## CITY COUNCILS.

A stated meeting was held yesterday af-

SELECT BRANCH. A resolution was introduced by Mr. Spering to change the site of the new Court House on Sixth street in such manner that the front of sixty feet on Sixth street be ex-tended into the square, so that the building shall stand east, and west instead of north and south, provided that the additional cost shall not exceed \$8,000.

shall not exceed \$8,000.

Mr. Spering explained that the judges warmly urged a change of the present plan. The increased cost is caused by the enhanced accommodations, while the contractors are entirely willing to go on with the original work at contract price.

Mr. Gray opposed the passage of the resolution. He was opposed to the whole thing, It would be far better to spend \$100,000 to put up a proper building on Logan Square than to spend \$35,000 upon a side structure

A motion to refer to the Committee on City Property was not agreed to.
The resolution was ultimately passed-

yeas 15, nays 7.

Mr. Barlow offered a resolution requesting the opinion of the City Solicitor whether the Controllers of Schools have the right to pay for the erection of school-houses in certifi-cates of the school loan at par; and whether the Mayor may lawfully issue such loan for

the mayor may lawling issue such loan for the payment of such contracts. Adopted. Mr. Page presented a resolution providing for the appointment of a special committee of five to examine and report upon the man-agement and condition of the Philadelphia Gas Works, and that, to that end, the com-mittee be outborised. mittee be authorized to send for persons and papers, and to examine books and documents, in order to show the receipts and av penditures, the number of employes, and the salaries paid to them. Also, to ascertain what abuses exist, what they consist in and how they can be remedied.

Mr. Page spoke in support of his resolu-tion at much length. When a similar reso-lution was introduced into Common Coun-cil, it was objected to on the ground that the trustees of the Gas Works were gentlemen. The managers of the United States Bank were gentlemen, so were the directors of the Schuylkill Bank, and yet the sighs of the widow had not ceased, nor were the tears of the orphan dried that were caused by their mismanagement of the business intrusted to them. The Bank of Pennsylvania, the Moyamensing Bank, a host of saving funds and a legion of petroleum companies have been under the direction of "gentlemen," or by persons supposed to be gentlemen. Yet how wide-spread misery have these same gentlemen originated. The speaker read from the ordinance creating the trust to prove that Councils have the right to

make the investigation proposed, and also showed that the Chief Justice of Pennsylvania entertained like opinion.

Mr. King expressed the opinion that Councils have a full right to make the investigation desired. He was very glad of an opportunity to vote for it. The resolution is a portunity to vote for it. The resolution is a just one, and the public demand it; almost every day the newspapers are talking about the Gas Works. Everybody, the newspapers included, are in the dark concerning the management. The fact is that the trustees should transact their business as other bodies do, with open doors, that the press may chronicle their proceedings. It is now full twenty-five years since there was an audit of their accounts. It is high time that a little light was let into the Cimmerian darkness of the operations of the Gas Trust. Mr. Gray said that while he had implicit faith in the gentlemen having charge of the trust, he would yet vote for the investiga-tion. Gentlemen should remember, however, that this trust is a self-sustaining in-stitution, and that, like the business of a private firm, there are many things con-nected with their affairs that the public have no right to know. No business firm would like to hold a counting-house consultation with open doors. In the Gas Trust the speaker had implicit faith, and he was quite sure that the proposed inves-tigation would but increase their reputation

for diligence and efficiency in the care of the interest committed to them. The resolution was adopted. Mr. Freeman now offered a resolution. It asks the Legislature to pass a bill "to promote the more equal assessments of property in Philadelphia, in order to reieve the burdens of tax, payers." This was

The amendments to the bill making an appropriation to the Fire Department for 1866 were now insisted upon, and a commit-of conference was appointed.

The resolution from Common Council protesting against the passage by the Legislature of a bill giving Twelfth, Sixteenth and other streets to the uses of a passenger resilvent was concurred in

railway, was concurred in.

Also, a resolution for the opening of Columbia avenue, Montgomery avenue and Diamond street. A resolution directing the Chief Engineer

of the Water Works to prosecute the surveys and necessary examinations for bringing in the waters of the Perkiomen creek and its tributaries; to prepare plans and estimates of the same, as well as to examine other available sources of supply, and submit the same to the consideration of Councils, was then passed.

The bill from Common Council asking the Legislature to pass an act prohibiting the sale of meat on the streets of the city, between Reed street and Lehigh avenue and east of Fortieth street, on motion of Mr. Gray, was indefinitely postponed.

A resolution from Common Council directing the Board of Health to receive small-

pox patients from the Almshouse into the municipal hospital was agreed to. A resolution of inquiry into the excessive award for damages in the taking of the

ground at Landing avenue was passed.
Adjourned.
COMMON BRANCH.

The Highway Committee reported resolutions to pave Evergreen street, Twenty-sixth Ward, and Pearl street, Fourteenth

Ward. Passed.
The Committee on Poor, reported that the small-pox at present exists among the inmates of the almshouse. The population averages 3,000. Last week there were twenty-six cases there. This week there are eighteen. These are all cared for in a temporary building erected for the purpose, but entirely insufficient for the wants and comforts of the patients. The report closed with a resolution that the Board of Health be instructed to remove the patients to the

municipal hospital. Agreed to.

The Committee on Surveys, presented an ordinance for the construction of culverts on Nineteenth street and Hamilton street, Fifteenth Ward. Agreed to.
Mr. Derbyshire offered an ordinance locating the Taylor Hose as a steamer.

Mr. Nichols stated that the Committee of Fire and Trusts had considered the matter, and decided not only not to locate the Taylor Hose as a steamer, but to locate no more companies as steam forcing hose com-

panies.

Mr. Palmer advocated the location, and contended that the manufacturing interests of the Nineteenth Ward demanded the establishment of a steamer in that neighbor-Mr. Stanton also advocated the location,

stating that the largest manufacturing firms in the city have called upon him, recommending the immediate passage of such an order as that introduced by Mr. Derbyshire. The bill was defeated.

Mr. Hancock offered a resolution to ap-

point a committee of five from each Chamber to inquire whether improper influences sells at \$2.26; Pennsylvania, at \$2.25.

Sales at Philadelphia Stock Board.

Sales at Philadelphia Sto have not been used upon the jury lately dedding upon the price of the lands comprised in the new Fairmount Park property, by parties interested in the awards of the

members of the Legislature to vote for the repeal of a bill giving the Receiver of Taxes 5 per cent. on unpaid taxes.

The resolution to change the name of Broad street to Lincoln avenue came up.

Mr. Hetsel moved to indefinitely Mr. Hetsel moved to indefinitely post

pone. Lost. Mr. Hetzel moved to amend by naming it Johnson avenue, Lost.

The resolution then passed.

The Select Council ordinance changing

he position of the new court-house was taken up.

Mr. Colladay's communication respecting the change was read. He offers to do the extra work for \$7,890.

Mr. Willets advocated the resolution. The building as first planned would be placed opposite Sansom street. To change t will give completeness to the work. The old plan would obstruct the central view through the square. Mr. Harper objected. He was oposed to covering Independence Square with buildings, and this one would not be a credit to the city. The price for contract was too low, and the work could not be done for that price

that price.

Mr. Miller also opposed the resolution.
Its passage will abnegate the first contract, and instead of receiving a building for \$35-000, we will have to pay double that sum. The original plan is good enough. The judges approved it, and why should we go beyond the desire of the judges.

Mr. Harper moved to postpone indefi-

nitely. Agreed to. The bill for the laying of rails by the rairmount and Delaware River Railway, was passed, with the usual amendment that the Company keep the streets in repair.

A resolution to appoint a Committee of Conference on the Firemen's Appropriation The bill for the laying of rails by the Fairbill was agreed to. Also, a resolution requesting the opinion

of the City Solicitor respecting the right of the Controllers of public schools to build public schools.

Also, a resolution requesting the Legisla-

ture to equalize assessments. Adjourned. From our Third Edition of Yesterday

Treaty with the Dakotah Indians.
Washington, March 29th.—The treaty with the Chiefs and head men of the "Lower Brute" band of Dakotah and Sioux has just been officially promulgated. These Indians bind themselves not only to cease all hostilities against the persons and property of the whites, but to use their influence, and if necessary, physical force to prevent other bands of the Dakotah or Sioux or other adjacent tribes from making hostiledemonstrations against the Government of the United States the Government of the United States or its people. They also bind themselves to use their influence to promote peace among all classes and to withdraw from the overland routes. The Government is to pay them \$6,000 a year for twenty years and confer other benefits.

Consul Recognized.

Washington, March 29th, 1866. — The President has recognized Frederick Kane as Consul General of the Grand Duchy of Sax Weimer for the United States, to reside at New York.

XXXIXth Congress-First Session.

WASHINGTON, March 29, FENATE.—After the reading of the journal Mr Sum ter rose and said: SENATE.—After the reading of the journal Mr Sum ner rose and said:

Mr. President: I move that the Secretary of the Senate be directed to communicate to the Governor of the State of New Jersey, a copy of the resolution of the Senate in reference to the seat of Mr. Stockton.

The motion was agreed to.

Mr. Poland (Vt.) then rose and announced in a few words the death of his colleague (Mr. Foot). So brief at time had clapsed since this great sorrow occurred, that he had not had time to prepare an appropriate address, but he would ask the indulgence of the Senate to deliver one on some future occasion.

He offered a resolution, which was adopted, that the Senate translated of the senate to swear the usual badge of mourning during the remainder of the session.

The Senate, on motion of Mr. Trumbull, at 124

mainder of the session.

The Senate, on motion of Mr. Trumbull, at 12% o'clock took a recess until 1 o'clock.
At 1 o clock the funeral services commenced,
HOUSE.—Immediately atter the reading of the journal, the Secretary of the Senate appeared and presented a message from that body communicating the resolution adopted by it in reference to the death of Senator Foot

The resolutions having been read, Mr. Morrill (VL) said—I learn that the Senators were not ready to submitted only their remarks in relation to the character nitte day their remarks in relation to the common and life of the eminent Senator from Vermont, whose decease has just been communicated to the House.

The family were desirous to reach home this week, and therefore the funeral ceremonies cannot be deserted. I wish also to state that a portion of my colleagues are at the present moment absent. I trust hat, at some early day, an opportunity will be afforded to submit the usual eulogies on the life and puble servirus of the deceased. I offer the following resolutions:—

tions:—

Aesolved. That the House has heard with deep sensibility the announcement of the death of the Hon. Solomor Foot, a Senator in Congress, from the state of Vermont.

Resolved. That as a testimony of respect for the memory of the deceased, the members and officers of this House will wear the usual badge of mourning for thirty days.

mory of the deceased, the members and officers of this House will wear the usual badge of mourning for thirty days.

Resoured. That the proceedings of the House in relation to the death of the Hon. Solomon Foot, be communicated to the family of the deceased by the clerk.

Resolved, That this House will as a body repair to the senate chamber, to attend the funeral of the deceased at the hour of 1 o'clock, P. M. this day, and upon its return to the Hall, that the speaker declare the House adjourned.

Mr between (Pa.) moved that when the House adjourn to day it adjourn to meet on Monday next. The cusiness of some of the committees had accumulated, and it was desirous that they should have these two days to perfect their business.

Mr. Morrill remarked that the adjournment would not retard the business of the House.

Mr. Ashley (Ohlo) moved to amend by adjourning till saturday next.

After rome cross-firing, the amendment was agreed to, and then Mr. Ashley moved that the proceeding on Saturday be confined to general debate.

This motion requiring unanimous consent, Mr. Stevens objected.

Stevens objected.

The House then reversed its action in reference to the adjournment by reconsidering the vote on the mendment rejecting it and finally agreeing to Mr. Stevens's motion to adjourn till Monday next.

The House then took a recess till 16 o'clock, and at that hour went in a body to the Senate chamber, preceded by the Speaker and Clerk, the members wearing crape on their left arm. Subsequent to the ceremonies, the House adjourned till Monday next. Pennsylvania Legislature.

Pennsylvania Legislature.

HABRISBURG. March 29.

SENATE.—The Committee on Vice and Immorality. reported with a negative recommendation, the bill allowing Passenger Railway Cars to run on Sunday, and asked the adoption of a resolution declaring that the laws regarding the first day of the week, commonly called Lord's day, be left unchanged.

After considerable cebate, the resolution was amended by Mr. McConaughy so as to read that the laws should not be altered so as to allow the running of cars on that day, and the resolution then passed, by a vote of 23 ayes to 7 nays.

HOUSE.—A letter was received from Gen. Meade, regretting his inability to be tresent at the ceremonies incident to the visit of the of the orphans of soldiers to Harrisburg on the 18th of March.

Mr. Thomas made a personal explanation. He had stated in debate, on Wednesday evening, that in 1885, when the news of the victories had been received, the Democratic side of the House had not applanded. The statement had been questioned and he now desired to substantiate it by a written statement of Republican members of 1865, and by an extract froit the Harrisburg Telegraph of the same year.

Mr. Persbing denied the charge on behalf of Democratic so far as the item of the Telegraph was concerned. The same paper had twice asserted that Democratic members intended to revisit he last inauguration of Gov. Curtin by force, and would have done so, but for the presence of the military. This charge was natterly false, as was also one in reference to the silence of the Democracy when news of victory was announced.

Mr. Satterthwait then presented a written statement the tothe Democratic the Democratic that Democratic the Democratic that Democratic that Democratic that Democratic that Democratic the Democratic that Democratic the Democratic that Democratic that Democratic the Democratic that Democratic that Democratic that Democratic the Democratic that Democratic that Democratic the Democratic that Democratic the Democratic that Democratic the Democratic that Mn. Satterthwait then presented a written statement in the Democratic members of 1885, denying that their ide of the House had remained silent when victories yere announced.

wree amounced.

The Speaker, in view of the personalities that had been indulged in by sundry members, positively refused to allow any further personal explanations, either by Republicans or Democrats.

OPAL DENTALLINA.—A superior article for cleaning the Teeth, destroying animaleutize which infect them, giving tone to the gums, and leaving a feeling of fragrance and perfect cleanliness in the mouth. It may be used daily, and will be found to strengthen weak and bleeding gums, while the aroma and detersiveness will recommend it to every one. Being composed with the assistance of the Dentist, Physician and Micro copist, it is confidently offered as a RELIABLE substitute for the uncertain washes formerly in vogue. Eminent Dentista, acquainted with the constituents of the DENTALIINA, advocate its use; it contains nothing to prevent its unrestrained employment. Made only by
