h, entitled "A further supplement to the a consolidating the city of Philadelphia, fthe purpose of introducing a sufficient sply of fresh and pure water for the use the citizens of said city," has passed the

ECTION 1. Be it enacted by the Senate d House of Representatives of the Comonwealth of Pennsylvania, in General ssembly met, and is hereby enacted by le authority of the same, That it shall be wful for the city of Philadelphia to purise and hold in fee simple or for any less state any springs or streams of rater, or any water powers or privileges, or ny lands, tenements, and hereditaments to which any springs or streams of water or which any springs or streams of water or my water powers may be appurtenant, ituate or being wholly or in part in any one or more of the counties adjoining the city and county of Philadelphia, and to build, construct, and erect thereupon water-works, reservoirs, store-lakes, ponds, and so forth, for the collection, purification and preservation of the water from such springs and streams, and to purchase and hold lands through and upon which to make, build, construct, dig and lay viaducts, aqueducts, canals, tanks and water-pipes and mains, and every other apparatus suitable for the constant conveyance of the water from such reservoirs, store-lakes and places of collec-tion to the city of Philadelphia for the use

of the inhabitants thereof.

SEC. 2. That for the purpose of enabling the city of Philadelphia to carry out the measures authorized by this act, it shall be lawful for the agents, officers, engineers and servants of said city to enter upon and take possession of the lands, tenements, water powers and privileges, mills and dams of private owners (after amicable agreement as to compensation or tender of adequate security), and to construct thereupon and thereby such water works, reservoirs, storelakes, aqueducts, viaducts, water-pipes and mains, and so forth, and to dig, carry away and appropriate from other lands under like conditions as aforesaid, the earth, clay, sand, gravel, rock, stone, wood, and other materials necessary for the construction of the aforesaid works, reservoirs, store-lakes, viaducts, aqueducts, canals, water-pipes, and mains, or for the repair of the same from time to time, as may be needed, after their construction and completion as herein provided, and in the making, building, digging for, and laying the said viaducts, aqueducts, water-pipes, and mains, it shall be lawful to cross over under or at grade all creeks, rivers, streams of water, roads, streets, and highways, and to do all things necessary for the purpose of fully carrying out the objects contemplated by this act.

SEC. 3. That in case the owner or owners of lands, tenements through and upon which such pipes, trunks, aqueducts, reservoirs, store-lakes, and so forth, are laid and constructed, or the owner or owners of lands upon which it may be found necessary to enter for the purpose of digging, taking, and carrying away clay, gravel, and other materials necessary for the purposes contemplated by this act, or the owner or owners of any spring or springs, stream or streams of water which may be used and appropriated by the city as herein provided. or any person who may be injured by the diversion of the water used by said city, cannot agree with the said city upon the damages or compensation to be paid to the said owner or owners, it shall and may be lawful for the parties to appoint, or, in case the parties cannot agree, then, on applica-tion by the party complaining, the Court of Common Pleas of Philadelphia county shall appoint three disinterested and suitable persons, to ascertain and report, on oath or affirmation, to said court, what damages, if any, have or will be done by said city under authority of this act; which report having been returned and confirmed by said court, judgment shall be entered thereon, and execution may issue, in case of non-pay-ment, for the sum awarded, with reasonable costs, to be assessed by the court, provided that either party may appeal from such award to the court within twenty days after the same shall have been filed in the office of the Prothonotary of said Court of Com-mon Pleas of Philadelphia county, in the same manner as appeals are allowed in other cases, whether the said report was made by persons agreed upon by the parties or appointed by the court, upon which appeal such proceedings shall be had as in other cases of damages; provided that nothing herein contained shall authorize said company to enter on the land or appropriate the property of any individual unless the parties agree without first giving adequate se-

county of Philadelphia. Sec.4. That any person who shall wilfully destroy or injure in any manner the pipes, aqueducts, cisterns, reservoirs, hydrants, or any of the works belonging to said city, erected in pursuance of this act, or shall wilfully corrupt or otherwise render unwholesome the spring or springs, streams or streams of water which shall be conveyed or brought into said reservoirs, works, aqueducts, etc., by said city, or shall in any way pollute or render noxious or offensive the said water, every such person so offending shall forfeit and pay a sum not less than five nor more than one hundred dollars, at the discretion of the magistrate before whom sued, for, and to be recovered with costs in, the corporate name of the city of Philadelphia, in the same manner as debts of one hundred dollars or under are recoverable. the one-half for the use of the person who shall give information, and the other half for the use of the city; and if any person against whom such judgment shall be rendered shall neglect or refuse to pay the amount of such judgment, and no goods or chattels of such person can be found whereof to levy the same by execution, then such person or persons shall be committed to the ail of the county where he shall have been tried and convicted, for any period not less than one nor more than fifty days, at the discretion of the justice rendering such judgment, and shall, moreover, remain liable for the full amount of damages to the said city in any other action instituted by the city, and shall, moreover, be subject to indictment for the same.

curity for any damage they may occasion, to be approved by one of the judges of the Court of Common Pleas of said city and

THE DISMAL SWAMP CANAL.—The Secre tary of the Treasury, in a communication to the House of Representatives, calls attention to the condition of the Dismal Swamp Canal Company, in which the United States is a large stockholder, owning two-fifths of the entire interest in the work. The canal, he says, connects the waters of Albemarle sound with the Elizabeth river, and the Chesapeake and Delaware bay. It is an important means of inland communi cation between these points, both for private commercial, and for Government purposes. During the war the work was materially damaged, and, although now in use, it requires immediate repairs to preserve its exstence. The sum of \$200,000 seems required in order to carry on efficiently the busines of the company. Its officers have asked the assistance of the Government in raising that

THOMAS J. MUSGROVE was hung in Macon, Georgia, on Friday, for the murder of Isaac N. Armstrong, of the 145th Indiana Regiment, on the 27th of August. He was tried and sentenced by military commission. The doomed man made a long con-fession, in which he said the murder was done out of revenge. He had heard, while in prison at the North, of insults to Southern women by Federal soldiers, and he determined to have revenge. He enticed his victim into a road near Cuthbert, when he shot him and robbed him of what money he had on his person, then concealed his body in a bunch of brush. He seemed very penitent and prayed for forgiveness.

B in Reference to the Water Supply of Appointments of the New Jersey M. E.

ARRISBURG, March 28.—The following The New Jersey M. E. Conference ad-The New Jersey M. E. Conference adjourned yesterday. The following appointments were announced:

TRENTON DISTRICT.

K. Street: Foundry Church, Jas. T. Tucker; Willow Grove, to be supplied; Vineland, R. J. Andrews: Port Elizabeth, Henry G Williams; one to be supplied; Atlantic, Edward H. Durell; one to be supplied; Cape May, Socrates Townsend; Lower Cape May, Robert B. Sutcliffe; Cape Island, Albert

GREELEY ON WHAT A STATE CAN AND CANNOT Do.—In a recent speech at New York, Hon. Horace Greeley said: Let us consider, then, what are the dan-gers that now threaten us, and what are the all acies under which they lurk. First of all the cavil, the subtle quip, which says, "Once a State always a State," and we fought against the doctrine that a "State, might go out of the Union." You have a sort of Chi nese puzzle stated to you thus: "Do you admit that a State can go out of the Union?"
I answer, no; if you mean that a State can take part of the territory of this nation away from it, I don't admit it; but if you ask me whether a State may so behave as to deprive tself of all rightful power in the Union, I av ves, it can do it: for I have seen it done [Laughter and applause.] If to-day, for instance, any State in the Union, whether it has been loyal hitherto or not, were to form secret league with the Emperor Napoleon and give itself away to him, as the State of Tennessee, in the summer of 1861, did give itself away to the Confederacy, then, I say, that that State—that corporate political power called a State—would, by that act of selling itself to the Emperor Napoleon or any other Emperor, forfeit and divest itself of all its rights, powers, and privileges, as a member of this Union, to which it would be entitled while it remained member of the Union. It could not divest itself of its obligations, but it might divest tself of its prorogatives; just as you see illustrated in many familiar cases. For instance, an unfaithful husband may divest himself of his rights as a husband without divesting himself of his obligations as husband. So it is with a State. A State which sets itself against our country, which tries to destroy our country, which strives, by plot and conspiracy, and treaty, and battle, by every means in its power, to break up the country, is not a State in the Union with rightful powers to send Senators to the Senate, and members to the House of Representatives while it is in that condition

of anarchy. [Applause.]

MINING COMPANIES. DROSPEOTUS OF JACKSON SILVER MINING COMPANY OF COLORADO. GAPITAL, \$300,000. \$10 PER SHARE. Office, 431 Wainut street, Philadelphia, First Floor, Front, DIRECTORS, James B. Thompson. | A. R. Horter.

James B. Thompson, John Wiest, Charles Wannamacker, In subritting the claims of this Company to the consideration of the public, the undersigned deem it necessary to state that it is not their purpose to sell any more stock than just sufficient to procure the working capital to get their lede in successful working order. any more stock that jies stitlette to picture the working capital to get their lode in successful working order.

The "Jackson" lode is located on the side of McClellan Monniain, Argentine District, Clear Greek Cleilan Monniain, Argentine District, Clear Greek Cunty, Colorado. The lode consists of 1,600 fet in width, with perpendicular wall rock of pure grantle, with facilities for tunneling, shafting, mill sites and water privileges, equal to, if not superior to any other lode in the Territory. It has been purchased of the original discoverer of the "liver in the district in which it is iccated, and the tille is indisputable.

It is deemed unnecessary to refer to the already well established chars ter of the mineral wealth of Colorado. The testimony of Governor Gilpin, well known throughout Fennes I vanis and long a resident gof the Territory, given to the Philadelphia Board of Trade in Fep ember asst, is alone sufficient—to which, however, may also be added that of Mr. Eckfeldt, formerly of this city, and now superintendent of the branch Mint, of Colorado. Governor Alex. Commings, in his messe ge to the Legislature, after fully investigating the matter, says: "It issafe to assert that NOCOUNTRY IN THE WORLD can compare with Colorado in the abundance of mineral wealth contained within her borders. Even the owners hardly realize the facts which the assays demonstrate; every ton ef quartz is rich in ere."

That the "Jackson" lode is one of the most valuable in the richness of its product of pure Silver, surpassing not only the most noted in California and Meyada,

in the richness of its product of pure Silver, surpassing not only the most noted in California and Nevada some of the stocks of which are now selling at from not only the most noted in California and Nevana, some of the stocks of which are now selling at from \$500 to \$1,000 per share, and paying very large dvidenda—It is only necessary to refer to the following certificates of assays, of Garrett & Booth, and Dr. F. A. Genth, of this city. These assays were made from surface quartz, promiscuously selected. Besides which, the advantage in nearness of position, over those distant regions, adds to its value at least fifty per cent. There are now daily stages running to the Territory, making the passage in ten days or less, thus bringing the mine almost as easy of access as some of the coal mines of Pennsylvania.

It is the intention of the Company to proceed at once in procuring the most recent and best machinery, and, with the aid of an experienced resident Superintendent, to construct smelting furnaces on the Lyons' process, and put them into immediate operation.

President—JAMES B. THOM PSON.

Secretary and Treasurer—WILLIAM H. WILE.
JOHN SLAWSON (late of City Mines, Lake Suprior), Mining Engineer.

n equal to a value of \$85.25-100 in Gold.

I remain, yours truly.
