggart and Lamon, while engaged in searching for stolen property, and the officers received a very unsatisfactory explanation in regard to the goods.

FENIAN MEETING.-A mass meeting of the Fenian Brotherhood was held on Ssturday evening at the Academy of Music. Andrew J. Wynne, District Centre, presided. Speeches were made by Stephen J. Meany, General B. F. Mullen and P. A. Collins, of Massachusetts. Great enthusiasm prevailed among the audience. among the audience.
