Mr. Edward Pollett took his seat as Controller of the 3d section.

FEMALE FIGHT-A WOMAN STABBED.-Quite an excitement was created at Seventh and Pine streets last evening by a difficulty between a white woman named Annie Taylor, and two colored women, named Sarah Sibbs and Eliza Colter. During the quarrel the white woman was cut in the head She received a wound which may result fatally. She was conveyed to the hospital. The alleged assailants were arrested. This morning they were arraigned before Ald. Butler and were committed for a further

Hunter, Jr., a prominent member of the Corn Exchange Association, both residing at Germantown, were serenaded last night by the Liberty Cornet Band, under the supervision of a committee of the former organization. There was a lively time lively time.

SALES OF PRIZE VESSELS.—The whole amount realized by the sale of prize vessels and cargoes at this port during the war was \$4,546,772 91. It is an evidence of the care with which the appraisement were made that they amounted to \$4,341,556 64, very nearly equalizing the proceeds of the sales. nearly equalizing the proceeds of the sales

THE NEW TAX LAW.—The papers contain to-day the new amendments to the Internal Revenue I aw, and doubtless the various items will be carefully scanned by all who have taxes to pay. We carefully scanned by all who have taxes to pay. We hope too, that everybody will scan this paragraph, for it winds up with an honest eulogy. viz: a recommendation to all our readers to buy their coal at the establishment of W. W. Alter, No. 857 North Ninth street, or at his branch office, Sixth and Spring Gardon streets.

NEW BURGLAR-PROOF SAFE FOR THE NATIONAL STATE BANK OF CAMDEN.—The National Bank of Canden. has adopted the wise precaution of rendering its vaults doubly secure by ordering one of Marvin's celebrated Burglar proof bafes, of large size, and made in the best manner. Before its removal we had an opportunity of examining this splendid safe at Messrs. Marvin & Co.'s establishment, No. 72 Chestnut street, and were forcibly impressed with its superiority over other safes in use. In this opinion we seem to be sustained by a large number of public moneyed institutions and prominent private individuals who have recently been snoplanting their old viduals who have recently been snoplanting their old safes by the Marvin article. That the latter approximate more nearly to Fire and Burglar proof perfection than other safes made, we have not the slightest doubt. The ordinary fire-proofs made by Marvin & Co., are not only thoroughly fire proof, but perfectly dry, the filling being of dry plaster, mixed with small places of allum, never moulcing their contents or corroding the iron. This has been recently demonstrated by mixtuals.
