THE ALMSHOUSE,-At the last meeting of the Board of Guardians of the Poor, a large increase in the pauperage of the Alms-house was reported, amounting to 596 over the number in the institution the previous year. This did not apply to the Insane de-partment, however, where, instead of an increase, there was a diminution of seven patients; the whole number under treat-ment, March 31, 1865, being 567, and on the natients; same date in the present year, 560. This is quite a subject of gratification.

The business of the whole institution yesterday exhibits something like a general average of the doings in pauperdom. There were four deaths; 1 from insanity, in insane department; 1 from chronic diarrhœa, and 2 from old age. There were 13 admissions, 49 discharges, while 9 eloped and 2 were bonud out from the childrens' asylum. The business of to-day will probably be much heavier in the way of discharges as it is regular committee day for that purpose, only however, for females.

This morning about one o'clock the Sixth Ward policecaptured two men named John McBride and John Kelley, while in the act of removing boxes from the front of the store of John B. Myers & Co., Aucthe sorre of some b. Myers & Co., Auc-tioneers. The prisoners, in explanation, stated that they had been engaged by parties employed in the establishments to remove the boxes, but an investigation by the police led to a different supposition. The yards attached to the dwellings of the acensed were found piled up with boxes, and it is thought that they have been making a regular business of stealing the boxes and selling them. The defendants were locked up at the Central Station, and have a hearing this afternoon.

ROBBING A VESSEL.-John J. Brown, Robert Hughes, William Lewis and James Diamond, were arrested yesterday after-noon, by officers Grimes, Girard, Morris and Denard, of the Harbor Police, upon the charge of having robbed a schooner lying off Gloucester, N. J., of a coat and some stores belonging to the vessel, and a silver-mounted revolver, the property of the cap-tain. The alleged thieves were in a sail-boat, and were pursued to the city by the captain of the schooner, who hailed the po-lice barge. The latter was started in pur-suit of the sail-boat, and after a hard pull and an exciting chase, succeeded in over-taking it off Cooper's Point. The stolen property was recovered, and the occupants Robert Hughes, William Lewis and James property was recovered, and the occupants of the boat were taken to Camden, and held for a further hearing by Justice Cassidy.

BOLD HOUSE ROBBERY,-The dwelling of Chas. Reynolds, No. 963 Warnock street, was entered last night through the front door, which had been left unfastened for Mr. Reynolds, who is a conductor on the Citizens' Passenger Railway. The thief proceeded to the upper part of the house, where Mrs. Reynolds and a child were sleeping, and took from the bureau two boxes containing about \$130 in money, a silver watch and chain and several articles of jewelry.

HIGHWAY ROBBERY .- This morning, about one o'clock, a man named Peter Knecht. while passing along Vine street. mear Thirteenth, was approached by a man who inquired the time. Mr. Knecht drew ont his watch, when it was immediately snatched by the other. The robbery was so sudden that the thief had got off some distance before Mr. Knecht recovered from his surprise. He then gave chase and fired

A DUEL IN MISSISSIPPI.—The following letter, written in Vicksburg, Miss., March 26th, comes with the name of the writer, as an assurance of the truth of his statements. The writer is unknown to us, and we print the story for what it is worth: "As I was going to my gin-house last Saturday morn-ing, one of my servants reported that some white men were fighting in the woods; I re-paired to the spot and saw six men, two of whom were fighting with swords. As I approached, the tallest of the two struck the other across the face with the blade, then partied and ran him through. He fell ex-claiming, 'Gentlemen, I am killed,' expiring in a few moments. The victor 'quietly wiped the blood from his sword with his handkerchief. Two of the men said, 'Colonel, you have finished that Yankee: he is dead come, let us mount and go; these Yankees will look after their dead friend.' A colored 'Gentlemen, my friends are in haste to go; is there anything I can do for you? I hope you consider this matter has been settled honorably.' The party rode off. I learned from the attending physician that the affray arose from a political quarrel. The victor was an officer in the rebel army, named Col. McIver; the slain. Major Tomlins, of Ver-mont, late of the U.S. A. Volunteers. This is only one of the many duels occurring here. If a Northern man comes South he must prepare to fight—he will have many opportunities."-N. Y. Tribune.

tunifies."—N. Y. Tribune. CHINESE COINS.—E. J. Lake, Esq., of Chi-cago, has secured from Rev. Justice Doo-little, for twenty years a Missionary in China, a complete set of Chinese cash, said to date from 245 B. C. down the present dy-nasty. The earlier specimens, before the time of Christ, are of most uncouth shapes, some resembling a razor, others a padlock, although the common shape is circular, with the customary square hole in the centre, for convenience in stringing. In size they vary from three inches in diameter and half an inch in thickness (in numismatic measurement, size 48) to coins of the size measurement, size 48) to coins of the size of the nickel cent. Accompanying the collection are a few samples of the old Chinese legal tenders, five-twenties and greenbacks, which to the ignorant eye might seem the wrappers of tea chests.

BAD TIMES AT PITHOLE. - The Pithole Record says: The collector has been busily engaged for nearly two weeks, and has not collected one-fifth of the taxes assessed, and there is a fair prospect that a large amount of the sum will be lost altogether, by parties leaving town and so disposing of their effects as to leave nothing for the collector to lay his hands upon. There is no dis-guising the fact that times are hard here now, owing to the extreme dullness in the oil market, and the feeling of insecurity in money matters caused by the recent heavy bank failures.
